Running After Pills:

Running After Pills Amy Kaler, 2003-12-22 Extrait de la couverture Contraceptives are unique for their ability to stir up trouble between men and women old and young and members of different national identities As yet however there has been no nuanced account of the waves of change triggered by modern contraception in multiple domains of African social life This book fills that gap broadening our understanding of gender generation power and resistance Many Africans reacted hostilely to the colonial introduction of the pill and the Depo Provera injection seeing such technologies as part of the white colonial efforts to assert both control over African women's bodies and undercut patriarchal authority over fertility and childbearing Simultaneously some African women welcomed these technologies as ways to increase their own bodily autonomy from husbands and in laws The ambiguity of these technologies Were they means of oppression or emancipation Did they herald modernity or immorality generated controversies within marriages families and the nascent Zimbabwean nation **And So I Run** Jamie Doward, 2025-07-03 *And So I Run* is a story about running Jamie Doward uses running as an escape as a way to evade life's most painful realities As the marathon medals stack up a new obsession creeps in beating the clock needing to run a time a time that once attained would magically solve all of life's problems In a world where some self-medicate with alcohol or drugs Jamie finds his solace in marathon running each training run each race a desperate attempt to outrun depression shame and a sense of failure But *And So I Run* is more than just a story of a 26.2 mile obsession it's a celebration of life's absurdities and an uplifting story about how Jamie redefined his relationship with running Engaging and relatable with the marathon at its heart *And So I Run* speaks to all runners offering a raw witty and human exploration of how we cope heal and sometimes keep on just putting one foot in front of the other Contraception Donna J. Drucker, 2020-04-07 The development manufacturing and use of contraceptive methods from the late nineteenth century to the present viewed from the perspective of reproductive justice The beginning of the modern contraceptive era began in 1882 when Dr Aletta Jacobs opened the first birth control clinic in Amsterdam The founding of this facility and the clinical provision of contraception that it enabled marked the moment when physicians started to take the prevention of pregnancy seriously as a medical concern In this volume in the MIT Press Essential Knowledge series Donna Drucker traces the history of modern contraception outlining the development manufacturing and use of contraceptive methods from the opening of Dr Jacobs's clinic to the present Drucker approaches the subject from the perspective of reproductive justice the right to have a child the right not to have a child and the right to parent children safely and healthily Drucker describes contraceptive methods available before the pill including the diaphragm dispensed at the Jacobs clinic and condom spermicidal jellies and periodic abstinences She looks at the development and dissemination of the pill and its chemical descendants describes technological developments in such non-hormonal contraceptives as the cervical cap and timing methods including the rhythm method favored by the Roman Catholic church and explains the concept of reproductive justice Finally Drucker considers the future of contraception the

adaptations of existing methods new forms of distribution and ongoing efforts needed to support contraceptive access worldwide

Running After Antelope Scott Carrier,2002-02-28 The wildly various stories in *Running After Antelope* are connected and illuminated by a singular passion the author's attempt to run down a pronghorn antelope His pursuit odd funny and inspired is juxtaposed with stories about sibling rivalry falling in love and working as a journalist in war torn countries Scott Carrier provides a most unique record of a most unique life

The Collapse of Rhodesia Josiah Brownell,2010-10-27 In the years leading up to Rhodesia's Unilateral Declaration of Independence in 1965 its small and transient white population was balanced precariously atop a large and fast growing African population This unstable political demography was set against the backdrop of continent wide decolonisation and a parallel rise in African nationalism within Rhodesia *The Collapse of Rhodesia* provides a controversial reexamination of the final decades of white minority rule Josiah Brownell argues that racial population demographics and the pressures they produced were a pervasive but hidden force behind many of Rhodesia's most dramatic political events including UDI He concludes that the UDI rebellion eventually failed because the state was unable to successfully redress white Rhodesia's fundamental demographic weaknesses By addressing this vital demographic component of the multifaceted conflict this book is an important contribution to the historiography of the last years of white rule in Rhodesia

(Bio)Medicalization, Pharmaceuticals and Genetics Susan Bell, Anne Figert, 2015-02-11 In recent years medicalization the process of making something medical has gained considerable ground and a position in everyday discourse In this multidisciplinary collection of original essays the authors expertly consider how issues around medicalization have developed ways in which it is changing and the potential shapes it will take in the future They develop a unique argument that medicalization biomedicalization pharmaceuticalization and geneticization are related and co evolving processes present throughout the globe This is an ideal addition to anthropology sociology and STS courses about medicine and health **Rx Appalachia** Lesly-Marie Buer, 2020-05-12 Riveting A necessary book for those seeking to understand the opioid crisis and the broader political economy of which it is part Jessica Wilkerson author of To Live Here You Have to Fight Prescription opioids are associated with rising rates of overdose deaths and hepatitis C and HIV infection in the US including in rural Central Appalachia Yet despite extensive media attention there is a dearth of studies examining rural opioid use Challenging popular understandings of Appalachia spread by such pundits as JD Vance Rx Appalachia documents how women families and communities cope with generational systems of oppression Using the narratives of women who use or have used drugs RX Appalachia explores the gendered inequalities that situate women s encounters with substance abuse treatment as well as additional state interventions targeted at them in one of the most impoverished regions in the United States **More, Now, Again** Elizabeth Wurtzel, 2007-11-01 Elizabeth Wurtzel published her memoir of depression Prozac Nation to astonishing literary acclaim A cultural phenomenon by age twenty six she had fame money respect everything she had always wanted except that one true thing happiness For all of her professional success Wurtzel felt like a failure She had lost friends and lovers every magazine job she d held and way too much weight She couldn t write and her second book was past due But when her doctor prescribed Ritalin to help her focus and boost the effects of her antidepressants Wurtzel was spared The Ritalin worked And worked The pills became her sugar the sweetness in the days that have none Soon she began grinding up the Ritalin and snorting it Then came the cocaine then more Ritalin then more cocaine Then I need more I always need more For all of my life I have needed more More Now Again is the brutally honest often painful account of Wurtzel s descent into drug addiction It is also a survival story How Wurtzel managed to break free of her relationship with Ritalin and learned to love life and herself is at the heart of this ultimately uplifting memoir that no reader will soon forget The Behavioral Addictions Edited by Michael S. Ascher M.D., Petros Levounis M.D. M.A., 2015-04-01 The Behavioral Addictions provides a pragmatic and engaging guide to help clinicians understand and contextualize conditions that may not be clearly delineated in the DSM 5 diagnostic system Although not accorded a specific classification the behaviors addressed in this book share the accepted hallmarks of addiction continued engagement in an action despite negative consequences and loss of control over one s own life The editors begin with an overview of the behavioral addictions from neurobiological theoretical clinical and forensic perspectives and then present 12 case studies focused on a variety of behaviors from exercising to Internet gaming

and from kleptomania to tanning These real life case studies are both fascinating and instructive and along with accompanying videos they help trainees and practicing clinicians alike to digest current research and gain hands on experience with the diagnosis and treatment of these conditions In the realm of behavioral addictions there is much work to be done figuring out reliable diagnostic criteria building useful assessment tools and developing effective psychosocial and pharmacological treatments to name a few critical tasks The Behavioral Addictions is an indispensable case based resource to guide clinicians in this rapidly changing field

Bitter Roots Abena Dove Osseo-Asare, 2014-01-13 For over a century plant specialists worldwide have sought to transform healing plants in African countries into pharmaceuticals And for equally as long conflicts over these medicinal plants have endured from stolen recipes and toxic tonics to unfulfilled promises of laboratory equipment and usurped personal patents In Bitter Roots Abena Dove Osseo Asare draws on publicly available records and extensive interviews with scientists and healers in Ghana Madagascar and South Africa to interpret how African scientists and healers rural communities and drug companies including Pfizer Bristol Myers Squibb and Unilever have sought since the 1880s to develop drugs from Africa s medicinal plants Osseo Asare recalls the efforts to transform six plants into pharmaceuticals rosy periwinkle Asiatic pennywort grains of paradise Strophanthus Cryptolepis and Hoodia Through the stories of each plant she shows that herbal medicine and pharmaceutical chemistry have simultaneous and overlapping histories that cross geographic boundaries At the same time Osseo Asare sheds new light on how various interests have tried to manage the rights to these healing plants and probes the challenges associated with assigning ownership to plants and their biochemical components A fascinating examination of the history of medicine in colonial and postcolonial Africa Bitter Roots will be indispensable for scholars of Africa historians interested in medicine biochemistry and society and policy makers concerned with drug access and patent rights
