Abstract

Agricultural development can only be sustained over the long-term if there are motivated and devoted rural leaders who keep the momentum going. One of the responsibilities of agricultural extension agents is to empower the rural leaders and build up their leadership competencies. The main purpose of this chapter was to identify the criteria that extension agents should consider in selecting and recruiting effective rural leaders for sustainable agricultural development. Although leadership was considered to be important in agricultural development under "modernization" concept and transfer of technology representation, it is an essential ingredient for achieving sustainable agriculture. In this regard, 'action research' methodology, contingency approach of leadership and knowledge of paradigm shift in agriculture were applied to provide an in-depth depiction of factors involved in leadership training programs at rural areas.

Keywords: Leader, leadership, rural, quality, role, characteristics.

A person in a leadership position frequently navigates through challenging environments and crisis situations. COVID-19's fast global expansion has quickly surpassed the scale and breadth of other recent epidemics, and people are naturally inclined to look to leaders for direction while seeking authority and certainty. The importance of competent, calm, and trustworthy leadership is greater than ever during unpredictable and turbulent times, as leadership effectiveness can be best judged in crisis environments. *Global Leadership Perspectives on Industry, Society, and Government in an Era of Uncertainty* examines how leaders from industry, society, and government respond to and manage crises such as the COVID-19 pandemic in a variety of cultural and national contexts. This book is poised to address contemporary leadership issues as well as the fundamental issues such as its definition, evolution of leadership theories, its distinction from management, and implications for gender, culture, and different fields of knowledge. Covering topics such as employee retention, leadership skills, and women entrepreneurs, this premier reference source is an excellent resource for leaders, managers, executives, investors, economic analysts, policymakers, human resource managers, entrepreneurs, students, and educators of higher education, researchers, and academicians.
