Rural Politics In Nassers Egypt

James B. Mayfield

Rural Politics In Nassers Egypt:

Rural Politics in Nasser's Egypt James B. Mayfield, 2014-07-03 On September 29 1970 President Gamal Abdel Nasser died of a heart attack The hysterical outpouring of grief at the state funeral dramatized the depth to which the loss of this charismatic leader shook the Arab world Few men have achieved the love prestige and adulation that Nasser received from the Arab masses Yet in reality Nasser's political life was a tragic story This book is a careful analysis of Nasser's belated attempts to modernize the rural areas of Egypt It documents the political economic and social factors that made Nasser's dream for his people unattainable in his lifetime Forced to choose between domestic needs and international challenges Nasser's attention was too often directed beyond the borders of Egypt His vision of renewed Arab greatness his dream of Arab unity and his concern for Arab development often distorted his perception of his own country While no one who personally conversed with Nasser doubted his sincere desire for a better life for the peasants of the Nile Valley many noted his tendency to allocate resources more on the basis of dreams rather than the realities of Egypt's domestic problems Granted permission to move freely through Egypt's twenty five provinces prior to the 1967 travel restrictions James B Mayfield had a unique opportunity to personally observe Nasser's dramatic attempts to bring progress and development to his people The two decades of Nasser's rule colored and shaped events in Egypt for many years after his death Rural politics in Nasser's Egypt James B. Mayfield, 1971

Rural Politics in Nasser's Egypt James B. Mayfield, 1971 **The Politics of Egypt** Ninette S. Fahmy, 2012-10-12 This book addresses two important matters of current concern to Middle East scholars firstly the nature of the Egyptian state and society and the interactive process between them and secondly how change which would finally lead to development can be initiated The book argues that the Egyptian case represents a weak authoritarian state which through its coercive and repressive policies towards various societal forces political parties professional associations and organisations and individuals creates a weak society Individual behaviour in urban and rural communities sometimes viewed as signs of the strength of societal forces is seen here as a symptom of a weak and fragmented society The existence of a weak society in turn impedes government objectives and hinders the implementation of developmental policies and programmes further weakening the state This being the case change has to be initiated externally in both the political and economic spheres **The Roots of Revolt** Angela Joya, 2020-04-02 A conceptually rich historically informed study of the contested politics emerging out of decades of authoritarian neoliberalism in Egypt

Egypt's Uncertain Revolution Under Nasser and Sadat Raymond William Baker, 1978 *Nasser and His Generation* P.J. Vatikiotis, 2022-09-30 First published in 1978 *Nasser and His Generation* is one of the most important books on modern Egyptian history It goes much further than a simple history of the Nasser regime or a psychobiography of the Egyptian ruler It examines his personality attitudes and beliefs and how these were informed or acquired and seeks to explain what and who he was But it also considers Nasser to be a representative of a generation of Egyptians many of whom rode on his bandwagon

to power serve him and then more or less promptly forgot him The first two parts set the scene for the emergence of the military regime highlighting the disintegration of the old political order which the Free Officers overthrew in 1952 Part Three deals with Nasser in his several capacities as absolute ruler of Egypt and his relations with Arabs Israel and the rest of the world Part Four provides a depiction of Nasser as the absolute ruler and Part Five attempts a general assessment of Nasser s personality and his impact on Egypt Based on archival sources and extensive interviews with many of his associates closest members of his family and his deepest enemies this volume is a must read for any student of political history African studies Middle East studies and political science

The Egypt of Nasser and Sadat John Waterbury,2014-07-14 A balance sheet of thirty years of revolutionary experiment this work is a comprehensive analysis of the failure of the socialist transformation of Egypt during the regimes of Nasser and Sadat Testing recent theories of the nature of the developing states and their relation both to indigenous class forces and to external pressures from advanced industrial societies John Waterbury describes the limited but complex choices available to Egyptian policy makers in their attempts to reconcile the goals of reform and capital accumulation Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Rule of Experts Timothy Mitchell,2002-11-18 Can one explain the power of global capitalism without attributing to capital a logic and coherence it does not have Can one account for the powers of techno science in terms that do not merely reproduce its own understanding of the world Rule of Experts examines these questions through a series of interrelated essays focused on Egypt in the twentieth century These explore the way malaria sugar cane war and nationalism interacted to produce the techno politics of the modern Egyptian state the forms of debt discipline and violence that founded the institution of private property the methods of measurement circulation and exchange that produced the novel idea of a national economy yet made its accurate representation impossible the stereotypes and plagiarisms that created the scholarly image of the Egyptian peasant and the interaction of social logics horticultural imperatives powers of desire and political forces that turned programs of economic reform in unanticipated directions Mitchell is a widely known political theorist and one of the most innovative writers on the Middle East He provides a rich examination of the forms of reason power and expertise that characterize contemporary politics Together these intellectually provocative essays will challenge a broad spectrum of readers to think harder more critically and more politically about history power and theory

Constitutional Identity and Constitutionalism in Africa Charles Manga Fombad,Nico Steytler,2024 This book in the Stellenbosch Handbooks in African Constitutional Law series provides a critical analysis of existing paradigms concepts and normative ideologies of

modern African constitutional identity *Area Handbook for Egypt* Richard F. Nyrop,1976 **Egypt and the Sudan** Gabriel R Warburg,2018-10-24 This title makes an important contribution to our understanding of British rule in the Nile Valley with special relevance to the important role of the Sudan in Anglo Egyptian relations until 1956 It examines British policy in Egypt in some detail and compares the relative importance of the Middle East and North Africa in shaping Egypt's regional policy since the advent of Muhammad Ali **Strong Societies and Weak States** Joel S. Migdal,2020-05-05 Why do many Asian African and Latin American states have such difficulty in directing the behavior of their populations in spite of the resources at their disposal And why do a small number of other states succeed in such control What effect do failing laws and social policies have on the state itself In answering these questions Joel Migdal takes a new look at the role of the state in the third world **Strong Societies and Weak States** offers a fresh approach to the study of state society relations and to the possibilities for economic and political reforms in the third world In Asia Africa and Latin America state institutions have established a permanent presence among the populations of even the most remote villages A close look at the performance of these agencies however reveals that often they operate on principles radically different from those conceived by their founders and creators in the capital city Migdal proposes an answer to this paradox a model of state society relations that highlights the state's struggle with other social organizations and a theory that explains the differing abilities of states to predominate in those struggles **The Oxford Handbook of Contemporary Middle-Eastern and North African History** Jens Hanssen,Amal N. Ghazal,2021 Features a mix of junior and senior scholars based in the Middle East South East Asia Australia North America and Europe Develops multidisciplinary approaches to history including environmental studies social anthropology law gender political science sociology religious studies and media studies Book jacket **Upper Egypt** Nicholas S. Hopkins,Reem Saad,2004 Upper Egypt the Sa'id is often portrayed as a source of disruption and unpredictability in the broader Egyptian system This book corrects that image by laying out the order in the meaningful life of Upper Egyptians **The Egyptian Army and the Muslim Brotherhood** Sara Tonsy,2021-11-29 This book provides an analysis of the relationship between the Egyptian army and the Muslim Brotherhood MB This is at times of cooperation collaboration rivalry and enmity offering a vivid perspective as to how the similarities of both political actors bring them together after decades of invisible presence in the Egyptian political field Using ethnographic material that includes interviews observations and other forms of expression both political actors common trajectories are analyzed in terms of power dynamics The study allows an insight on the understanding of the differences between madani civil askari military and dini religious how they are used and projected on the Egyptian political field Finally the book provides a dialogue simulation of the discourse of the MB and army starting 2011 while analyzing the meaning of this exchange in terms of symbols power and mobilization In highlighting similar elements to their respective governmentalities this book outlines a new analysis of the rivalry making it an important contribution for scholars and students interested in collective violence civil military relations

and political Islam in the Middle East **A History of Social Justice and Political Power in the Middle East** Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism **Ideology and Power in the Middle East** Peter J. Chelkowski, Robert J. Pranger, 2013-07-12 Scholars from the United States Canada Europe and the Middle East combine their talents and expertise to honor George Lenczowski whose studies of the Middle East over two generations have made him a foremost expert on contemporary affairs in this most volatile and complex region **Egypt** Sherifa Zuhur, 2007 This monograph approaches three issues in contemporary Egypt failures of governance and political development the continued strength of Islamism and counterterrorism The Egyptian government forged a truce with its most troublesome Islamist militants in 1999 However violence emerged again from new sources of Islamist militancy from 2003 into 2006 All of the previously held conclusions about the role of state strength versus movements divisions that led to the truce are now void as Al Qaeda continues to plague Egypt The even more pressing need for democratization has been setback by the security situation Yet political pressures might threaten the country's stability more thoroughly in the longer run than the sporadic terrorist attacks Widespread political discontent has been expressed for the last several years and unless uneven economic conditions improve and greater consensus is achieved Egypt could move in one of three different directions **Egypt From Monarchy To Republic** Shimon Shamir, 2021-11-28 An examination of the extent to which Nasser's 1952 coup d'etat brought about significant changes in the basic social political and cultural structures of Egypt

Rural Politics In Nassers Egypt Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable.
