Rumba Auf Einen Herbst Roman:

Rumba auf einen Herbst Irmtraud Morgner, Rudolf Bussmann, Doris Janhsen, 1995 **'Wende' und 'Einheit' im Spiegel der deutschsprachigen Literatur** Frank Thomas Grub, 2008-08-22 Das zweibändige Handbuch ist die erste umfassende Gesamtdarstellung der literarischen Verarbeitung von Wende und deutscher Einheit Band I informiert zunächst ausführlich über den sich nach 1989 rapide verändernden Literaturbetrieb sprachliche Aspekte der Wende und wesentliche Feuilletondebatten Im Zentrum stehen exemplarische Analysen wichtiger Essays Tagebücher und Autobiografien Protokolle Erzählungen Romane Gedichte und Dramen u.a. von Christa Wolf Volker Braun Brigitte Burmeister Christoph Hein Weitere Kapitel setzen sich mit dem Phänomen der Ostalgie Figuren wie IM Ossi und Wessi häufig wiederkehrenden Metaphern und Motiven sowie intertextuellen Beziehungen auseinander Band II enthält die bisher umfangreichste thematisch ausgerichtete Bibliografie von Primär und Sekundärtexten Durch die systematische Betrachtung von Texten aller Gattungen wird das bisherige Bild der sogenannten Wendeliteratur in vielerlei Hinsicht korrigiert und erweitert *Entering History* Silke von der Emde, 2004 This book offers a thorough examination of the novels of Irmtraud Morgner 1933-1990 one of the most talented compelling and overlooked writers within East German feminist and avant-garde circles Using a combination of theoretical approaches including Adorno's aesthetic theories and Bakhtinian analyses of dialogism and the carnivalesque the author traces Morgner's engagement with postmodernist aesthetic strategies back to her efforts beginning in the early 1970s to pose questions about effective political practices Morgner's work sheds new light on the fraught relationship between GDR intellectuals and the state a hotly debated topic that marks most recent attempts to understand literary culture in the German Democratic Republic Situating Morgner's fiction at the intersection of postmodern and feminist theory this study also offers new evidence for viewing literature from the GDR as significantly more complex and aesthetically interesting than has been previously assumed **Strategies Under Surveillance** Geoffrey Westgate, 2002 Geoffrey Westgate offers a new understanding of Irmtraud Morgner by reading her as a specifically East German writer The book examines the literary strategies Morgner adopted with respect to pivotal cultural political developments in the GDR The study considers Morgner's career as a whole and uncovers texts which have not appeared in bibliographies of her writings and draws on new biographical material including the writer's Nachlass **Freipass** Volker Neuhaus, 2015 *Medieval German Voices in the 21st Century*, 2021-11-08 As witnessed by a tremendous upsurge in medieval research academic meetings innovative interpretive approaches enrolment numbers and public interest Medieval Studies are proving once again to be a vibrant field of investigations both inside and outside of academia Nevertheless there is a tendency among colleagues and administrators in the field of Germanistik German Studies to exclude the earlier period as an exotic and irrelevant subject matter The contributors to this volume all of whom teach at North American universities make a strong case for the paradigmatic function of medieval German literature for the general field of Germanistik and argue that many of the most recent changes

in our discipline related to the German Studies paradigm have been foreshadowed by Medieval Studies where interdisciplinarity comparative approaches the consideration of Mentalitätsgeschichte theology history art history even gender studies and the history of everyday life have often constituted the *conditio sine qua non* Some of the authors in this volume argue for the relevance of medieval German literature by investigating concrete cases taken from the Middle Ages others show how modern German literature has been deeply influenced by medieval texts The purpose of this volume is not to privilege medieval literature over modern literature but instead to reclaim the premodern period as an important and relevant field of investigation within contemporary German Studies *Encyclopedia of German Literature* Matthias Konzett, 2015-05-11

Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the *Encyclopedia of German Literature* includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings **Women and Gender in Central and Eastern Europe, Russia, and Eurasia** Mary Zirin, Irina Livezeanu, Christine D. Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes

Neighbours and Strangers, 2016-08-09 The 15 essays collected here focus on literary and cultural relations between Germany or Austria on the one hand and the neighbouring countries of eastern and southern Europe on the other with particular reference to the period since the Wende but also with a glance back to the period of German division Topics include the overarching theme of psychological political historical and geographical boundaries and the perspective offered by German writers from both East and West on Poland Russia and neighbouring countries Equally important to the contributors are specific authors who have crossed national and cultural borders such as Libuše Moníková Irena Breina Richard Wagner and Hans Bergel The role of memory Vergangenheit time and space are examined in the context of works by

Irmtraud Morgner Geoffrey Plow, 2006 This new assessment of the literary development of Irmtraud Morgner 1933 1990 liberates her from a critical straitjacket that has seen her early and middle period works as essentially constrained and thwarted by state prescriptions The author demonstrates that Morgner always had an organically evolving literary programme of her own He uncovers a writer with a vision of ideology and democracy as humanised intimate and personal Morgner's diaries are called upon to demonstrate how she rechannelled into her later work material that had been banned by the censor Morgner emerges as a figure whose work is deeply pertinent to our twenty first century preoccupations be they in the West or East The author advances powerful arguments for the value of six of her novels as key illustrations of her trust in the individual's capacity to give meaning to life without recourse to established ideological structures **Great German**
