Rush To Policy

Raffaella Di Napoli

Rush To Policy:

Rush to Policy Roger Shull, 2017-07-05 Rush to Policy explores the appropriate role of technical analysis in policy formation. The authors ask when and how the use of sophisticated analytic techniques in decision making benefits the nation. They argue that these techniques are too often used in situations where they may not be needed or understood by the decision maker where they may not be able to answer the questions raised but are nonetheless required by the law. House and Shull provide an excellent empirical base for describing the impact of politics on policies, policy analysis, and policy analysts. They examine cost-benefit analysis, risk analysis, and decision analysis and assess their ability to substitute for the current decision making process in the public sector. They examine the political basis of public sector decision making, how individuals and organizations make decisions, and the ways decisions are made in the federal sector. Also, they discuss the mandate to use these methods in the policy formulation process. The book is written by two practicing federal policy analysts who in a decade of service as policy researchers developed sophisticated quantitative analytic and decision making techniques. They then spent several years trying to use them in the real world. Successes and failures are described in illuminating detail, providing insight not commonly found in such critiques. The authors delineate the interaction of politics and technical issues. Their book describes policy analysis as it is, not how it ought to be. The Long Game Rush

Doshi, 2023-01-11 For more than a century, no US adversary or coalition of adversaries, not Nazi Germany, Imperial Japan, or the Soviet Union, has ever reached sixty percent of US GDP. China is the sole exception, and it is fast emerging into a global superpower that could rival, if not eclipse, the United States. What does China want? Does it have a grand strategy to achieve it, and what should the United States do about it? In *The Long Game*, Rush Doshi draws from a rich base of Chinese primary sources, including decades worth of party documents, leaked materials, memoirs by party leaders, and a careful analysis of China's conduct, to provide a history of China's grand strategy since the end of the Cold War. Taking readers behind the Party's closed doors, he uncovers Beijing's long methodical game to displace America from its hegemonic position in both the East Asia regional and global orders through three sequential strategies of displacement. Beginning in the 1980s, China focused for two decades on hiding capabilities and biding time. After the 2008 Global Financial Crisis, it became more assertive regionally, following a policy of actively accomplishing something. Finally, in the aftermath of populist elections in 2016, China shifted to an even more aggressive strategy for undermining US hegemony, adopting the phrase "great changes unseen in a century." After charting how China's long game has evolved, Doshi offers a comprehensive yet asymmetric plan for an effective US response. Ironically, his proposed approach takes a page from Beijing's own strategic playbook to undermine China's ambitions and strengthen American order without competing dollar for dollar, ship for ship, or loan for loan. **Anchora**, **Geddy Lee's Big Beautiful Book of Bass** Geddy Lee, 2018-12-18 A treasure trove for any fan of the four-stringed and occasionally more instrument, *Billboard*. It's not surprising that sooner or later I'd dive down the proverbial rabbit hole into the world of vintage

bass guitars Geddy Lee From Rush frontman Geddy Lee's personal collection of vintage electric bass guitars dating from the 1950s to the 1980s comes the definitive volume on the subject Geddy's love of the bass has been nurtured over a lifetime spent in the limelight as one of the world's premier rock bassists For the past seven years he's dedicated himself to studying the history of the instrument that's been so essential to his career collecting hundreds of basses from around the globe Written with arts journalist Daniel Richler gorgeously photographed in breathtaking detail by Richard Sibbald and with insight from Geddy's trusted bass tech and curator John Skully McIntosh Geddy Lee's Big Beautiful Book of Bass profiles over 250 classic basses from Geddy's extensive collection Representing every tone in the bass palette every nuance of the rock and roll genre as well as blues jazz pop and country this one of a kind collection features so called beauty queens pristine instruments never lifted from their cases as well as road warriors well worn sweat soaked basses that proudly show their age and use Complete with personal commentary from Geddy that showcases his knowledge both as a musician and an aficionado this luxuriously produced volume is a revelatory look at the heavy hitters in the world of bass Fender Gibson Epiphone Rickenbacker Höpner Ampeg and lesser known but influential global luthiers such as Antonio Wandr Pioli Dan Armstrong and Tony Zemaitis The book also features interviews with John Paul Jones Led Zeppelin Adam Clayton U2 Robert Trujillo Metallica Jeff Tweedy Wilco Bill Wyman The Rolling Stones Les Claypool Primus Bob Daisley Rainbow Fender expert and owner of the legendary Gibson Explorer Bass Ken Collins veteran guitar tech for The Who Alan Rogan plus comments from many other great players across three decades of rock and roll Written in Geddy's singular voice this book reveals the stories songs and history behind the instruments of his inimitable collection Complete with an index and a graphically designed timeline of the history of the bass as well as an up close look at Geddy's basses on Rush's final R40 Tour his stage and recording gear from 1968 to 2017 and forewords by author and respected vintage expert Terry Foster and Rush band member Alex Lifeson Geddy Lee's Big Beautiful Book of Bass is the ultimate compendium for the consummate collector musician Rush fan and anyone who loves the bass guitar
