signature form of organized crime The word spread through the hacking underground like some unstoppable new virus Someone some brilliant audacious crook had just staged a hostile takeover of an online criminal network that siphoned billions of dollars from the US economy The FBI rushed to launch an ambitious undercover operation aimed at tracking down this new kingpin other agencies around the world deployed dozens of moles and double agents Together the cybercops lured numerous unsuspecting hackers into their clutches Yet at every turn their main quarry displayed an uncanny ability to sniff out their snitches and see through their plots The culprit they sought was the most unlikely of criminals a brilliant programmer with a hippie ethic and a supervillain s double identity As prominent white hat hacker Max Vision Butler he was a celebrity throughout the programming world even serving as a consultant to the FBI But as the black hat Iceman he found in the world of data theft an irresistible opportunity to test his outsized abilities He infiltrated thousands of computers around the country sucking down millions of credit card numbers at will He effortlessly hacked his fellow hackers stealing their ill gotten gains from under their noses Together with a smooth talking con artist he ran a massive real world crime ring And for years he did it all with seeming impunity even as countless rivals ran afoul of police Yet as he watched the fraudsters around him squabble their ranks riddled with infiltrators their methods inefficient he began to see in their dysfunction the ultimate challenge He would stage his coup and fix what was broken run things as they should be run even if it meant painting a bull s eye on his forehead Through the story of this criminal s remarkable rise and of law enforcement s quest to track him down Kingpin lays bare the workings of a silent crime wave still affecting millions of Americans In these pages we are ushered into vast online fraud supermarkets stocked with credit card numbers counterfeit checks hacked bank accounts dead drops and fake passports We learn the workings of the numerous hacks browser exploits phishing attacks Trojan horses and much more these fraudsters use to ply their trade and trace the complex routes by which they turn stolen data into millions of dollars And thanks to Poulsen s remarkable access to both cops and criminals we step inside the quiet desperate arms race that law enforcement continues to fight with these scammers today Ultimately Kingpin is a journey into an underworld of startling scope and power one in which ordinary American teenagers work hand in hand with murderous Russian mobsters and where a simple Wi Fi connection can unleash a torrent of gold worth millions
