Moss,2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful with both professors and students including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps that supplement and amplify the text fully updated bibliographies accompanying each chapter as well as a general bibliography of more comprehensive works a glossary and chronological and genealogical lists Moss s *A History of Russia* will appeal to academics students and general readers alike

Russia John M. Thompson,Christopher J. Ward,John Thompson,2017-07-25 This lucid account of Russian and Soviet history presents major trends and events from ancient Kievan Rus to Vladimir Putin s presidency in the twenty first century Russia does not shy away from controversial topics including the impact of the Mongol conquest the paradoxes of Peter the Great the inevitability of the 1917 Revolution the Stalinist terror and the Gorbachev reform effort Tackling those topics and others the new edition is updated to discuss the Russia Georgia war of 2008 the 2013 2014 Euromaidan protests in Ukraine the war in eastern Ukraine and the Russian annexation of Crimea Distinguished by its brevity and amply supplemented with useful images and suggested readings this essential text provides balanced coverage of all periods of Russian history and incorporates economic social and cultural developments as well as politics and foreign policy

A History of Russia and the Soviet Union David MacKenzie,Michael W. Curran,1987

A History Of Russia Volume 2 Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Russia's Bitter Path to Modernity Alexander Chubarov,2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia *The Fragile Empire*

One of the key factors to Russia's distinctiveness is its halfway location in the center of the Eurasian landmass. This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles. Neither approach says Chubarov will work on its own. Chubarov offers a balanced view, abstaining from narrow ideologically biased assessments and examines the triumphs, yes, and failures of Russia's Soviet development within Russia's own cultural and historical context. Without ever minimizing the brutalities of the Soviet period—the state terror, the collectivizations, the labor camps, the deportations of whole peoples—Chubarov demonstrates much continuity between tsarist and Soviet Russia, with the latter often repeating the former's mistakes. Russia, says Chubarov, cannot turn its back on its Soviet experience. Far from being a blind alley or aberrant phase, the Soviet period was an organic part of Russia's history and was largely successful in turning Russia and most of the other Soviet republics into modern states.

Soviet Politics Richard Sakwa, 2012-11-12

Soviet Politics in Perspective is a new edition of Richard Sakwa's successful textbook *Soviet Politics: an introduction*. Thoroughly revised and updated, it builds on the previous editions' comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991. The book is divided into five parts which focus on key aspects of Soviet politics. They are: historical perspectives beginning with the Tsarist regime on the eve of Revolution; the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors; and Gorbachev's attempts to revive the system's institutions of Government such as the Communist Party, security apparatus, the military, the justice system, local government, and participation. Theoretical approaches to Soviet politics including class and gender politics; the role of ideology and the shift from dissent to pluralism; key policy areas: the command economy and reform, nationality politics and foreign and defence policy; an evaluation of Soviet rule and reasons for its collapse. Providing key texts and bibliographies, this book offers the complete history and politics of the Soviet period in a single volume. It will be indispensable to students of Soviet and post-Soviet politics as well as the interested general reader.

The Rise and Fall of the Soviet Union Richard Sakwa, 2005-08-17

Discusses the history of the Soviet Union from the revolution of 1917 through the Lenin and Stalin eras and the rule of such leaders as Khrushchev, Brezhnev, and Gorbachev up to the formal dissolution of the Soviet Union in 1991.

World History Encyclopedia [21 volumes] Alfred J. Andrea Ph.D., 2011-03-23

An unprecedented undertaking by academics reflecting an extraordinary vision of world history, this landmark multivolume encyclopedia focuses on specific themes of human development across cultures, era by era, providing the most in-depth, expansive presentation available of the development of humanity from a global perspective. Well-known and widely respected historians worked together to create and guide the project in order to offer the most up-to-date visions available. A monumental undertaking. A stunning academic achievement. ABC-CLIO's World History Encyclopedia is the first comprehensive work to take a large-scale thematic look at the human species worldwide. Comprised of 21 volumes covering 9 eras, an introductory volume, and an index, it charts the extraordinary journey of humankind, revealing crucial connections among civilizations in different regions through the ages.

Within each era the encyclopedia highlights pivotal interactions and exchanges among cultures within eight broad thematic categories population and environment society and culture migration and travel politics and statecraft economics and trade conflict and cooperation thought and religion science and technology Aligned to national history standards and packed with images primary resources current citations and extensive teaching and learning support the World History Encyclopedia gives students educators researchers and interested general readers a means of navigating the broad sweep of history unlike any ever published

Not by Bread Alone Robert Nalbandov, 2016 Since its independence in 1991 Russia has struggled with the growing pains of defining its role in international politics After Vladimir Putin ascended to power in 2000 the country undertook grandiose foreign policy projects in an attempt to delineate its place among the world's superpowers With this in mind Robert Nalbandov examines the milestones of Russia's international relations since the turn of the twenty-first century He focuses on the specific goals engagement practices and tools used by Putin's administration to promote Russia's vital national and strategic interests in specific geographic locations His findings illuminate Putin's foreign policy objective of reinstituting Russian global strategic dominance Nalbandov argues that identity-based politics have dominated Putin's tenure and that Russia's east-west split is reflected in Asian-European politics Nalbandov's analysis shows that unchecked domestic power an almost exclusive application of hard power and determined ambition for unabridged global influence and a defined place as a world superpower are the keys to Putin's Russia

[A Study Guide for Nikolai Vail'evitch Gogol's "The Nose"](#) Gale, Cengage Learning, A Study Guide for Nikolai Vail'evitch Gogol's *The Nose* excerpted from Gale's acclaimed *Short Stories for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Short Stories for Students* for all of your research needs

Russian/Soviet Studies in the United States, Amerikanistika in Russia Ivan Kurilla, Victoria I. Zhuravleva, 2015-12-09 In this collection leading scholars of U.S. Russian relations from both countries analyze the place occupied by the study of the Other either Russian or American within national social and political agendas throughout the past century and a half The contributors examine the problems that arise from the intersections of academic political and sociocultural contexts
