Born to Run Christopher McDougall, 2010-12-09 A New York Times bestseller A sensation a rollicking tale well told The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians the Tarahumara who live quietly in canyons and are reputed to be the best distance runners in the world in 1993 one of them aged 57 came first in a prestigious 100 mile race wearing a toga and sandals A small group of the world s top ultra runners and the awe inspiring author make the treacherous journey into the canyons to try to learn the tribe s secrets and then take them on over a course 50 miles long With incredible energy and smart observation McDougall tells this story while asking what the secrets are to being an incredible runner Travelling to labs at Harvard Nike and elsewhere he comes across an incredible cast of characters including the woman who recently broke the world record for 100 miles and for her encore ran a 2 50 marathon in a bikini pausing to down a beer at the 20 mile mark Run for Something Amanda Litman, 2017-10-03 From the e mail marketing director of Hillary Clinton s presidential campaign and the co founder of Run for Something comes an essential and inspiring guide that encourages and educates young progressives to run for local office complete with contributions from elected officials and political operatives My Life and Other Stories Bob Elles, 2013-05-14 Intelligence comes from ignorance as wisdom comes from naivet and there is nothing like gathering both from people who represent a diverse swath of nations throughout the world As cultures require contact with each other in order to grow and remain viable and not succumb to atrophy man too requires contact with men of different beliefs and practices No one nation or culture or religion has a hold on logic or is immune to extremism I feel blessed that Ive had the opportunity to absorb and learn about aspects of life that Im sure I wouldnt have learned otherwise In fact my whole belief system was changed over the past forty five years through this contact I began to do some research on my family and what I learned coupled with what I had experienced in my life

literally brought me to tears in gratitude and admiration and hopefully in wisdom If you like to sit down and listen to stories told by say an old friend an uncle or a person with wrinkles on his face grey in his hair and a sparkle of wisdom in his eyes coupled with a smile on his face then you should so bother If you dont then stop right here and go pick up and read a book on vampires or loves lost or whatever turns your fancy My life has been tragic and wondrous and I have what I call life lessons that I believe you will find helpful in your life Ill even go so far as to say that given even a fraction of introspection in you your life will be significantly altered after youve read this book I know that doesnt sound humble but I also know this to be true I have learned forgot and made up many a good story Keep this in mind when you read these chapters stories compiled within this book Are they all true Mostly with only the most embarrassing events removed An old retired Air Force fighter pilot once told me I have secrets only God and I know and thats the way it will remain No Way Home Tyler

Born to Run Bruce Springsteen,2017-09-05 In 2009 Bruce Springsteen and the E Street Band performed at the Super Bowl s half time show The experience was so exhilarating that Bruce decided to write about it That s how this extraordinary autobiography began Over the past seven years Bruce Springsteen has privately devoted himself to writing the story of his life bringing to these pages the same honesty humour and originality found in his songs He describes growing up Catholic in Freehold New Jersey amid the poetry danger and darkness that fueled his imagination leading up to the moment

he refers to as The Big Bang seeing Elvis Presley's debut on The Ed Sullivan Show. He vividly recounts his relentless drive to become a musician, his early days as a bar band king in Asbury Park, and the rise of the E Street Band. With disarming candour, he also tells for the first time the story of the personal struggles that inspired his best work and shows us why the song Born to Run reveals more than we previously realized. *The Truth and Other Stories* Stanislaw Lem, 2021-09-14

Twelve stories by science fiction master Stanislaw Lem, nine of them never before published in English. Of these twelve short stories by science fiction master Stanislaw Lem, only three have previously appeared in English, making this the first new book of fiction by Lem since the late 1980s. The stories display the full range of Lem's intense curiosity about scientific ideas as well as his sardonic approach to human nature, presenting as multifarious a collection of mad scientists as any reader could wish for. Many of these stories feature artificial intelligences or artificial life forms, long a Lem preoccupation; some feature quite insane theories of cosmology or evolution. All are thought provoking and scathingly funny. Written from 1956 to 1993, the stories are arranged in chronological order. In the title story, 'The Truth', a scientist in an insane asylum theorizes that the sun is alive. 'The Journal' appears to be an account by an omnipotent being describing the creation of infinite universes, until in a classic Lem twist it turns out to be no such thing. In 'An Enigma', beings debate whether offspring can be created without advanced degrees and design templates. Other stories feature a computer that can predict the future by 137 seconds, matter-destroying spores, a hunt in which the prey is a robot and an electronic brain eager to go on the lam. These stories are peak Lem, exploring ideas and themes that resonate throughout his writing.
