Saltzman,2019-09-30 How beliefs about human and divine secrets informed medieval ideas about the mind and shaped the practices of literary interpretations What did it mean to keep a secret in early medieval England It was a period during which the experience of secrecy was intensely bound to the belief that God knew all human secrets yet the secrets of God remained unknowable to human beings In Bonds of Secrecy Benjamin A Saltzman argues that this double edged conception of secrecy and divinity profoundly affected the way believers acted and thought as subjects under the law as the devout within monasteries and as readers before books One crucial way it did so was by forming an ethical relationship between the self and the world that was fundamentally different from its modern reflex Whereas today the bearers of secrets might be judged for the consequences of their reticence or disclosure Saltzman observes in the early Middle Ages a person attempting to conceal a secret was judged for believing he or she could conceal it from God In other words to attempt to hide from God was to become ensnared in a serious sin but to hide from the world while deliberately and humbly submitting to God s constant observation was often a hallmark of spiritual virtue Looking to law codes and religious architecture hagiographies and riddles Bonds of Secrecy shows how legal and monastic institutions harnessed the pervasive and complex belief in God s omniscience to produce an intense culture of scrutiny and a radical ethics of secrecy founded on the individual s belief that nothing could be hidden from God According to Saltzman this ethics of secrecy not only informed early medieval notions of mental activity and ideas about the mind but also profoundly shaped the practices of literary interpretation in ways that can inform our own contemporary approaches to reading texts from the past Inspiration Point Too Judy Hunt,2022-02-09 This follow up book from my first publication Inspiration Point is my continuing writing of poems prayers and reflections that have taken me through a time period of loss of elderly parents moving financial struggle disasters and a worldwide pandemic As I have gotten older I see the importance more and more of sharing my love of God family friends and our world with others through my writing The writings are my connection with God and His connection through me to others

By sharing my personal experiences through my writing I am hoping that others will know that they are not alone in their feelings and struggles and that God is always there to get them through anything It Can Be Done Poems of Inspiration Joseph Morris,2021-01-01 It Can Be Done Poems of Inspiration by Joseph Morris is a collection of powerful and motivational verses designed to uplift the spirit and encourage readers to push forward overcome adversity and pursue their dreams Through his inspiring poetry Morris urges readers to recognize their inner strength embrace resilience and take actionable steps toward creating a life filled with purpose and success These poems serve as gentle reminders that no matter the challenges we face our potential is limitless when we believe in ourselves and take action The poems within Can Be Done explore timeless themes such as perseverance self belief and the transformative power of positive thinking Each verse is carefully crafted to connect with readers on an emotional level offering encouragement and inspiration that resonates deeply Morris s words encourage personal reflection inviting readers to assess their aspirations overcome self doubt and take bold steps toward their goals Through these poems readers are reminded that personal growth and achievement are within their reach no matter the obstacles standing in their way It Can Be Done Poems of Inspiration is a literary companion that sparks motivation instills hope and reminds readers that with determination and a belief in their own capabilities they can navigate life s journey with confidence and fulfillment Whether you re seeking encouragement in moments of struggle or a boost of motivation to reach new heights this book offers the perfect words of wisdom to reignite your ambition and keep you on track toward success Joseph Morris s poetry is the perfect source of inspiration for anyone looking to embrace their potential and overcome life s challenges Each poem is a reminder that with the right mindset and determination we can achieve anything A must read for anyone in need of a motivational boost An inspiring collection of poems that resonate deeply Morris s words are a powerful reminder of the strength we have within us to overcome difficulties and pursue our dreams The only downside is that some poems felt a bit repetitive but overall it s a highly motivational read If you re looking for a book of uplifting and motivational poems this one is perfect Morris captures the essence of determination and self belief offering readers the inspiration needed to move forward in life Some poems felt a bit cliché but the overall message is empowering While the poems are heartfelt and inspiring I felt that some of the verses lacked depth in certain areas However for those seeking positive and motivational poetry this collection will be a solid choice It s a nice reminder of the power of self belief A motivational collection of poems that inspire perseverance and confidence However I found some of the themes to be too familiar It s a good read for those new to inspirational poetry but experienced readers may find it a bit predictable **The Hebrew Bible in Contemporary Fiction and Poetry** Lena-Sofia Tiemeyer,2025-03-31 This book discusses 20th and 21st centuries literary retellings of biblical texts focusing on how fiction and poetry fill the extant narrative gaps present in the often sparse biblical accounts and align the narratives with theological and or cultural expectations of modern interpreting communities The chapters written by an international group of scholars explore biblical retellings in a variety of modern

languages ranging from Korean and Chinese to Hebrew and Arabic Most of the contributions deal with retellings of the narrative books Genesis Exodus Judges Ruth 1 2 Samuel Daniel but a few are devoted to prophetic Hosea and poetic Psalms ones Another set of articles looks beyond specific biblical books and instead analyses how the Bible has been retold in different literary genres Children and YA literature sci fi and fantasy Christian Inspiration fiction and in modern political discourse North and South Korea All the chapters further highlight how literary retellings of the Bible form two way movements They reveal the often subversive quality of literary retellings retellings not only emphasise those nuances in the biblical texts that create unease but also problematise their standpoint and question their moral and theological message The Hebrew Bible in Contemporary Fiction and Poetry is suitable for students and scholars of biblical studies working on intertextuality and reception history It is also of interest to those working on comparative literature particularly with regards to the Hebrew Bible in popular culture and literature *Creation, Character, and Wisdom* Dave L. Bland, Sean Patrick Webb, 2016-05-31 While the traditional Christian engagement with environmental ethics too often begins and ends with Genesis this project joins numerous recent efforts by biblical scholars to identify new foundations on which Christians can make ethical choices about creation Wisdom literature a largely untapped resource offers a unique point of entry for environmental ethics Despite their marginalization in ethical debates on the environment the biblical sages have a great deal to say about the inseparability of God s creation and righteous living observations that must then be brought into conversation with a host of contemporary disciplines As the crisis of environmental degradation permeates the lived experience of more and more Christians it is increasingly critical to have solid and biblically defensible foundations from which to make moral choices about the environmental behavior of individuals corporations and nations *Life on Mars* Tracy K. Smith, 2011-05-10 A collection of poems in which Tracy K Smith examines the discoveries failures and oddities of humans
