Humankind: Ruskin Spear Tanya Harrod, 2022-01-13 Humankind Ruskin Spear is the first book on the painter Ruskin Spear RA 1911 1990 since a brief monograph in 1985 It uses Spear's career to unlock the coded standards of the 20th century art world and to look at class and culture in Britain and at notions of vulgarity The book takes in popular press debates linked to the annual Royal Academy Summer Exhibition the changing preferences of the institutionalized avant garde from the Second World War onwards the battles fought within colleges of art as a generation of post war students challenged the skills and commitment of their tutors and the changing status of figurative art in the post war period Spear was committed to a form of social realism but the art he produced for left wing and pacifist exhibitions and causes had a sophistication authenticity and humour that flowed from his responses to bravura painting across a broad historical swathe of European art and from the fact that he was painting what he knew Spear's geography revolved around the working class culture of Hammersmith in West London and the spectacle of pub and street life This was a metropolitan life little known to and largely unrecorded by his contemporaries Tracking Spear also illuminates the networks of friendship and power at the Royal College of Art at the Royal Academy of Arts and within the post war peace movement As the tutor of the generation of Kitchen Sink and of future Pop artists at the Royal College of Art and with friendships with figures as diverse as Sir Alfred Munnings and Francis Bacon Spear's interest in non elite culture and marginal groups is of particular interest Spear's biting satirical pictures took as their subject matter political figures as diverse as Khrushchev and Enoch Powell the art of Henry Moore and Reg Butler and more generally the structures of leisure and pleasure in 20th century Britain Humankind Ruskin Spear has an obvious interest for art historians but it also functions as a social history that brings alive aspects of British popular culture from tabloid journalism to the social mores of the public house and the snooker hall as well as the unexpected functions of official and unofficial portraiture Written with general reader in mind it has a powerful narrative that presents a remarkable rumbustious character and a diverse series of art and non art worlds **The Artist**, 1993 *Walter Sickert and the Camden Town Group* Maureen Connnett, 1992 **Keith Vaughan** Philip Vann, Gerard Hastings, 2012 Keith Vaughan 1912 77 was a major figure in post war British art who is known for his searching portraits of the male nude and his association with the Neo Romantic painters This book provides for the first time a definitive illustrated account of his life and work exploring his wide ranging achievement as a modern British artist **Burning the Box of Beautiful Things** Alex Seago, 1995 Alex Seago's book has been inspired by his desire to understand and discover the origins of postmodern culture in Britain One of the main points of his study is that it was art and design students who were among the first to be aware of and to articulate social implications of postmodern culture Arguing that postwar art schools provided a vital crucible for the development of a particularly English cultural sensibility he focuses on cultural change at the Royal College of Art London

during the 1950s and 1960s The students attack on the English box of beautiful things a term used by a former student to describe the neo Romantic neo Victorian highly decorated tastes of some RCA tutors took several forms which eventually resulted in the Pop Art produced by the 1959 62 generation Boshier Phillips Jones Hockney et al Alex Seago traces the emergence of English postmodernism through the pages of ARK The Journal of the Royal College of Art interviewing ARK s editors art editors and contributors including Len Deighton novelist and art editor of ARK 10 Clifford Hatts student at the RCA 1946 8 and later head of the Design Group BBC Peter Blake RCA Painting School 1953 6 Robyn Denny RCA Painting School 1954 7 ARK s object of enquiry remained the elusive but necessary relationships between the arts and the social context throughout its twenty five year history making it a valuable archive for the cultural historian in its most memorable issues ARK s layouts complemented the contents to produce distillations of the energy and enthusiasm of the period under review

The Mirror Steamed Over Anthony Byrt, 2020-06-18 In the early sixties at the Royal College of Art in London three extraordinary personalities collided to reshape contemporary art and literature Barrie Bates who would become Billy Apple in November 1962 was an ambitious young graphic designer from New Zealand who transformed himself into one of pop art s pioneers At the same time his friend and fellow student David Hockney young Northern and openly gay was making his own waves in the London art world Bates and Hockney travelled together bleached their hair together and despite being two of London s rising art stars almost failed art school together And in the middle of it all was the secretary of the Royal College s Painting School an aspiring young novelist called Ann Quin Quin ghost wrote her lover Bates s dissertation and collaborated with him on a manifesto all the while writing *Berg* the experimental novel that would establish her as one of the British literary scene s most exciting new voices Taking us back to London s art scene in the late fifties and early sixties award winning writer Anthony Byrt illuminates a key moment in cultural history and tackles big questions Where did Pop and conceptual art come from How did these three remarkable young outsiders change British culture And what was the relationship between revolutions in personal and sexual identities and these major shifts in contemporary art From the Royal College to Coney Island and Madison Avenue encountering R D Laing and Norman Mailer Shirley Clarke and Larry Rivers The Mirror Steamed Over is a remarkable journey through a pivotal moment in contemporary culture Artribiographies
