Running For The Exit:

The Virtues of Exit Jennet Kirkpatrick, 2017-10-03 Successful democracies rely on an active citizenry. They require citizens to participate by voting, serving on juries, and running for office. But what happens when those citizens purposefully opt out of politics? Exit, the act of leaving, is often thought of as purely instinctual, a part of the human fight or flight response, or alternatively motivated by an antiparticipatory self-centered impulse. However, in this eye-opening book, Jennet Kirkpatrick argues that the concept of exit deserves closer scrutiny. She names and examines several examples of political withdrawal from Thoreau's decamping to Walden to slaves fleeing to the North before the Civil War. In doing so, Kirkpatrick not only explores what happens when people make the decision to remove themselves but also expands our understanding of exit as a political act, illustrating how political systems change in the aftermath of actual or threatened departure. Moreover, she reframes the decision to refuse to play along, whether as a fugitive slave, a dissident who is exiled, but whose influence remains, or a government in exile as one that shapes political discourse historically and today. *The Big Book of Exit Strategies* Jamaal May, 2016-04-18 Praise for Jamaal May: Linguistically acrobatic and beautifully crafted, Jamaal May's poems exquisitely balanced by a sharp intelligence mixed with earnestness, makes his debut a marvel. Publishers Weekly. Following Jamaal May's award-winning debut collection *Hum* (2013), these new poems explore parallel landscapes of the poet's interior and an insidious American condition. Using dark humor that helps illuminate the pains of maturity and loss of imagination, May uncovers language like a skilled architect digging up bones of the past to expose what lies beneath the surface of the fragile human condition. From "Ask Where I've Been" to "Ask about the tornado of fists," the blows landed. If you can watch it all the spit and blood frozen against snow, you can probably tell I am the too narrow road winding out of a crooked city built of laughter, abandon, feathers, and drums. Ask only if you can watch streetlights bow, bridges arc, and power lines sag, and still believe what matters most is not where I bend but where I am growing. Jamaal May is a poet, editor, and filmmaker from Detroit, Michigan, where he taught poetry in public schools and worked as a freelance audio engineer and touring performer. His poetry won the 2013 Indiana Review Poetry Prize and appears in journals such as *Poetry*, *Ploughshares*, *The Believer*, *NER*, and *The Kenyon Review*. May has earned an MFA from Warren Wilson College, as well as fellowships from Cave Canem and The Stadler Center for Poetry at Bucknell University. He founded the Organic Weapon Arts Chapbook Press. **From Idea to Exit** Jeffrey Weber, 2013-10-08 While most small business books cover niche components of the start-up model, *From Idea to Exit* takes a more comprehensive approach, tackling the entire entrepreneurial journey from the initial seed idea through a well-planned exit strategy. Through a persuasive narrative, the author draws from his own success a practical call to action for those who dream of taking that first big step. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art.
