Running on the Edge of the Knife Linda Ching, 2012-12-01 Mui Chiu Dang was a free spirited boy growing up in a country at war He was handcuffed beaten and sentenced to prison without a trial Never completely losing hope even when confronted with life threatening experiences he believed even his darkest moments were blessings in disguise He took on each challenge as another personal adventure through life With nothing but a simple pair of shorts in his possession he left his entire family behind and joined the exodus from the only country he had known This story is how one ordinary man responded to an extraordinary period of time in Vietnam and the struggles he faced as a new immigrant in San Francisco This is his personal story a tale of survival and of how he maintained his resiliency and sanity when all odds seemed to be against him

Running Home Katie Arnold, 2020-09-08 In the tradition of Wild and H Is for Hawk an Outside magazine writer tells her story of fathers and daughters grief and renewal adventure and obsession and the power of running to change your life NAMED ONE OF THE BEST BOOKS OF THE YEAR BY REAL SIMPLE I'm running to forget and to remember For more than a decade Katie Arnold chased adventure around the world reporting on extreme athletes who performed outlandish feats

walking high lines a thousand feet off the ground without a harness or running one hundred miles through the night She wrote her stories by living them until eventually life on the thin edge of risk began to seem normal After she married Katie and her husband vowed to raise their daughters to be adventurous too in the mountains and canyons of New Mexico But when her father died of cancer she was forced to confront her own mortality His death was cataclysmic unleashing a perfect storm of grief and anxiety She and her father an enigmatic photographer for National Geographic had always been kindred spirits He introduced her to the outdoors and took her camping and on bicycle trips and down rivers and taught her to find solace and courage in the natural world And it was he who encouraged her to run her first race when she was seven years old Now nearly paralyzed by fear and terrified she was dying too she turned to the thing that had always made her feel most alive running Over the course of three tumultuous years she ran alone through the wilderness logging longer and longer distances first a 50 kilometer ultramarathon then 50 miles then 100 kilometers She ran to heal her grief to outpace her worry that she wouldn't live to raise her own daughters She ran to find strength in her weakness She ran to remember and to forget She ran to live Ultrarunning tests the limits of human endurance over seemingly inhuman distances and as she clocked miles across mesas and mountains Katie learned to tolerate pain and discomfort and face her fears of uncertainty vulnerability and even death itself As she ran she found herself peeling back the layers of her relationship with her father discovering that much of what she thought she knew about him and her own past was wrong *Running Home* is a memoir about the stories we tell ourselves to make sense of our world the stories that hold us back and the ones that set us free Mesmerizing transcendent and deeply exhilarating it is a book for anyone who has been knocked over by life or feels the pull of something bigger and wilder within themselves A beautiful work of searching remembrance and searing honesty Katie Arnold is as gifted on the page as she is on the trail *Running Home* will soon join such classics as *Born to Run* and *Ultramarathon Man* as quintessential reading of the genre Hampton Sides author of *On Desperate Ground* and *Ghost Soldiers*

The Pants Of Perspective Anna McNuff, 2020-09-14 When I ran I ran for pleasure I didn't run for times to win to impress I ran for me When I ran my bum cheeks rubbed together so much so that if I was going on a long run I'd have to lube up I maintained that I was not a real runner I just liked to run so that I could eat cake Anna was never anything like those real runners on telly all spindly

limbs tiny shorts and split times but when she read about New Zealand's 3 000 kilometre long Te Araroa Trail she began to wonder perhaps being a real runner was overrated Maybe she could just run it anyway Travelling alone through New Zealand's backcountry for 148 days she scrambled through forests along ridge lines over mountain passes along beaches and across swollen rivers Running up to 52 kilometres in a day she slept wild most nights and was taken into the homes and hearts of the kiwi people in between The Pants of Perspective is a witty colourful and at times painfully raw account of a journey to the edge of what a woman believes herself to be capable of It is a coming of age story which will lead you on a roller coaster ride through fear vulnerability courage and failure For anyone who has ever dreamt of taking on a great challenge but felt too afraid to begin this story is for you Ultramarathon Man Dean Karnazes, 2007-03-01 The inspiring journey of Dean Karnazes an internationally recognized endurance athlete who has pushed his body and mind to inconceivable limits Includes a new epilogue detailing his training and diet tips Karnazes spirited memoir can help mere mortals who want to push past their perceived limits or simply jump start their sedentary lives Chicago Tribune WHY DO YOU DO IT HOW DO YOU DO IT ARE YOU INSANE Dean Karnazes is an internationally recognised endurance athlete who has pushed his body and mind to inconceivable limits In this remarkable memoir he recounts the personal events that have led to him becoming an extraordinary athlete The seeds of his talents were seen early at the age of nine he rode his bike alone over fifty miles to his grandmother's house As an adult he's taken part in a marathon across Death Valley a 200 mile twelve person relay race which he ran solo of course and one of the biggest and most controversial challenges of all the first marathon ever run to the South Pole In Ultramarathon Man Dean recounts all these races and other unbelievable achievements He introduces us to the sometimes bizarre emotional and psychological make up of endurance runners as well as the peculiar mores surrounding the subculture of ultra endurance athleticism The book is filled with fascinating characters and situations from the touching how his running helped to pull his family back together to the absurd organising to meet the pizza delivery man on the highway during his run Dean's story will amaze fascinate and inspire even the most comfortable couch potatoes And in a new epilogue Karnazes answers the two questions he's most often asked What exactly do you eat and How do you train to stay in such good shape *Living at the Edge : a Biography of D.H. Lawrence and Frieda Von Richthofen* Michael Squires, Lynn K. Talbot, Lynn Kiefer Talbot, 2002 Dashingly told and meticulously researched this double biography of D H Lawrence and his wife Frieda von Richthofen is the first to draw fully on Frieda's unpublished letters and on interviews with people who knew her well It explores their collision with an industrial world they hated and chronicles the stormy relationship between husband and wife The strong sexual vitality that inspired Lawrence's art brought both joy and anguish to his marriage Here the Lawrences emerge as proud but not conceited in their unconventional lives staunch in the face of fierce opposition from a conformist society Living at the Edge follows the separate lives of Lawrence and Frieda up to their first meeting in 1912 Tracing their new life together it depicts their grateful escape from the English

Midlands their discovery of exotic places where they made temporary homes Italy Cornwall Australia New Mexico and Mexico Lawrence s courageous battle against illness and after his death in 1930 Frieda s success in recreating the simple life on ranches near Taos New Mexico where she died in 1956 At the center of their story is Lawrence s literary career Biographers Squires and Talbot see Lawrence s major novels *The Rainbow Women in Love Lady Chatterley s Lover* as a fresh way to understand his turbulent and conflicted life They reveal the extreme care with which he rewrote his personal experience to satisfy his deepest needs and they introduce the many influential people who entered the Lawrences lives and work The rich materials from Frieda s letters reveal a different Lawrence more difficult as a man but more interesting as an artist they also reveal a different Frieda more vibrant as a woman more substantial as a companion This superb biography gives both Lawrence and Frieda striking new dimensions
