Richardson,2008-10-31 The approach that has helped thousands of learners memorize Japanese kanji has been adapted to help students with Chinese characters Remembering Simplified Hanzi covers the writing and meaning of the 1 000 most commonly used characters in the traditional Chinese writing system plus another 500 that are best learned at an early stage Of critical importance to the approach found in these pages is the systematic arranging of characters in an order best suited to memory In the Chinese

writing system strokes and simple components are nested within relatively simple characters which can in turn serve as parts of more complicated characters and so on Taking advantage of this allows a logical ordering making it possible for students to approach most new characters with prior knowledge that can greatly facilitate the learning process BOOK JACKET
