## **Running On Empty Modernising The British And Australian Labour Parties:**

**The Australian People** James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation

**Running on Empty** Andrew Scott, 2000 Analysis of the changing ideas and functions of the British and Australian labour parties Places Tony Blair's New Labour in an historical context and challenges conventional assumptions about the future of the Blair government in Britain and the Labor Party in Australia Topics discussed include the changing social bases of the two parties ideological revision since the 1960s and various factions and their meanings Also provides an overview of the Labour Labor parties in office in both countries Based on the author's PhD thesis The author's other publications include Trade Unions and Young People and Fading Loyalties the Australian Labor Party and the Working Class Includes references and an index

**Labor's Conflict** Tom Bramble, Rick Kuhn, 2010-11-22 Once widely regarded as the workers greatest hope for a better world the ALP today would rather project itself as a responsible manager of Australian capitalism Labor's Conflict provides an insightful account of the transformations in the Party's policies performance and structures since its formation Seasoned political analysts Tom Bramble and Rick Kuhn offer an incisive appraisal of the Party's successes and failures betrayals and electoral triumphs in terms of its competing ties with bosses and workers The early chapters outline diverse approaches to understanding the nature of the Party and then assess the ALP's evolution in response to major social upheavals and events from the strikes of the 1890s through two World Wars the Great Depression and the post war boom The records of the Whitlam Hawke Keating Rudd and Gillard governments are then dissected in detail The compelling conclusion offers alternatives to the Australian Labor Party for those interested in progressive change

**The Life and Soul of the Party** Brett Evans, 2001 Out of office and at sea the federal ALP has spent the past five years facing up to the causes of its electoral failure and the lessons for the future But despite the soul searching this work states that it's not clear that Labour has come up with a convincing case for its return to government

*Neoliberal Labour Governments and the Union Response* J. Schulman, 2015-05-28 A cross country comparison of recent Labour Party governments in New Zealand Britain and Australia and an exploration of how those countries labour movements responded to their parties neoliberal policies in power

**Labour Traditions** Julie Kimber, Phillip Deery, Verity Archer, Nikola Balnave, Anne Beggs Sunter, Paul Williams, Peta

Belic, Robert Bollard, Verity Burgmann, Rowan Cahill, Frank Cain, Robert Corcoran, Drew Cottle, Angela Keys, Jacqueline Dickenson, Tony Duras, Tim Dymond, Nick Dyrenfurth, Peter Franks, Ian Harriss, Bill Robbins, Stephen Holt, Terry Irving, Tommy Khoshaba, Michael Lyons, Laurence W Maher, Max Ogden, Bobbie Oliver, Mikael Ottosson, Calle Johan Rosengren, Geoff Robinson, Joanne Scott, Kathryn Steel, Jonathan Strauss, Fay Woodhouse, 2007-07-01 The 10th National Labour History Conference held at the University of Melbourne on 4-6 July 2007 centred around the broad theme of Labour Traditions the conference offered papers talks and forum discussions on a range of topics involving presentations from leading scholars reflective activists and those who are still making our collective history as they speak John Faulkner Robert Ray John Cain and Wally Curran spoke at a forum on how the labour movement has conducted its internal debates over issues large and small Terry Irving organised a session on Popular Movements for Democracy in Early Australia Verity Burgmann assembled some very engaging speakers to commemorate the centenary of the founding of the IWW in Australia Phillip Deery organised an impressive array of people to talk and argue about the Cold War The blend of scholarly research and direct engagement in the field is reflected in the presentations on workplace health and safety by Yossi Berger Ray Markey Greg Patmore and Bill Shorten In addition to sessions on these special topics there were numerous informative and engaging presentations on individual subjects ranging from Bobbie Oliver on apprenticeship systems to Paddy Garrity on trade unions and the arts Here you will find the papers and abstracts from this conference Julie Kimber Peter Love and Phillip Deery eds Labour Traditions Proceedings of the tenth national labour history conference held at the University of Melbourne ICT Building Carlton Victoria Australia 4-6 July 2007 Australian Society for the Study of Labour History Melbourne 2007 ISBN 978 0 9803883 1 2 pp iii

224 **Building New Labour** M. Russell, 2005-03-21 New Labour was defined in part by wide ranging reforms to the party's internal democracy These included changes to how candidates and leaders are selected changes to policy making processes and a programme of quotas that transformed women's representation in the party In the first book to analyse all these reforms in depth Meg Russell asks what motivated them to what extent they were driven by leaders or members and what they can teach us both about party organisational change and the nature of power relations in the Labour Party today

**Changing Parties** F. Faucher-King, 2005-10-11 Party conferences are central to the life of political parties They contribute to setting policy agendas developing policy options legitimizing policy choices building party cohesion motivating activists and publicizing party activities to the wider public An analysis of their evolution in Britain helps us understand the ways in which political parties change This book combines anthropological methods with political science to analyze changing power relationships party organizations and political culture in British political parties Labour Conservative Liberal Democrats The Greens **Clinton and Blair**, The 1960s in Australia Shirleene Robinson, Julie Ustinoff, 2012-01-17 The 1960s is one of the most heavily mythologised decades of the twentieth century More than 50 years on the era continues to capture the public's imagination The 1960s in Australia People Power and Politics recognises the complexity of social and

cultural change by presenting a broad range of contributions that acknowledge an often overlooked fact that not everyone experienced the 1960s in the same way The diversity of the time is confirmed by contributions from a number of expert Australian historians who each provide an insight into Australia in the 1960s offering an understanding of the social realities of this period as well as the ebbs and flows of transnational influence This collection includes a featured contribution by prominent Australian historian Raymond Evans who provides a personal insight into the 1960s Other contributors also place the lived experience at the centre of their analysis by considering the growth of modern flats the impact of cosmopolitanism and sex and sexuality in the Sixties The book also highlights the way power was deployed and deconstructed during this era by considering the psychiatric profession the agenda of the counter culture and the role that women s magazines played in reinforcing dominant gender paradigms The complex politics of the era are also explored through the transnational impact of figures such as Anthony Crosland the impact of the Vietnam War and the multiplicity of motivations behind the anti war protest and the Aboriginal rights movement of the era The 1960s in Australia Power People and Politics is a fresh focus on a significant time in Australia s history It brings together a collection of innovative and engaging explorations into the Australian Sixties which underline the complexity of the time

*New Labour* Mark Bevir,2012-12-06 *New Labour* is the most innovative and powerful political movement in Britain today However *New Labour A Critique* argues that its apparent pragmatism disguises an ideological commitment to particular forms of social science deploying new institutionalism and communitarianism to respond to the New Right Bevir traces the impact of these forms of social science on the ideas and policies of New Labour paying particular attention to the welfare state and the economy New Labour the new institutionalism and communitarianism typically objectify aspects of the social world to sustain claims to expert knowledge Bevir defends and enacts an alternative interpretive approach to social science This interpretive approach inspires a critique of New Labour as a contingent reworking of a particular socialist tradition rather than the necessary or pragmatic response that it portrays itself as

Keeper Of The Faith Paul Strangio,2013-06-14 Jim Cairns is a familiar sight around the markets of Melbourne seated at a table stacked with copies of his latest book It seems an unlikely occupation for a man who was once the driving force and major thinker in the Labor Party Left a man who reached the positions of Deputy Prime Minister and Treasurer in Australia s most reformist government under Gough Whitlam Cairns post 1975 trajectory bewildered many of his one time followers not least the significant section of the baby boomer generation who rallied behind him during the Moratoriums against the Vietnam War To some he is a tragic fallen hero to others a relic of an earlier age of idealism But Cairns was never a conventional politician In this mature and sophisticated biography Paul Strangio draws a compelling picture of the inner man revealing a consistent thread running through the apparent contradictions of Cairns public career He explains how a policeman turned into a counter culture guru how an opponent of capitalism became Treasurer of Australia how a devoted husband could feel a kind of love for Junie Morosi Both highly readable and carefully researched *Keeper of the Faith*

reassesses the part Cairns played in shaping Australian public life In tracing his ideological and political rivalry with Whitlam it challenges the popular nostalgia that surrounds his former leader Strangio argues that Cairns contribution to public life especially as a voice of dissent against the established order has been seriously underestimated Drawing on a rich range of archival and oral sources and recounting many fascinating anecdotes this is a masterly portrait of one of those rare people who never waver in their search for truth

**Power Crisis** Rodney Cavalier,2010-09-27 Written by former minister and Labor historian Rodney Cavalier Power Crisis is an explosive account of the self destruction of the New South Wales Labor government which has seen a turnover of four premiers in five years and is heading for rejection and even humiliation by voters at the next state election While the catalyst was the thwarted attempt to privatise electricity Cavalier reveals that the real issue is the takeover of Labor by a professional political class without connection to the broader community or the party's traditions Featuring interviews with ex premiers Iemma and Rees Power Crisis contrasts the current turmoil and self indulgence with the stability within New South Wales Labor over generations before and asks What went wrong

**The Australian Study of Politics** R. Rhodes,2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield

The Death of Social Democracy Ashley Lavelle,2016-03-09 Whereas many writers and scholars interested in the field of social democracy have focused on factors such as the role of economic globalization and electoral pressures Ashley Lavelle explores the importance of the collapse of the post war economic boom and lower growth rates since then He examines how these pressures have led social democrats to embrace neo liberal policies and become threatened by minor parties and independent politicians Providing an original argument about the decline of social democracy the author investigates how its decline has increased the popularity of minor parties and independents along with the reasons for social democratic membership and electoral decline This is an important book for scholars of social democracy and the broader themes of world politics political parties social movements and globalization

**Power, Profit and Protest** Verity Burgmann,2020-08-04 a provocative must read text for an engaged public offering a distinctive Australian take on corporate globalism and grounding this in a robust theory of social change that emphasises material power and interests along with symbolic power and ideology James Goodman University of Technology Sydney Social movements transformed Western societies in the 1960s and 1970s feminism black rights the peace movement and gay liberation all radically altered how we think and how we live What has happened to social movements since then Can demonstrations and other forms of social activism still make a difference in Australia Verity Burgmann argues that corporate globalisation has threatened or transformed established social movements and sparked powerful new forms of social protest She examines the impact of globalisation and neo liberal government policies on the feminist and indigenous rights movements showing how they have

been affected by the politics of backlash after decades of success She explores the way in which the environment movement too has been affected by rising corporate political influence She also analyses the emergence of anti capitalist and anti corporate activism and the profound challenges posed by this newest of social movements to the state to society in general and to the labour movement in particular These important factors in a changing political landscape This book reflects on the significant changes which has taken place since Power and Protest was published in 1993 Empowerment and Control in the Australian Welfare State Philip Mendes, 2018-10-19 This book explores the tensions between the competing social rights and social control functions of the modern Australian welfare state By critically examining the history and rhetoric of the Australian welfare state from 1972 to the present day and using the author's long standing research on the Australian Council of Social Service and other welfare advocacy groups it analyses the transformation from rights based to conditional welfare The Labor Party Government from 1972-75 is identified as the only clear cut example of Australia positively using welfare payments and services as an instrument to promote greater social equity inclusion and participation Since the mid 1970s the Australian welfare state has gradually retreated from the social rights agenda conceived by the Whitlam Government Australia has followed other Anglo Saxon countries in adopting increasingly conditional and paternalistic measures that undermine the protection of social citizenship outside the labour market In contrast this text makes the case for an alternative participatory and decentralized welfare state model that would prioritize social care by empowering and supporting welfare service users at a local community level This book will be of interest to academics students and policy makers working within social policy social work and political sociology *Democracy and Political Culture* Ross McKibbin, 2019-02-21 Democracy and Political Culture Studies in Modern British History attempts to give a total picture of the political social culture of Great Britain in the twentieth century To do so it chooses a number of particular subjects which nonetheless stand for this culture as a whole and which together allow us to reach a number of general conclusions about modern British history In this sense it is a successor to McKibbin's previous collection of essays The Ideologies of Class 1991 while it also takes up a number of the themes of his Classes and Cultures 1998 Above all it is a study of British democracy and asks the questions what does it mean to describe Britain as a democratic society and how might we measure it against other comparable societies To do so McKibbin has chosen not only more global subjects Britain's social structure and the sources of political authority the social and political effects of the first world war Britain's electoral and party system its literary culture its sporting culture and the relation of that culture to the rest of the world as well as to Britain itself and a comparison of Britain's political culture with one of the closest comparable societies Australia and what that tells us about Britain but also individual studies of three men very prominent in British life who in different ways both contributed to Britain's political culture and were also students of it J M Keynes an economist Harold Nicolson a politician and writer and A J Cronin a novelist All three represented British political culture in its broadest spectrum Transnational Radicalism and

the Connected Lives of Tom Mann and Robert Samuel Ross Neville Kirk, 2017 A pioneering study of the neglected transnational activities and influences of two important connected socialists British born Tom Mann 1856 1941 and Australian born Robert Samuel Bob Ross 1873 1931 *Australia and the World* Joan Beaumont, Matthew Jordan, 2013-05-20 Australia and the World celebrates the pioneering role of Neville Meaney in the formation and development of foreign relations history in Australia and his profound influence on its study teaching and application The contributors to the volume historians practitioners of foreign relations and political commentators many of whom were taught by Meaney at the University of Sydney over the years focus especially on the interaction between geopolitics culture and ideology in shaping Australian and American approaches to the world Individual chapters examine a number of major themes informing Neville Meaney's work including the sources and nature of Australia's British identity the hapless if dedicated efforts of Australian politicians public servants and intellectuals to reconcile this intense cultural identity with Australia's strategic anxieties in the Asia Pacific region and the sense of trauma created when the myth of Britishness collapsed under the weight of new historical circumstances in the 1960s They survey relations between Australia and the United States in the years after World War Two Finally they assess the US perceptions of itself as an exceptional nation with a mission to spread democracy and liberty to the wider world and the way in which this self perception has influenced its behaviour in international affairs
