The Circuit Francisco Jiménez,1997 A collection of stories about the life of a migrant family Cine, interculturalidad y políticas de género Giulia Colaizzi,Noël Burch,Teresa de Lauretis,Margarita Millán,Laura Mulvey,Paula Rabinowitz,2021-06-17 Este libro argumenta en favor de un trabajo crítico que haga hincapi por un lado en la Semiótica como Teoría general de la comunicación y de la producción reproducida socio ideológica y por el otro en la Teoría de género en cuanto Teoría del discurso dimensión crítica indispensable para una comprensión efectiva tanto de la subjetividad como del imaginario social Desde este punto de vista y en el contexto de la interculturalidad como base de toda formación cultural que resulta de la interacción de poderes distintos e históricamente específicos el estudio del cine es especialmente relevante para el análisis crítico de los lenguajes no verbales o no solo verbales y de la comunicación audiovisual Por eso es importante llevar a cabo una reflexión crítica sobre el cine que sea capaz de desentrañar su dimensión política en cuanto elemento productivo y no reproductivo o mimético del imaginario socio sexual de nuestra época **El-Hi Textbooks & Serials in Print, 2005** ,2005 **The Triple Bottom Line** Andrew Savitz,2006-08-08 The Triple Bottom Line is the groundbreaking book that charts the rise of sustainability within the business world and shows how and why financial success increasingly goes hand in hand with social and environmental achievement Andrew Savitz chronicles both the real problems that companies face and the innovative solutions that can come from sustainability His is a hard line approach to bottom line fundamentals that is remaking companies around the globe El-Hi Textbooks & Serials in Print, 2003 ,2003 **Xuxub Must Die** Paul Sullivan,2011-12-12 Today foreigners travel to the Yucatan for ruins temples and pyramids white sand beaches and clear blue water One hundred years ago they went for cheap labor an abundance of land and the opportunity to make a fortune exporting cattle henequen fiber sugarcane or rum Sometimes they found death In 1875 an American plantation manager named Robert Stephens and a number of his workers were murdered by a band of Maya rebels To this day no one knows why Was it the result of feuding between aristocratic families for greater power and wealth Was it the foreseeable consequence of years of oppression and abuse of Maya plantation workers Was a rebel leader seeking money and fame or perhaps retribution for the loss of the woman he loved For whites the events that took place at Xuxub Stephens's plantation are virtually unknown even though they engendered a diplomatic and legal dispute that vexed Mexican U S relations for over six decades The construction of official histories allowed the very name of Xuxub to die much as the plantation itself was subsumed by the jungle For the Maya however what happened at Xuxub is more than a story they pass down through generations it is a defining moment in how they see themselves Sullivan masterfully weaves the intricately tangled threads of this story into a fascinating account of human accomplishments and failings in which good and evil are never quite what they seem at first and truth proves to be elusive Xuxub Must Die seeks not only to fathom a mystery but also to explore the nature of guilt blame and understanding *Style and Ideology in Translation* Jeremy Munday,2013-05-24 Adopting an interdisciplinary

Empire Michael Hardt, Antonio Negri, 2000 Empire as Hardt and Negri demonstrate is the new political order of globalization Their book shows how this emerging structure is fundamentally different from the imperialism of European dominance and capitalist expansion in previous eras Rather today s Empire draws on the hybrid identities and expanding frontiers of U S constitutionalism Caliban and the Witch Silvia Federici, 2021-07-29 A groundbreaking work Federici has become a crucial figure for a new generation of feminists Rachel Kushner author of The Mars Room A cult classic since its publication in the early years of this century Caliban and the Witch is Silvia Federici s history of the body in the transition to capitalism Moving from the peasant revolts of the late Middle Ages through the European witch hunts the rise of scientific rationalism and the colonisation of the Americas it gives a panoramic account of the often horrific violence with which the unruly human material of pre capitalist societies was transformed into a set of predictable and controllable mechanisms It Is a study of indigenous traditions crushed of the enclosure of women s reproductive powers within the nuclear family and of how our modern world was forged in blood Rewarding allows us to better understand the intimate relationship between

modern patriarchy the rise of the nation state and the transition from feudalism to capitalism Guardian The Moral Imagination John Paul Lederach, 2010 John Paul Lederach's work in the field of conciliation and mediation is internationally recognized. He has provided consultation training and direct mediation in a range of situations from the Miskito Sandinista conflict in Nicaragua to Somalia Northern Ireland Tajikistan and the Philippines. His influential 1997 book *Building Peace* has become a classic in the discipline. In this book Lederach poses the question: How do we transcend the cycles of violence that bewitch our human community while still living in them? Peacebuilding in his view is both a learned skill and an art. Finding this art, he says, requires a worldview shift. Conflict professionals must envision their work as a creative act, an exercise of what Lederach terms the moral imagination. This imagination must however emerge from and speak to the hard realities of human affairs. The peacebuilder must have one foot in what is and one foot beyond what exists. The book is organized around four guiding stories that point to the moral imagination but are incomplete. Lederach seeks to understand what happened in these individual cases and how they are relevant to large scale change. His purpose is not to propose a grand new theory. Instead, he wishes to stay close to the messiness of real processes and change and to recognize the serendipitous nature of the discoveries and insights that emerge along the way. Overwhelmed by the equally important creative process. Like most professional peacemakers, Lederach sees his work as a religious vocation. Lederach meditates on his own calling and on the spirituality that moves ordinary people to reject violence and seek reconciliation. Drawing on his twenty-five years of experience in the field, he explores the evolution of his understanding of peacebuilding and points the way toward the future of the art. http://www.loc.gov/catdir/enhancements/fy0616/2004011794_d.html TechnoFeminism Judy Wajcman, 2013-05-20 This timely and engaging book argues that technoscientific advances are radically transforming the woman-machine relationship. However, it is feminist politics rather than the technologies themselves that make the difference. *TechnoFeminism* fuses the visionary insights of cyberfeminism with a materialist analysis of the sexual politics of technology.

Español actual, 1968 *The Road to Serfdom* F. A. Hayek, 2014-08-13 A classic work in political philosophy, intellectual history, and economics. *The Road to Serfdom* has inspired and infuriated politicians and scholars for half a century. Originally published in 1944, it was seen as heretical for its passionate warning against the dangers of state control over the means of production. For Hayek, the collectivist idea of empowering government with increasing economic control would lead not to a utopia but to the horrors of Nazi Germany and Fascist Italy. This new edition includes a foreword by series editor and leading Hayek scholar Bruce Caldwell, explaining the book's origins and publishing history and assessing common misinterpretations of Hayek's thought. Caldwell has also standardized and corrected Hayek's references and added helpful new explanatory notes. Supplemented with an appendix of related materials and forewords to earlier editions by the likes of Milton Friedman and Hayek himself, this new edition of *The Road to Serfdom* will be the definitive version of Friedrich Hayek's enduring masterwork.
