only restricted to tarot readers or oracle enthusiasts They have been created for the larger metaphysical community and would be of special interest to our energy workers and magick wielders They are appropriate for most ages including the very young and those who are wiser since they can be used for both personal rituals and to assist clients during various healing and or magick sessions The Celestial Rune Sigils represent a metaphysical spiritual or magickal toolbox with each sigil representing a different metaphysical tool Each sigil can be used in this way much as one would use a wand crystal or other spiritual tool There is a lot of freedom as to how precisely to apply each card and I hope that the practitioners who make use of this book will find their own intuitive ways of applying each of the sigils during their spiritual journeys and magickal rituals I appreciate any feedback comments and or reviews about this book as I am constantly striving to improve on the system and to make it relatable to all my fellow rune enthusiasts

Wild Soul Runes Lara Vesta,2021 This book is based on the premise that all of us possess the ability to receive divine information through rune practice Rather than explaining what the runes mean the book offers an interactive practice to discover the unique ways in which the runes speak to us and introduces the concept of the runes as beings rather than simply an alphabet or magical tools The book explores the history of the runes both in myth and through the connection with Old European archaeological findings which offers evidence for the idea that the runes have a feminine origin coming from the well of the Norns the female triple giantesses who represent the fates in Norse myth

The Book of Runes Ralph Blum,1982 *Rudiments of Runelore* Stephen Pollington,2008 This little volume provides a useful introduction and guide to the ancient runes of the Germanic peoples It discusses the origins and meaning of all the known runes and includes text and translations of rune poems and riddles from England Norway and Iceland as well as two short essays on The Norfolk TIW runes and The Brandon runes

Rune Mysteries Nigel Jackson,Silver RavenWolf,1999 This witches s rune kit is the creation of artist Nigel Jackson Rich with symbolic meaning on several levels the cards can be used for divination magick and personal growth
