look at Blainey's remarkable and sometimes controversial career **To the Islands** Paul Battersby, 2007-01-01 To the Islands traces the persistence across two centuries of a regional idea expressed variously as Australasia the Malay Archipelago and the Islands The book explores the manifestations of this idea in trade travel investment and diplomatic interactions between Australia and its island neighbors from the early years of British colonization to the present day

Philip Payton, Andrekos Varnava, 2019-08-12 This edited collection explores how migrants played a major role in the creation and settlement of the British Empire by focusing on a series of Australian case studies Despite their shared experiences of migration and settlement migrants nonetheless often exhibited distinctive cultural identities which could be deployed for advantage Migration established global mobility as a defining feature of the Empire Ethnicity class and gender were often powerful determinants of migrant attitudes and behaviour This volume addresses these considerations illuminating the complexity and diversity of the British Empire's global immigration story Since 1788 the propensity of the populations of Britain and Ireland to immigrate to Australia varied widely but what this volume highlights is their remarkable diversity in character and impact The book also presents the opportunities that existed for other immigrant groups to demonstrate their loyalty as members of the white Australian community along with notable exceptions which demonstrated the limits of this

inclusivity **Australia's Nuclear Policy** Michael Clarke, Stephan Frühling, 2016-03-03 Australia's Nuclear Policy: Reconciling Strategic Economic and Normative Interests critically re-evaluates Australia's engagement with nuclear weapons, nuclear power and the nuclear fuel cycle since the dawn of the nuclear age. The authors develop a holistic conception of nuclear policy that extends across the three distinct but related spheres: strategic, economic and normative, that have arisen from the basic dual-use dilemma of nuclear technology. Existing scholarship on Australia's nuclear policy has generally grappled with each of these spheres in isolation. In a fresh evaluation of the field, the authors investigate the broader aims of Australian nuclear policy and detail how successive Australian governments have engaged with nuclear issues since 1945. Through its holistic approach, the book demonstrates the logic of seemingly conflicting policy positions at the heart of Australian nuclear policy, including simultaneous reliance on US extended deterrence and the pursuit of nuclear disarmament. Such apparent contradictions highlight the complex relationships between different ends and means of nuclear policy. How successive Australian governments of different political shades have attempted to reconcile these in their nuclear policy over time is a central part of the history and future of Australia's engagement with the nuclear fuel cycle. **Andrew Fisher** Peter Edward Bastian, 2009. Australians take for granted the presence of their federal government, yet it is impossible to overestimate as this full biography reveals the role Andrew Fisher played in its development. The book also reveals the skills with which Fisher led the ALP in its early years and his important contributions as wartime Prime Minister and as High Commissioner in London. Andrew Fisher: An Underestimated Man attempts to account for the obscurity of one of Australia's greatest reformers. Publisher description Out of Place Philip Goldswain, Nicole Sully, William M. Taylor, 2014. This collection of essays explores historical, geographical and cultural factors that contribute to our understanding of places and settings of Australian transient communities. From Gwalia and Kalgoorlie in Western Australia, Charters Towers in Queensland, Broken Hill in New South Wales and Queenstown in Tasmania, the places provide opportunity to revisit sites of history from the different angles of architecture, landscape theory, social history and visual arts. They also provide a springboard for thinking through the pressing issues of contemporary Australians and counterparts in other post-settler societies. Subject: Australian Studies, History **Australia in the Global Economy** Barrie Dyster, David Meredith, 2012-09-28. With the global economy in crisis, there is great need for a deeper understanding of Australia's economic place in the world both today and throughout history. This new edition of Barrie Dyster and David Meredith's highly successful book is fully updated and includes three new chapters covering until the end of 2011. The book explores the evolution of Australia's position in the global economy from the start of the twentieth century through to the present day, examining the international and local economies of five key historical periods. With a focus on trade, foreign investment and immigration, the book considers periods both of growth and decline. By using historical perspectives to explain the present and give direction to the future, this unique book presents a rich account of Australia's position within a global economic

context It is an essential resource for students and lecturers of Australian economic history *Death and Garden Narratives in Literature, Art, and Film* Feryal Cubukcu, Sabine Planka, 2020-07-30 *Death and Garden Narratives in Literature Art and Film* Song of Death in Paradise analyzes the combination of two motifs death and gardens throughout various media and cultural contexts in order to show how the two subjects are intertwined and prevalent throughout the world's cultures

Finance, Politics, and Imperialism A. Dilley, 2011-12-15 Andrew Dilley offers a major new study of financial dependence examining the connections this dependence forged between the City and political life in Edwardian Australia and Canada mediated by ideas of political economy In doing so he reconstructs the occasionally imperialistic politics of finance which pervaded the British World at this time **The Pilbara** Bradon Ellem, 2017 The Pilbara a large thinly populated region in the north of Western Australia has become central to the Australian economy and imagination With millions of tons of iron ore shipped to China the Pilbara is a media staple through stories of mining companies profits the earnings of fly in fly out workers and the wealth of new entrepreneurs For all this what we know about a vital region such as the Pilbara remains incomplete The boomtime stories do not reveal much about the Pilbara itself a place completely transformed across fifty years of mining No one has acknowledged the Pilbara's ancient history or the men and women who worked there from the 1960s building unions and making communities as they worked the mines In those days the Pilbara excited both hope and dread about its workers and their power From the deserts prophets come AD Hope wrote years before in his poem Australia And it appeared that the Pilbara might be the site of a novel kind of unionism with workers winning not only high wages but control of the places where they worked and the towns where they lived But it was not to be Starting in the 1980s the companies fought back defeating the unions and remaking the Pilbara The managers were now the prophets with new ways of organising work and managing workers The companies reinvented the Pilbara through workplace control fly in fly out labor and twelve hour shifts Their vision reshaped not just the desert but the cities not just the work in mines and ports but in offices and shops When the biggest boom in mining history came along it unfolded across a Pilbara landscape very different from a generation earlier The union prophets were gone the companies profits grew This book reveals the story of fifty years of conflict over work and life in the Pilbara and how this conflict has affected the rest of Australia Subject

Australian Studies Labor History **Sludge** Peter Davies, Susan Lawrence, 2019-08-05 The fascinating troubling legacy of the gold rush Everyone knows gold made Victoria rich But did you know gold mining was disastrous for the land engulfing it in floods of sand gravel and silt that gushed out of the mines Or that this environmental devastation still affects our rivers and floodplains Victorians had a name for this mining waste sludge Sludge submerged Victoria's best grapevines near Bendigo filled Laanecoorie Reservoir on the Loddon River and flowed down from Beechworth over thousands of hectares of rich agricultural land Children and animals drowned in sludge lakes Mining effluent contaminated three quarters of Victoria's creeks and rivers Sludge is the compelling story of the forgotten filth that plagued nineteenth century Victoria It exposes

the big dirty secret of Victoria's mining history the way it transformed the state's water and land and how the battle against sludge helped lay the ground for the modern environmental movement Sludge is a fascinating entangled story of human endeavour and environmental destruction An exciting and timely reminder that history is a dirty business precisely because it oozes its way into the present Clare Wright Sludge slurry slickens or porridge call it what you will mining waste made a mess of Victoria's environment In Sludge Susan Lawrence and Peter Davies carefully investigate this murky history of greed mismanagement reform and forgetting It is a gripping account of an environmental catastrophe and it vividly conveys the long term costs of short term gains Billy Griffiths This is the book about the goldfields I most wanted to read but didn't think could be written It's a remarkable achievement Tom Griffiths If Victorians dreamed of glittering gold what they got was a tidal wave of sludge that covered the land like a poisonous blanket and made the rivers run thick as gruel Susan Lawrence and Peter Davies vividly recreate the forgotten landscapes of nineteenth century Victoria revealing how people and mining destroyed the country that nurtured them and how that silent legacy is still with us today Here is a powerful parable a work of brilliant rediscovery and a wakeup call for our own times Grace Karskens
