**Kevin R. Salley**

## **Running For President The Candidates And Their Images:**

**The Candidate** Samuel L. Popkin, 2012-03-15 There are two winners in every presidential election campaign The inevitable winner when it begins such as Rudy Giuliani or Hillary Clinton in 2008 and the inevitable victor after it ends In The Candidate Samuel Popkin explains the difference between them While plenty of political insiders have written about specific campaigns only Popkin drawing on a lifetime of presidential campaign experience and extensive research analyzes what it takes to win the next campaign The road to the White House is littered with geniuses of campaigns past Why doesn't practice make perfect Why is experience such a poor teacher Why are the same mistakes replayed again and again Based on detailed analyses of the winners and losers of the last 60 years of presidential campaigns Popkin explains how challengers get to the White House how incumbents stay there for a second term and how successors hold power for their party He looks in particular at three campaigns George H W Bush's muddled campaign for reelection in 1992 Al Gore's flawed campaign for the presidency in 2000 and Hillary Clinton's mismanaged effort to win the nomination in 2008 and uncovers the lessons that Ronald Reagan can teach future candidates about teamwork Throughout Popkin illuminates the intricacies of presidential campaigns the small details and the big picture the surprising mistakes and the predictable miscues in a riveting account of what goes on inside a campaign and what makes one succeed while another fails As Popkin shows a vision for the future and the audacity to run are only the first steps in a candidate's run for office To truly survive the most grueling show on earth presidential hopefuls have to understand the critical factors that Popkin reveals in The Candidate In the wake of the 2012 election Popkin's analysis looks remarkably prescient Obama ran a strong incumbent oriented campaign but made typical incumbent mistakes as evidenced by his weak performance in the first debate The Romney campaign correctly put power in the hands of a strong campaign manager but it couldn't overcome the weaknesses of the candidate *Presidential*

*Candidate Images* Kenneth L. Hacker, 2004-10-30 This engaging look at presidential candidate images features a wide range of essays that dissect how these images are formed and manipulated during campaigns As more and more emphasis is placed on a candidate's persona and how it affects our voting decisions *Presidential Candidate Images* provides a variety of frameworks and cases for analyzing candidate images in past current and future elections **Primary Politics** Elaine Ciulla

Kamarck, 2019 This book explores one of the most important questions in American politics how we narrow the list of presidential candidates every four years The author focuses on how presidential candidates have sought to alter the rules in their favor and how their failures and successes have led to even more change **Public Funding of Presidential**

**Elections** United States. Federal Election Commission, 1994 **Running for President** Arthur M. Schlesinger, ed., 2004-08-01 Each election is covered in a short readable essay by a well known scholar who analyzes the election and focuses on the diverse styles tactics and techniques used by presidential candidates and their parties to woo the electorate Each essay is accompanied by 10 pages of full color illustrations Campaign artifacts banners posters ribbons buttons songs

and cartoons throughout the books Over 750 illustrations per volume      *Campaign Guide for Congressional Candidates and Committees*, 1982      *Combined Federal/state Disclosure and Election Directory*, 2000      *Do Running Mates Matter?* Christopher J. Devine, Kyle C. Kopko, 2020-05-15 The American vice presidency as the saying goes is not worth a bucket of warm spit Yet vice presidential candidates many people believe can make all the difference in winning or losing a presidential election Is that true though Did Sarah Palin for example sink John McCain s campaign in 2008 Did Joe Biden help Barack Obama win Do running mates actually matter In the first book to put this question to a rigorous test Christopher J Devine and Kyle C Kopko draw upon an unprecedented range of empirical data to reveal how and how much running mates influence voting in presidential elections Building on their previous work in *The VP Advantage* and evidence from over 200 statistical models spanning the 1952 to 2016 presidential elections the authors analyze three pathways by which running mates might influence vote choice First of course they test for direct effects or whether evaluations of the running mate influence vote choice among voters in general Next they test for targeted effects if that is running mates win votes among key subsets of voters who share their gender religion ideology or geographic identity Finally the authors examine indirect effects that is whether running mates shape perceptions of the presidential candidate who selected them which in turn influence vote choice Here in this last category is where we see running mates most clearly influencing presidential voting especially when it comes to their qualifications for holding office and taking over as president if necessary Picking a running mate from a key voting bloc probably won t make a difference the authors conclude But picking an experienced well qualified running mate will make the presidential candidate look better to voters and win some votes With its wealth of data and expert analysis this finely crafted study the most comprehensive to date finally provides clear answers to one of the most enduring questions in presidential politics can the running mate make a difference in this election      **Women for President** Erika Falk, 2008 A timely analysis of gender bias in press coverage of presidential campaigns      **Fraud of the Century** Roy Jr. Morris, 2007-11-01 In this major work of popular history and scholarship acclaimed historian and biographer Roy Morris Jr tells the extraordinary story of how in America s centennial year the presidency was stolen the Civil War was almost reignited and Black Americans were consigned to nearly ninety years of legalized segregation in the South The bitter 1876 contest between Ohio Republican governor Rutherford B Hayes and New York Democratic governor Samuel J Tilden is the most sensational ethically sordid and legally questionable presidential election in American history The first since Lincoln s in 1860 in which the Democrats had a real chance of recapturing the White House the election was in some ways the last battle of the Civil War as the two parties fought to preserve or overturn what had been decided by armies just eleven years earlier Riding a wave of popular revulsion at the numerous scandals of the Grant administration and a sluggish economy Tilden received some 260 000 more votes than his opponent But contested returns in Florida Louisiana and South Carolina ultimately led to Hayes s being declared the winner by a specially created Republican dominated Electoral Commission after

four tense months of political intrigue and threats of violence President Grant took the threats seriously he ordered armed federal troops into the streets of Washington to keep the peace Morris brings to life all the colorful personalities and high drama of this most remarkable and largely forgotten election He presents vivid portraits of the bachelor lawyer Tilden a wealthy New York sophisticate whose passion for clean government propelled him to the very brink of the presidency and of Hayes a family man whose Midwestern simplicity masked a cunning political mind We travel to Philadelphia where the Centennial Exhibition celebrated America's industrial might and democratic ideals and to the nation's heartland where Republicans waged a cynical but effective bloody shirt campaign to tar the Democrats once again as the party of disunion and rebellion Morris dramatically recreates the suspenseful events of election night when both candidates went to bed believing Tilden had won and a one legged former Union army general Devil Dan Sickles stumped into Republican headquarters and hastily improvised a devious plan to subvert the election in the three disputed southern states We watch Hayes outmaneuver the curiously passive Tilden and his supporters in the days following the election and witness the late night backroom maneuvering of party leaders in the nation's capital where democracy itself was ultimately subverted and the will of the people thwarted Fraud of the Century presents compelling evidence that fraud by Republican vote counters in the three southern states and especially in Louisiana robbed Tilden of the presidency It is at once a masterful example of political reporting and an absorbing read

**What Is a Presidential Election?** Douglas Yacka, Who HQ, 2024-07-02 This revised edition updated for the 2024 election explains American presidential campaigns and includes stickers activities and a color your own Electoral Map Who can run for president What are the differences between America's two major political parties Is the Electoral College really a college The newly updated What Is a Presidential Election answers these questions and many many more From stump speeches to campaign slogans debates to nominating conventions and finally to Election Night and Inauguration Day readers will learn all about what it takes to run for and win the most powerful job on earth Activities throughout prompt readers to think about the issues they care most about and consider what makes a good president sparking discussion with friends and family Includes a sheet of presidential bobblehead stickers and a color your own Electoral Map for the upcoming 2024 election

The 2020 Democratic Presidential Candidates Coloring and Activity Book Sonya Saturday, 2020-01-28 Congratulations America it's election season again Try to enjoy it with this highly entertaining coloring and activity book featuring almost all of the Democrats who decided to run for president in 2020 Featuring more than 60 pages of liberal fun for the whole family The 2020 Democratic Presidential Candidates Coloring and Activity Book is chock full of creative activities puzzles portraits and memorable quotes from both the Dems who actually have a shot of winning the nomination and the ones who should have never run in the first place So whether you need a good laugh or want an outlet for your existential rage this book offers an amusing diversion from the madness of the 2020 election

**US Presidential Elections and Foreign Policy** Andrew Johnstone, Andrew Priest, 2017-05-05 While domestic issues loom large

in voters minds during American presidential elections matters of foreign policy have consistently shaped candidates and their campaigns From the start of World War II through the collapse of the Soviet Union presidential hopefuls needed to be perceived as credible global leaders in order to win elections regardless of the situation at home and voter behavior depended heavily on whether the nation was at war or peace Yet there is little written about the importance of foreign policy in US presidential elections or the impact of electoral issues on the formation of foreign policy In *US Presidential Elections and Foreign Policy* a team of international scholars examines how the relationship between foreign policy and electoral politics evolved through the latter half of the twentieth century Covering all presidential elections from 1940 to 1992 from debates over American entry into World War II to the aftermath of the Cold War the contributors correct the conventional wisdom that domestic issues and the economy are always definitive Together they demonstrate that while international concerns were more important in some campaigns than others foreign policy always matters and is often decisive This illuminating commentary fills a significant gap in the literature on presidential and electoral politics emphasizing that candidates positions on global issues have a palpable impact on American foreign policy

**Grace for President** Kelly Dipucchio, 2024 Grace decides she wants to be the nation's first female president and starts her political career by running in her school's mock election

*Federal Election Campaign Laws* United States, 1997

**The Kid Who Ran for President** Dan Gutman, 2012 With his friend as campaign manager and his former babysitter as running mate twelve year old Judson Moon sets out to become President of the United States

**The Presidential Public Funding Program**, 1993

Predicting the Next President Allan J. Lichtman, 2011-12-16 Think that Richard Nixon lost the 1960 presidential election because he sweated on TV Or that John Kerry was swiftboated out of the presidency in 2004 Think again In *Predicting the Next President* political analyst and historian Allan J Lichtman presents thirteen historical factors or keys four political seven performance and two personality that determine the outcome of presidential elections In the chronological successful application of these keys to every election since 1860 Lichtman dispels much of the mystery behind electoral politics and challenges many traditional assumptions An indispensable resource for political junkies who want to get a head start on calling Decision 2012

Otto Runs for President Rosemary Wells, 2008 While the popular Tiffany and athletic Charles make increasingly outrageous promises in their campaigns for President of Canine Country Day School Otto quietly enters the race vowing only to try to do what students really want

*Special Notices on Political Ads and Solicitations* Kevin R. Salley, 1997
