Maya Diaspora James Loucky, Marilyn M. Moors, 2000-10-16 Maya people have lived for thousands of years in the mountains and forests of Guatemala but they lost control of their land becoming serfs and refugees when the Spanish invaded in the sixteenth century. Under the Spanish and the Guatemalan non-Indian elites they suffered enforced poverty as a resident source of cheap labor for non-Maya projects, particularly agriculture production. Following the CIA-induced coup that toppled Guatemala's elected government in 1954, their misery was exacerbated by government accommodation to United States interests which promoted crops for export and reinforced the need for cheap and passive labor. This widespread poverty was endemic throughout northwestern Guatemala where 80 percent of Maya children were chronically malnourished and forced wide-scale migration to the Pacific coast. The self-help aid that flowed into the area in the 1960s and 1970s raised hopes for justice and equity that were brutally suppressed by Guatemala's military government. This military reprisal led to a massive diaspora of Maya throughout Canada, the United States, Mexico, and Central America. This collection describes that process and the results. The chapters show the dangers and problems of the migratory refugee process and the range of creative cultural adaptations that the Maya have developed. It provides the first comparative view of the formation and transformation of this new and expanding transnational population presented from the standpoint of the migrants themselves as well as from a societal and international perspective. Together, the chapters furnish ethnographically grounded perspectives on the dynamic implications of uprooting and resettlement, social and psychological adjustment, long-term prospects for continued links to migration history from Guatemala, and the development of a sense of co-ethnicity with other indigenous people of Maya descent. As the Maya struggle to find their place in a more global society, their stories of quiet courage epitomize those of many other ethnic groups, migrants, and refugees today.

The Maya Diaspora James Loucky, Marilyn M. Moors, 2000-10 How Maya refugees found new lives in strange lands.

Tiny Engines of Abundance Jim Handy, 2022-04-15T00:00:00Z This book provides a historical and comparative perspective of peasant productivity using case studies portraying the extraordinary efficiency with which English cottagers, Jamaican ex-slaves, Guatemalan Mayan campesinos, Nigerian hill farmers, and Kerala hut dwellers obtained bountiful and diversified harvests from small parcels of land provisioning for their families and often local markets. These stories provide us with pictures of carefully limited needs of sustainable livelihoods and of resilient self-reliance attacked relentlessly and mercilessly in the name of capital progress, development, modernity, and/or the state. For two hundred years we have been told that the hundreds of thousands or millions or billions of hungry mouths require that peasants be dispossessed to allow more industrious farmers to feed them. This book helps make it clear how wrong we have

been Handy's approach is original and the book will engage people interested in the history of the peasantry rural development and the quest for food sovereignty

Our Time is Now Julie Gibbins, 2020-06-18 Postcolonial histories have long emphasized the darker side of narratives of historical progress especially their role in underwriting global and racial hierarchies Concepts like primitiveness backwardness and underdevelopment not only racialized and gendered peoples and regions but also ranked them on a seemingly naturalized timeline their present is our past and reframed the politics of capitalist expansion and colonization as an orderly natural process of evolution towards modernity Our Time is Now reveals that modernity particularly appealed to those excluded from power precisely because of its aspirational and future orientation In the process marginalized peoples creatively imagined diverse political futures that redefined the racialized and temporal terms of modernity Employing a critical reading of a wide variety of previously untapped sources Julie Gibbins demonstrates how the struggle between indigenous people and settlers to manage contested ideas of time and history as well as practices of modern politics economics and social norms were central to the rise of coffee capitalism in Guatemala and to twentieth century populist dictatorship and revolution

Identity and Struggle at the Margins of the Nation-state Aviva Chomsky, Aldo Lauria-Santiago, 1998 A social history of Central America and the Spanish speaking Caribbean that illustrates the importance of workers actions in shaping national history

The Mayan in the Mall J. T. Way, 2012-04-16 This twentieth century history of Guatemala begins with an analysis of the Grand Tikal Futura a postmodern shopping mall with a faux Mayan facade that is surrounded by a landscape of gated subdivisions evangelical churches motels Kaqchikel speaking villages and some of the most poverty stricken ghettos in the hemisphere

Ladinos with Ladinos, Indians with Indians René Reeves, 2006-05-25 In the late 1830s an uprising of mestizos and Maya destroyed Guatemala's Liberal government for imposing reforms aimed at expanding the state assimilating indigenous peoples and encouraging commercial agriculture Liberal partisans were unable to retake the state until 1871 but after they did they successfully implemented their earlier reform agenda In contrast to the late 1830s they met only sporadic resistance Reeves confronts this paradox of Guatemala's nineteenth century by focusing on the rural folk of the western highlands He links the area of study to the national level in an explicitly comparative enterprise unlike most investigations of Mesoamerican communities He finds that changes in land labor and ethnic politics from the 1840s to the 1870s left popular sectors unwilling or unable to mount a repeat of the earlier anti Liberal mobilization Because of these changes the Liberals of the 1870s and beyond consolidated their hold on power more successfully than their counterparts of the 1830s Ultimately Reeves shows that community politics and regional ethnic tensions were the crucible of nation state formation in nineteenth century Guatemala

Our Elders Teach Us David Carey, 2001-11-13 By casting a wide net for his interviews from tiny hamlets to bustling Guatemala City Carey gained insight into more than a single community or a single group of Maya

BOOK JACKET Workers' Control in Latin America, 1930-1979 Jonathan C. Brown, 2000-11-09 The years between 1930 and 1979 witnessed a period of intense
