

RULING ENGLAND

1042–1217

RICHARD HUSCROFT

Ruling England 1042 1217

Jason Robert Ladick

Ruling England 1042 1217:

Ruling England, 1042-1217 Richard Huscroft, 2005 A new history of post conquest England which makes the new kingdom accessible through a focus on its kings and how it was ruled featuring the empire building dynasties The central theme of the book is the rise and fall of English kingship during this period and at its heart is the central question of how the ruler of the most sophisticated kingdom in 12th century Europe was eventually compelled to submit to the humiliation of Magna Carta at the start of the thirteenth The book also reaffirms the importance of high politics in English history No proper understanding of the wider aspects of medieval history social economic cultural is possible without a firm grounding in political events and this book covers these themes in depth *Ruling England 1042-1217* Richard Huscroft, 2016-01-08 Ruling England now in its second edition is a key text for students wishing to understand the complexities of medieval kingship in England from 1042 1217 Beginning just before the Norman Conquest and ending with the ratification of Magna Carta this book is divided into three parts Late Anglo Saxon England Anglo Norman England and Angevin England Richard Huscroft considers the reign of each king during these periods including their relationships with the nobility local government the courts and the Church and poses the central question of how the ruler of the most sophisticated kingdom in twelfth century Europe was eventually compelled to submit to the humiliation of Magna Carta at the start of the thirteenth This new edition has been fully revised and updated to take into account the latest scholarship Throughout the book key areas of historiographical debate are highlighted and analysed including nationhood feudalism and Magna Carta The narrative is supported by maps a genealogy of the kings of England a chronology a glossary and an introduction to the principal narrative sources and their authors to provide a thorough introduction to the political history of medieval England This book will be essential reading for students of English medieval history *The Norman Conquest* Richard Huscroft, 2013-09-13 The Norman Conquest was one of the most significant events in European history Over forty years from 1066 England was traumatised and transformed The Anglo Saxon ruling class was eliminated foreign elites took control of Church and State and England's entire political social and cultural orientation was changed Out of the upheaval which followed the Battle of Hastings a new kind of Englishness emerged and the priorities of England's new rulers set the kingdom on the political course it was to follow for the rest of the Middle Ages However the Norman Conquest was more than a purely English phenomenon for Wales Scotland and Normandy were all deeply affected by it too This book's broad sweep successfully encompasses these wider British and French perspectives to offer a fresh clear and concise introduction to the events which propelled the two nations into the Middle Ages and dramatically altered the course of history **Making England, 796-1042** Richard Huscroft, 2018-07-11 Making England 796 1042 explores the creation and establishment of the kingdom of England and the significant changes that led to it becoming one of the most successful and sophisticated political structures in the western world by the middle of the eleventh century At the end of the eighth century when King Offa of

Mercia died England was a long way from being a single kingdom ruled by a single king This book examines how and why the kingdom of England formed in the way it did and charts the growth of royal power over the following two and a half centuries Key political and military events are introduced alongside developments within government the law the church and wider social and economic changes to provide a detailed picture of England throughout this period This is also set against a wider European context to demonstrate the influence of external forces on England s development With a focus on England s rulers and elites Making England 796 1042 uncovers the type of kingdom England was and analyses its strengths and weaknesses as well as the emerging concept of a specifically English nation Arranged both chronologically and thematically and containing a selection of maps and genealogies it is the ideal introduction to this subject for students of medieval history and of medieval England in particular

Ruling England 1042-1227 Richard Huscroft, 2025-04-01 Since its first publication in 2005 Ruling England has established itself as an authoritative account of English politics and the growth of royal power from 1042 Using chronicle and administrative records it focuses on the aims and priorities of the kings of England and on how and why the systems which established and enhanced their authority developed during this period It explores how the machinery of government worked and grew and how the legal system evolved to consolidate royal control over the kingdom It also explores the contribution of the English Church to politics and how the partnership between king and clergy was crucial to the consolidation of royal power Now in its third edition Ruling England is a key text for students wishing to understand the complexities of medieval kingship in England from 1042 to 1227 It has been expanded chronologically to cover the minority of King Henry III and there are more extensive treatments of the interactions between the rulers of England and their British neighbours the role of women in English politics during this period and of the place in society occupied by England s Jewish communities

England in the Middle Ages: the Angevins 1154-1216 Peter Simpson, 2021-08-03 Following on from the popular first book in this series covering the Norman period The Angevins traces the establishment and growth of the English nation state Covering the reigns of Henry II Richard I and the infamous King John the narrative flows from the ending of the civil war known as the Anarchy to the First Baron s War and the Magna Carta With over 190 illustrations and maps the format has been designed to enable the reader to absorb the essence of the period This is a serious history book with easy readability The author s encyclopedic knowledge of the English Middle Ages has enabled him to delve into fascinating details of the time and the links with England today to be found in language institutions and places England in the Middle Ages The Angevins is ideal for scholars students visitors to England and for the general history reader

England in the Middle Ages Peter Simpson, 2019-07-30 Experience the fascination and excitement of this formative period in English history The Normans combine an authoritative account of the main events with the human stories of how people lived learned played prayed loved and were governed The format has been designed to enable the reader to absorb the essence of the period With over one hundred illustrations maps and time lines the emphasis was on writing a serious history book with

easy readability Peter Simpson's encyclopedic knowledge of the English Middle Ages has enabled him to delve into fascinating details of the time and the links with England today to be found in language institutions and places A lifetime of business study and research has enabled him to understand and relate the evolving architecture trade economics and science and technology of this formative period in English history England in the Middle Ages The Normans 1066 1154 is ideal for scholars students visitors to England and Normandy and for the general history reader *The House of Godwin* Michael John Key, 2022-03-15 The most powerful dynasty behind the throne of Anglo Saxon England shedding new light on events such as the Battle of Hastings **Seven Absolute Rights** Ryan Alford, 2020-05-21 For 150 years Canada's constitutional order has been both flexible and durable ensuring peace order and good government while protecting the absolute rights at the core of the rule of law In this era of transnational terrorism and proliferating emergency powers it is essential to revisit how and why our constitutional order developed particular limits on the government's powers which remain in force despite war rebellion and insurrection *Seven Absolute Rights* surveys the historical foundations of Canada's rule of law and the ways they reinforce the Constitution Ryan Alford provides a gripping narrative of constitutional history beginning with the medieval and early modern context of Magna Carta the Petition of Right and the constitutional settlement of the Glorious Revolution His reconstruction ends with a detailed examination of two pre Confederation crises the rebellions of 1837 38 and the riots of 1849 which as he demonstrates provide the missing constitutionalist context to the framing of the British North America Act Through this accessible exploration of key events and legal precedents Alford offers a distinct perspective on the substantive principles of the rule of law embedded in Canada's Constitution In bringing constitutional history to life *Seven Absolute Rights* reveals the history and meaning of these long forgotten protections and shows why they remain fundamental to our freedom in the twenty first century *The Bayeux Tapestry* John F. Szabo, Nicholas E. Kuefler, 2015-06-18 With over 1780 entries Szabo and Kuefler offer the largest and most heavily annotated bibliography on the Tapestry ever written

Historical Dictionary of the British Monarchy James Panton, 2011-02-24 The Historical Dictionary of the British Monarchy provides a chronology starting with the year 495 and continuing to the present day an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries on significant persons places events institutions and other aspects of British culture society economy and politics This book is a must for anyone interested in the British monarchy

The Norman Conquest Hugh M. Thomas, 2008 Exploring the successful Norman invasion of England in 1066 this concise and readable book focuses especially on the often dramatic and enduring changes wrought by William the Conqueror and his followers From the perspective of a modern social historian Hugh M Thomas considers the conquest's wide ranging impact by taking a fresh look at such traditional themes as the influence of battles and great men on history and assessing how far the shift in ruling dynasty and noble elites affected broader aspects of English history The author sets the stage by describing English society before the Norman Conquest and recounting the dramatic story of the conquest including the climactic Battle

of Hastings He then traces the influence of the invasion itself and the Normans political military institutional and legal transformations Inevitably following on the heels of institutional reform came economic social religious and cultural changes The results Thomas convincingly shows are both complex and surprising In some areas where one might expect profound influence such as government institutions there was little change In other respects such as the indirect transformation of the English language the conquest had profound and lasting effects With its combination of exciting narrative and clear analysis this book will capture students interest in a range of courses on medieval and Western history Kingship, Rebellion and Political Culture B. Weiler, 2016-01-05 Taking as its starting point two uprisings in England and Germany Richard Marshal in 1233 4 and Henry VII in 1234 5 this book offers a new take on the political culture of high medieval Europe Themes include the role of violence the norms of political behaviour the public nature of politics and the social history of political exchange

The Cursed Carolers in Context Lynneth Miller Renberg, Bradley Phillis, 2021-03-22 The Cursed Carolers in Context explores the interplay between the forms and contexts in which the tale of the cursed carolers circulated and the meanings it had for medieval and early modern authors and audiences The story of the cursed carolers has circulated in Europe since the eleventh century In this story a group of people in a village in Saxony skip Christmas mass to perform a circle dance in the cemetery only to be cursed and forced to keep dancing for a whole year By approaching the story in specific historical contexts this book shows how the story of the cursed carolers became a space in which medieval readers writers and listeners could debate the meaning and significance of a surprising variety of questions including ecclesiastical authority gender roles pastoral responsibility and even the conduct of crusades This consideration of the interplay between text and context sheds new light on how and why the story of the dancers achieved such popularity in the Middle Ages and how its meanings developed and changed throughout the period This book will appeal to scholars and students of medieval European history literature and dance as well as those interested in cultural history **Ethnicity in Medieval Europe, 950-1250**

Claire Weeda, 2021 An investigation into how racial stereotypes were created and used in the European Middle Ages Students in twelfth century Paris held slanging matches branding the English drunkards the Germans madmen and the French as arrogant On crusade army recruits from different ethnic backgrounds taunted each other s military skills Men producing ethnography in monasteries and at court drafted derogatory descriptions of peoples dwelling in territories under colonisation questioning their work ethic social organisation religious devotion and humanness Monks listed and ruminated on the alleged traits of Jews Saracens Greeks Saxons and Britons and their acceptance or rejection of Christianity In this radical new approach to representations of nationhood in medieval western Europe the author argues that ethnic stereotypes were constructed and wielded rhetorically to justify property claims flaunt military strength and assert moral and cultural ascendance over others The gendered images of ethnicity in circulation reflect a negotiation over self representations of discipline rationality and strength juxtaposed with the alleged chaos and weakness of racialised others Interpreting

nationhood through a religious lens monks and schoolmen explained it as scientifically informed by environmental medicine an ancient theory that held that location and climate influenced the physical and mental traits of peoples Drawing on lists of ethnic character traits school textbooks medical treatises proverbs poetry and chronicles this book shows that ethnic stereotypes served as rhetorical tools of power crafting relationships within communities and towards others *The Letters of Edward I* Kathleen B. Neal,2021 Detailed examination of the letters of Edward I reveals them to be powerful and sophisticated political tools Highly commended for the Royal Studies Journal Book Prize 2022 As formulaic in appearance as they are abundant in the archives it is easy to underestimate the power of the letters generated by medieval governments but these acts of communication were more than mere containers of information Operating at the intersection of the spoken and the written the performed and the observed they produced a discourse that maximized royal authority and promoted solidarity between sender and recipient This book situates letters within medieval theories of composition and habits of reception to argue that even mundane letters of governance were rhetorical texts It focuses on the example of Edward I of England whose rhetorical prowess was noted often critically by contemporaries It shows how the king s correspondence varied in tone vocabulary and structure across his reign and between recipients revealing an unexpected dynamism of political discourse Moving between historical context and close readings of individual letters this volume identifies letter writing as an art through which the king and his government attempted to negotiate and mould relationships with political communities and diplomatic interlocutors alike **Transnationalism in Ancient and Medieval Societies** Michael C. Howard,2014-01-10 While scholars have long documented the migration of people in ancient and medieval times they have paid less attention to those who traveled across borders with some regularity This study of early transnational relations explores the routine interaction of people across the boundaries of empires tribal confederacies kingdoms and city states paying particular attention to the role of long distance trade along the Silk Road and maritime trade routes It examines the obstacles voyagers faced including limited travel and communication capabilities relatively poor geographical knowledge and the dangers of a fragmented and shifting political landscape and offers profiles of better known transnational elites such as the Hellenic scholar Herodotus and the Venetian merchant Marco Polo as well lesser known servants merchants and sailors By revealing the important political economic and cultural role cross border trade and travel played in ancient society this work demonstrates that transnationalism is not unique to modern times Instructors considering this book for use in a course may request an examination copy here **Dissent and Authority in Early Modern Ireland** Jane Wong,2019-07-10 Dissent and Authority in Early Modern Ireland The English Problem from Bale to Shakespeare examines the problems that beset the Tudor administration of Ireland through a range of selected 16th century English narratives This book is primarily concerned with the period between 1541 and 1603 This bracket provides a framework that charts early modern Irish history from the constitutional change of the island from lordship to kingdom to the end of the conquest in 1603 The mounting impetus to

bring Ireland to a complete conquest during these years has quite naturally led critics to associate England's reform strategies with Irish Otherness. The preoccupation with this discourse of difference is also perceived as the Irish Problem, a blanket term broadly used to describe just about every aspect of Irishness incompatible with the English imperialist ideologies. The term stresses everything that is wrong with the Irish nation. Ireland was a problem to be resolved. This book takes a different approach towards the Irish Problem. Instead of rehashing the English government's complaints of the recalcitrant Irish and the long struggle to impose royal authority in Ireland, I posit that the Irish Problem was very much shaped and developed by a larger English Problem, namely English dissent within the English government. The discussions in this book focus on the ways in which English writers articulated their knowledge and anxieties of the English Problem in sixteenth-century literary and historical narratives. This book reappraises the limitations of the Irish Problem and argues that the crown's failure to control dissent within its own ranks was as detrimental to the conquest as the Irish Problem, if not more so, and finally it attempts to demonstrate how dissent translated into governance and conquest in early modern Ireland.

The Peterborough Chronicle, Volume 1 Bernard J. Muir, Nicholas A. Sparks, 2022-12-06. The book consists of three parts: I Introduction including the history of research, detailed paleographical and codicological analysis and discussion of the other Anglo-Saxon Chronicle manuscripts and their textual relations; II The Critical Edition presenting the text in its immediate seventeenth-century manuscript context with notes; III The Modern English Translation including detailed historical and philological notes. A bibliography, indexes and extensive comparanda complete the book. This edition's translation and commentary greatly enhance the accessibility and research potential of one of the most important primary sources for the history, language and culture of Anglo-Saxon England.

Roots of Reform: Contextual Interpretation of Church Fittings in Norfolk During the English Reformation Jason Robert Ladick, 2021-06-10. This volume provides a thorough examination of the impact of the English Reformation through a detailed analysis of medieval and early modern church fittings surviving at parish churches located throughout the county of Norfolk in England.
