Developing Rural Ireland: A History of the Irish Agricultural Advisory Services

Mícheál Ó. Fathartaigh, 2022-03 Rural Ireland and its agricultural way of life are emblematic of this country For most of modern history however rural Ireland and Irish agriculture were comparatively underdeveloped This changed dramatically in the twentieth century during which they were transformed In 1900 they were synonymous with poverty by 2000 they had become synonymous with progress Many people and organizations contributed to this but chief among these were the Irish agricultural advisory services First established in the early 1900s they are today operated as a public service by Teagasc Ireland's Agriculture and Food Development Authority With their establishment agricultural instructors trained to the highest international standards were dispatched to every community in rural Ireland Their brief was to work with farmers helping them to improve their farm enterprises and in so doing to develop rural Ireland This gradually bore fruit as each succeeding generation of agricultural advisors and farmers cooperated to adopt the most modern agricultural approaches This book tells their story

The Real Ireland Harvey O'Brien, 2004 The Real Ireland is the first study of Irish documentary film but more than that it is a study of Ireland itself of how the idea of Ireland evolved throughout the twentieth century and how documentary cinema both recorded and participated in the process of change More than just a film studies work it is a discussion of history politics and culture which also explores the philosophical roots of the documentary idea and how this idea informs concepts of society self and nation It features rare and previously unseen illustrations and a detailed documentary filmography the first of its kind in print anywhere

Ireland's Heritages Mark McCarthy, 2017-09-29 This book is the first sustained attempt to incorporate critical scholarship and thought at the cutting edge of contemporary geography history and archaeology into the burgeoning field of Irish heritage studies It seeks to illustrate the validity of multiple depictions of the Irish past showing how scrutiny of heritage practices and meanings is so essential for illuminating our understanding of the present Examining Ireland's heritages from a critical perspective that celebrates notions of heterogeneity and uniqueness the distinguished contributors to this book scrutinise the multiplicity of complex relations between heritage history memory commemoration economy and cultural identity within various historical geographical and archaeological contexts Using several examples and case studies this book raises issues not only from a uniquely Irish perspective but also investigates the memorialisation and marketing of the Irish past in overseas locations such as the USA and Australia

Civilising rural Ireland Patrick Doyle, 2019-01-21 This electronic version has been made available under a Creative Commons BY NC ND open access license The introduction of co-operative societies into the Irish countryside during the late nineteenth century transformed rural society and created an enduring economic legacy Civilising rural Ireland

challenges predominant narratives of Irish history that explain the emergence of the nation state through the lens of political conflict and violence Instead the book takes as its focus the numerous leaders organisers and members of the Irish co operative movement Together these people captured the spirit of change as they created a modern Ireland through their reorganisation of the countryside the spread of new economic ideas and the promotion of mutually owned businesses Besides giving a comprehensive account of the co operative movement s introduction to Irish society the book offers an analysis of the importance of these radical economic ideas upon political Irish nationalism **Signifying Place** Sheila

Gaffey,2017-11-28 Through a socio semiotic analysis of promotional materials used by both producers of quality products and their support organizations this book investigates the use of imagery especially images of place in three contrasting regions of Ireland It highlights the role of place particularly rural imagery in the promotion of handcrafts and rural tourism services and suggests some of the meanings which may be contacted through the use of such imagery Much of the research to date in this field has concentrated on the use of imagery to promote particular places rather than products and in an Irish context on the promotion of Ireland as a tourism destination This book focuses on the regional and local level to examine the creation and use of more micro place specific images both real and mythical by small and medium sized businesses and explores the extent to which the two industries borrow from and feed into firstly each other and secondly macro place myths and iconographies *The Country Cooking of Ireland* Colman Andrews,2012-12-21 The acclaimed food and travel writer brings

to life the people countryside and delicious food of Ireland in this James Beard Award winning cookbook Fast emerging as one of the world s hottest culinary destinations Ireland is a country of small farms artisanal bakers cheese makers and butteries Farm to table dining has been practiced here for centuries Meticulously researched and reported by Saveur magazine founder Colman Andrews this sumptuous cookbook includes 250 recipes and more than 100 photographs of the pubs the people and the emerald Irish countryside taken by award winning photographer Christopher Hirsheimer Rich with stories of the food and people who make Ireland a wonderful place to eat and laced with charming snippets of song folklore and poetry *The Country Cooking of Ireland* ushers in a new understanding of Irish food **The Islandman** Irene

Lucchitti,2009 This book concerns Tom s O Crohan of the Blasket Islands and offers a radical reinterpretation of this iconic Irish figure and his place in Gaelic literature It examines the politics of Irish culture that turned O Crohan into *The Islandman* and harnessed his texts to the national political project presenting him as an instinctual natural hero and a naive almost unwilling writer and his texts as artefacts of unselfconscious unmediated linguistic and ethnographic authenticity The author demonstrates that such misleading claims never properly scrutinised before this study have been to the detriment of the author s literary reputation and that they have obscured the deeply personal and highly idiosyncratic purpose and nature of his writing At the core of the book is a recognition that what O Crohan wrote was not primarily a history nor an ethnography but an autobiography The book demonstrates that the conventional reading of the texts which privileges O Crohan s

fisherman identity has hidden from view the writer protagonist inscribed in the texts subordinating his identity as a writer to his identity as a peasant The author shows O Crohan to have been a literary pioneer who negotiated the journey from oral tradition into literature as well as a modern self aware man of letters engaging deliberately and artistically with questions of mortality **The End of Outrage** Breandán Mac Suibhne,2017 Tells the absorbing story of post famine Donegal the Molly Maguires a secret society who had set themselves up against the exploitation of the rural poor and Patrick McGlynn an avaricious schoolmaster who turned informer on them availing of hunger disease debt hardship and death to expand his holding at the expense of his neighbours **Irish English as Represented in Film** Shane Walshe,2009 This study is the first of its kind to analyse the representation of Irish English in film Using a corpus of 50 films ranging from John Ford s *The Informer* 1935 to Lenny Abrahamson s *Garage* 2007 the author examines the extent to which Irish English grammatical discourse and lexical features are present in the films and provides a qualitative analysis of the accents in these works The authenticity of the language is called into question and discussed in relation to the phenomenon of the Stage Irishman

On an Irish Island Robert Kanigel,2013-02-26 *On an Irish Island* tells the remarkable story of a remote outpost nearly untouched by time in the first half of the twentieth century and of the adventurous men and women who visited and were inspired by it In a love letter to a vanished way of life Robert Kanigel brings to life this wildly beautiful island notable for the vivid communal life of its residents and the unadulterated Irish they spoke well into the twentieth century With the Irish language rapidly disappearing Great Blasket became a magnet for scholars linguists and writers during the Gaelic renaissance As we follow these visitors among them John Millington Synge author of *The Playboy of the Western World* we are captivated both by the tiny group of islanders who kept an entire country s past alive and by their complex relationships with those who brought the island s story to the larger world **Reforming Chile** Patrick Barr-Melej,2002-11-25 Highlighting the crucial yet largely overlooked role played by society s middle layers in the historical development of Latin America Patrick Barr Melej provides the first comprehensive analysis of the rise of Chile s middle class reform movement and its profound impact on that country s cultural and political landscapes He shows how a diverse collection of middle class intellectuals writers politicians educators and bureaucrats forged a progressive nationalism and advanced an ambitious cultural political project between the 1890s and 1940s Together reformers challenged the power of elite groups and sought to quell working class revolutionary activism as they endeavored to democratize culture and fortify liberal democracy Using sources that range from archival documents and newspapers to short stories novels and school textbooks Barr Melej examines the reform movement s cultural ideas and their political applications especially as they were articulated in the areas of literature and public education In the process he provides a new framework for understanding Chile s cultural and political evolution as well as the complicated place of the middle class in a society experiencing the swift changes inherent in capitalist modernization **The Palgrave Handbook of Contemporary Irish Theatre and Performance** Eamonn

Jordan, Eric Weitz, 2018-09-18 This Handbook offers a multiform sweep of theoretical historical practical and personal glimpses into a landscape roughly characterised as contemporary Irish theatre and performance Bringing together a spectrum of voices and sensibilities in each of its four sections Histories Close ups Interfaces and Reflections it casts its gaze back across the past sixty years or so to recall analyse and assess the recent legacy of theatre and performance on this island While offering information overviews and reflections of current thought across its chapters this book will serve most handily as food for thought and a springboard for curiosity Offering something different in its mix of themes and perspectives so that previously unexamined surfaces might come to light individually and in conjunction with other essays it is a wide ranging and indispensable resource in Irish theatre studies

Inauthentic Vincent John Cheng, 2004 Vincent Cheng examines why we still cling to notions of authenticity in an increasingly globalized world that has exploded notions of authentic essences absolute differences Just why do we become so exercised over a perceived loss of authentic cultural identity

James Joyce and the Fabrication of an Irish Identity, 2021-10-18

Emerald Green Tim Wenzell, 2009-12-14 *Emerald Green* An Ecocritical Study of Irish Literature analyzes a wide range of Irish literature whose themes tie into a reverence for the natural world of Ireland From an ecocritical perspective these works tied into an understanding of the landscape and particular aspects of nature attain a fresh new meaning and foster a more relevant reflection of Ireland's beautiful literary landscape The analysis begins with the first Irish writers the hermit poets and examines the ways in which the Irish hermit and saint were connected spiritually through both pagan and early Christian values to the natural world The book then examines Irish literature from the perspective of the deforested landscape and the landscapes of farmland divided property famine ruins and a threatening natural world Following the Famine the book moves on to explore the establishment of the pastoral dream in this loss of landscape and a reconnection to nature through the writers of the Irish Literary Renaissance From there the analysis shifts to the nature writing of Ireland's islands including nature and community on Achill Island storytelling on the Aran Islands exile in nature on Skellig Michael and the mythmaking of the Great Blasket Island Moving north and into the twentieth

century Emerald Green focuses on four nature poets from Northern Ireland Patrick Kavanagh Louis MacNeice Seamus Heaney and Michael Longley all four are redeemed by nature through their returns to the rural landscape of Ireland's west coast The book concludes with an examination of modern Irish environmental writers and naturalist poets as well as journalists weighing in on current environmental concerns in Ireland Emerald Green concludes with an assessment of the future of nature in Ireland and how the significant reduction of this country's natural landscape will alter its literary landscape as well *Woven Shades of Green* Tim Wenzell, 2019-08-09 Early Irish nature poetry Nature writing and the changing Irish landscape Nature and the Irish literary revival Modern Irish nature poetry The literature of Irish naturalists

Modern Irish Poetry: A New Alhambra Frank Sewell, 2001-01-25 Recently chapters on individual Irish language authors have formed part of publications regarding modern Irish art and culture in general Such chapters are welcome but they have excited the curiosity of readers to the degree that longer more detailed works are now required to put writing in Irish into perspective In this study of four modern poets two each from two generations Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition Chapters 1 and 2 turn from the mid 20th century master Seán Ríordáin to the contemporary poet Cathal Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and indeed society in the period Here importantly the word development is meant in a neutral way the image used is that of a zig zag movement in the pattern of the continuing Irish tradition Chapter 3 returns to the slightly earlier major Irish language poet Máirtín Ó Direáin In doing so it returns home from the internationalism of the previous chapter on Searcaigh to Ireland a major focus and concern for the more solely traditionalist Ó Direáin This switch back in time geography social mores or outlook fits and illustrates Sewell's concept of the zig zag movement of a country's culture as it proceeds from generation to generation The positioning therefore has a thematic purpose The fourth and final chapter focuses on the contemporary poet Nuala Ní Dhomhnaill who has managed to synthesise tradition and modernity central concerns of this book and who in doing so has become the current trail blazer of Irish poetry in either language **Yeats Annual No. 13** Warwick Gould, 2016-07-27 Yeats Annual is the leading international research level journal devoted to the greatest twentieth century poet in the English language In this number there are new essays on Yeats's theatre by leading scholars such as Richard Allen Cave Gregory N Eaves and Masaru Sekine while scholars from nine countries including Peter L Caracciolo and Paul Edwards Maneck H Daruwala William F Halloran Elisabeth Heine and Colleen MacKenna address such matters as Yeats and Maud Gonne Marriage and the Astrological Record 1908-9 Yeats's relations with Fiona Macleod and with Wyndham Lewis the Ghost of Wordsworth Philip Larkin and Seamus Heaney There are new essays on A Vision shorter bibliographical notes and reviews of ten new studies
