Rural Delivery Real Photo Postcards From Central Pennsylvania 1905 1935:

Rural Delivery Jody Blake, Jeannette Lasansky, 1996 The essay by art historian Jody Blake relates this photographic correspondence to technical social and artistic developments in the history of photography The essay by material culture historian Jeannette Lasansky places the images on the postcards into the local historical context of Union County Pennsylvania A foreword by Gary W Slear establishes the personal framework he has as an avid collector for viewing real photo postcards **Real Photo Postcard Guide** Robert Bogdan, Todd Weseloh, 2006-09-21 The Real Photo Postcard Guide is an informative comprehensive and practical treatment of this wildly popular American phenomenon that dominated the United States photographic market during the first third of the twentieth century Robert Bogdan and Todd Weseloh draw on extensive research and observation to address all aspects of the photo postcard from its history origin and cultural significance to practical matters like dating purchasing condition and preservation Illustrated with over 350 exceptional photo postcards taken from archives and private collections across the country the scope of the Real Photo Postcard Guide spans technical considerations of production characteristics of superior images collecting categories and methods of research for dating photo postcards and investigating their photographers In a broader sense the authors show how real photo postcards document the social history of America From family outings and workplace awards to lynchings and natural disasters every image captures a moment of American cultural history from the society that generated them Bogdan and Weseloh s book provides an admirable integration of informative text and compelling photographic illustrations Collectors archivists photographers photo historians social scientists and anyone interested in the visual documentation of America will find the Real Photo Postcard Guide indispensable Postcards from Vermont Allen Freeman Davis, 2002 A vivid picture of four decades of social and cultural history in the Green Mountain State **As We Were** Rosamond B. Vaule, 2004 Today no one seriously doubts the value both aesthetic and historic of the ubiquitous American photographic postcard This was the medium that really brought photography to the masses these cards were affordable they were topical and they could be sent for a penny anywhere in the country The variety of imagery much of it developed anonymously in small studios much of it taken by inspired amateurs these were the days when anyone could and many folks did own a camera displays America in all its variety and vitality Most postcards were mass produced and printed in ink by the collotype or halftone process But a few were original photographic prints exposed directly from glass plates or film negatives Known as real photos these were real photographs aristocrats of the genre and spectacular examples of vernacular photography In this charming and scholarly book Vaule selects the best of them from all over the country addressing their social and historical contexts explaining the mysteries of their manufacture and dissemination and describing the characteristics and identities of their makers many of whose names and studios are listed in the book But without doubt it is the images themselves that still hold us storefronts and townships frisky children and sober adults air ships and barn raisings Over one hundred are reproduced here each in

fine line duotone each as fascinating and compelling today as when first fixed on paper **Union County, Pennsylvania**

Charles McCool Snyder, John W. Downie, Lois Kalp, 2000 This updated and revised book covers the gamut of Union County's history It begins with the region's earliest days when the Delaware Indians were in residence and how the arrival of settlers who ventured into this frontier area from Berks and Lancaster counties marked the beginning of major changes Synder's text first published in 1976 has been expanded and updated to reflect newly discovered material on such groups as the Amish and the developments in Union County up to 2000 Distributed by Penn State University Press by arrangement with the Union County Historical Society Lewisburg Marion Lois Huffines, Richard A. Sauers, 2010 Lewisburg has always been a center of trade and culture as a river and canal town on the banks of the Susquehanna River Once served by two railroads and a tiny airport Lewisburg's bridges and roads connected it to distant cities and rich hinterlands Lewisburg grew from its layout in 1785 by Ludwig Derr to become the home of thriving businesses elegant 18th and 19th century homes and churches clustered on many of its corners Along with adjacent Kelly and East Buffalo Townships Lewisburg prospered on the backs of hardworking people with ideas vision and a willingness to take risks Named as the Union County seat in 1855 Lewisburg today has the resources of a city but the charm of a small town surrounded by farms and fields *Union County River Towns* Jeannette Lasansky, 2011 High ridges and lush valleys teeming with natural resources abutted Union County's river towns of Allenwood White Deer New Columbia West Milton and Winfield Creeks emptying into the Susquehanna River connected gristmills and communities like Spring Garden to their river neighbors Narrow gauge railroad lines brought excursions from White Deer to Tea Springs and men and lumber to operations run by lumber barons The Reading Railroad ran beside the Susquehanna but other lines crossed it establishing West Milton as a railroad hub Central Oak Heights and Devitt's Camp perched above West Milton Allenwood and Spring Garden while groves and islands at the river's edge were dotted with rustic camps In the mid 20th century a new Route 15 altered most of these towns' streetscapes as World War II took the town of Alvira and area farmlands by eminent domain for explosives production Through vintage photographs Union County River Towns chronicles the rich history and evolution of this former frontier land **Mifflinburg and the West**

End Marion Lois Huffines, 2012 Mifflinburg and the towns of the West End have a story to tell The hard work of making a life in early America demanded courage and determination of its settlers There were good times when the towns thrived and tough times when efforts failed Fires and accidents destroyed dreams and financial distress halted progress but the towns survived and those that did celebrated their successes with fairs parades bands and church dinners Mifflinburg's buggy factories shipped buggies and sleighs across the young nation The timber industry of the West End produced thousands of board feet which built towns and propped up mines Images of America Mifflinburg and the West End tells the unfolding stories of Mifflinburg and the West End towns of Swengel Millmont Laurel Park Pardee Glen Iron Weikert Hartleton and Laurelton It is a history full of surprises and wonderful spirit **The Renaissance Perfected** D. Medina Lasansky, 2004

Mussolini's bold claims upon the monuments and rhetoric of ancient Rome have been the subject of a number of recent books. D. Medina Lasansky shows us a much less familiar side of the cultural politics of Italian Fascism tracing its wide ranging efforts to adapt the nation's medieval and Renaissance heritage to satisfy the regime's programs of national regeneration. Anyone acquainted with the beauties of Tuscany will be surprised to learn that architects, planners and administrators working within Fascist programs fabricated much of what today's tourists admire as authentic. Public squares, town halls, palaces, gardens and civic rituals including the famed Palio of Siena were all restored to suit a vision of the past shaped by Fascist notions of virile power, social order and national achievement in the arts. Ultimately Lasansky forces readers to question long standing assumptions about the Renaissance even as she expands the parameters of what constitutes Fascist culture. The arguments in *The Renaissance Perfected* are based in fresh archival evidence and a rich collection of illustrations many reproduced for the first time ranging from photographs and architectural drawings to tourist posters and film stills. Lasansky's groundbreaking book will be essential reading for students of medieval Renaissance and twentieth century Italy as well as all those concerned with visual culture, architectural preservation, heritage studies and tourism studies.

Adirondack Vernacular Robert Bogdan, 2003-02-01 Henry M. Beach was a prolific and accomplished upstate New York photographer who documented the North Country during the first quarter of the twentieth century. Although much less known and celebrated, Beach's work is as important to the twentieth century Adirondacks as Seneca Ray Stoddard's is to the nineteenth century. Illustrated with over 250 examples of his work including ten panoramic foldouts, this book covers the range of Beach's subject matter. Robert Bogdan's lively and accessible approach to the photographer's work encourages the reader to explore the North Country's people and places through Beach's photography and life. Although Beach's postcard pictures and other photographs were taken to sell in bulk to hotel managers, tourist shop owners and other retail merchants, they are not just mass produced, stylized pretty pictures. Beside the bubbling brooks and shady woodland paths are factory boomtowns and paper mills belching pollution. As the rails brought increasing numbers of middle class tourists to the Adirondacks, the wealthy created their own exclusive wilderness playground. Beach photographed dandy visitors at play as well as manual laborers sweating in the forest, logging camps, factories, mines and construction sites. Images of great camps sit next to modest abodes, small stores and family owned resorts. Pictures of trains in scenic surroundings give way to mangled wrecks after tragic railroad accidents. In addition to standard view cards, he produced montages and advertisement postcards, serious visual commentary as well as lighthearted picture play. Beach's best works stir the heart and provoke the imagination and his whimsical down to earth approach to photography produced images that are a treat to the eye. New Berlin and the Buffalo Valley Jeannette Lasansky, 2013 Located in the heartland of Union County, New Berlin was considered a cultural, educational and governmental center for craftsmen, farmers and tradesmen. The county seat from 1813 to 1855, New Berlin was the gateway to the Buffalo Valley. Located in an area rich in natural resources, New Berlin is bounded by

Penns Creek and Shamokin Mountain The creek was a busy waterway that was used to transport goods while Shamokin Mountain is known for being rich with iron ore and timber New Berlin and the Buffalo Valley highlights what life was like in New Berlin and the surrounding communities of Dry Valley White Springs Vicksburg Buffalo Crossroads Mazeppa Cowan Red Bank Rand and Forest Hill the latter a gateway to lush woodlands and clear streams **American Book Publishing Record** ,1996-05 The South Carolina Review ,1997 **Postcards** David Prochaska,Jordana Mendelson,2010 Examines postcards as images that are carriers of text and textual correspondence that circulate images across boundaries of class gender nationality and race Discusses issues concerning the concrete practices of production consumption collection and appropriation Choice ,1996 **Journal of Appalachian Studies** ,1998 **The Publishers Weekly** ,1996
