Rural Guatemala 1760 194:

Rural Guatemala, 1760-1940 David McCreery, 1994 This comprehensive study of rural development in Guatemala first examines the nature of rural society in the late colonial period and early decades of independence and then details the massive and enduring changes caused by the spread of large scale coffee production after the mid nineteenth century In the process it also contributes to a number of important debates in Latin American studies and the theoretical literature of development the structure of land tenure the effects of the shift to export agriculture the exploitation of indigenous populations the forms of peasant resistance and the role of state institutions in the politics of development The book is in two parts Part I describes rural life and economy in Guatemala through the cochineal boom of the 1850 s Part II shows how coffee dramatically changed the economy of Guatemala

The Legacies of Liberalism James Mahoney, 2003-04-01 Winner of the Barrington Moore Jr Prize for the Best Book in Comparative and Historical Sociology from the American Sociological Association Winner of the Best Book Award in the Comparative Democratization Section from the American Political Science Association Despite their many similarities Central American countries during the twentieth century were characterized by remarkably different political regimes In a comparative analysis of Guatemala El Salvador Costa Rica Honduras and Nicaragua James Mahoney argues that these political differences were legacies of the nineteenth century liberal reform period Presenting a theory of path dependence Mahoney shows how choices made at crucial turning points in Central American history established certain directions of change and foreclosed others to shape long term development By the middle of the twentieth century three types of political regimes characterized the five nations considered in this study military authoritarian Guatemala El Salvador liberal democratic Costa Rica and traditional dictatorial Honduras Nicaragua As Mahoney shows each type is the end point of choices regarding state and agrarian development made by these countries early in the nineteenth century Applying his conclusions to present day attempts at market creation in a neoliberal era Mahoney warns that overzealous pursuit of market creation can have severely negative long term political consequences The Legacies of Liberalism presents new insight into the role of leadership in political development the place of domestic politics in the analysis of foreign intervention and the role of the state in the creation of early capitalism The book offers a general theoretical framework that will be of broad interest to scholars of comparative politics and political development and its overall argument will stir debate among historians of particular Central American countries

Between Two Armies in the Ixil Towns of Guatemala David Stoll, 1993 How will patterns of human interaction with the earth's eco system impact on biodiversity loss over the long term not in the next ten or even fifty years but on the vast temporal scale be dealt with by earth scientists This volume brings together data from population biology community ecology comparative biology and paleontology to answer this question

Pluralizing Ethnography John Mamoru Watanabe, Edward F. Fischer, 2004 This volume brings together eight Maya specialists and a prominent anthropological theorist as discussant to assess the contrasting historical circumstances and emerging cultural futures of Maya in Mexico and Guatemala Rather than presume a romanticized timeless Maya culture or the globalized predicaments of transnationalized Maya imaginings this seminar took its cue from contemporary Maya cultural activists who derive their enduring sense of Mayaness from a historical consciousness of five hundred years of cultural resilience The contributors evaluate the history of Maya peoples and Maya anthropology by examining language religion political attitudes and activism ethnographic traditions and the relationship between economic change migration and cultural identity In comparing Maya peoples across Mexico and Guatemala the contributors emphasize on culture recovers intermediate linkages between the personal and the political the local and the global Their work enables a controlled cross cultural comparison across national boundaries and histories that in turn illuminates the articulation between locally constructed meanings and global transformations

State Violence and Genocide in Latin America Marcia Esparza, Henry R. Huttenbach, Daniel Feierstein, 2009-09-10 This edited volume explores political violence and genocide in Latin America during the Cold War examining this in light of the United States hegemonic position on the continent Using case studies based on the regimes of Argentina Chile Guatemala Peru and Uruguay this book shows how U S foreign policy far from promoting long term political stability and democratic institutions has actually undermined them The first part of the book is an inquiry into the larger historical context in which the development of an unequal power relationship between the United States and Latin American and Caribbean nations evolved after the proliferation of the Monroe Doctrine The region came to be seen as a contested terrain in the East West conflict of the Cold War and a new US inspired ideology the National Security Doctrine was used to justify military operations and the hunting down of individuals and groups labelled as communists Following on from this historical context the book then provides an analysis of the mechanisms of state and genocidal violence is offered demonstrating how in order to get to know the internal enemy national armies relied on US intelligence training and economic aid to carry out their surveillance campaigns This book will be of interest to students of Latin American politics US foreign policy human rights and terrorism and political violence in general Marcia Esparza is an Assistant Professor in Criminal Justice Department at John Jay College of Criminal Justice in New York City Henry R. Huttenbach is the Founder and Chairman of the International Academy for Genocide Prevention and Professor Emeritus of City College of the City University of New York Daniel Feierstein is the Director of the Center for Genocide Studies at the Universidad Nacional de Tres de Febrero Argentina and is a Professor in the Faculty of Genocide at the University of Buenos Aires Argentina

Paper Cadavers Kirsten

Weld, 2014-03-21 In Paper Cadavers an inside account of the astonishing discovery and rescue of Guatemala's secret police archives Kirsten Weld probes the politics of memory the wages of the Cold War and the stakes of historical knowledge production After Guatemala's bloody thirty six years of civil war 1960 1996 silence and impunity reigned That is until 2005 when human rights investigators stumbled on the archives of the country's National Police which at 75 million pages proved to be the largest trove of secret state records ever found in Latin America The unearthing of the archives renewed fierce debates about history memory and justice In Paper Cadavers Weld explores Guatemala's struggles to manage this avalanche of evidence of past war crimes providing a firsthand look at how postwar justice activists worked to reconfigure terror archives into implements of social change Tracing the history of the police files as they were transformed from weapons of counterinsurgency into tools for post conflict reckoning Weld sheds light on the country's fraught transition from war to an uneasy peace reflecting on how societies forget and remember political violence *Guatemala (World Bibliographical Series ; V. 9)*.
