"The" Historians' History of the World Henry Smith Williams, 1907 The Historians' History of the World: Index Henry Smith Williams, 1907 *Readings in Russian Civilization Volume I* Thomas Riha, 2009-02-15 This new and enlarged version of *Readings in Russian Civilization* is the result of fairly extensive revisions. There are now 72 instead of 64 items. 20 of the selections are new. The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time. In the second volume there are 6 new items all of them appear in English for the first time. The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian. It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating. The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present. The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition. New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor's attention. From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view. C. Bickford O'Brien. *The Russian Review*. These three volumes cover quite well the main periods of Russian civilization. The choice of the articles and other material is made by a competent and unbiased scholar. Ivan A. Lopatin. Professor of Asian and Slavic Studies. University of Southern California. Index Henry Smith Williams, 1907 Stalin's Secret War Robert W. Stephan, 2004 An animated adaptation of the story of the same title by Maurice Sendak in which a small boy makes a visit to the land of the wild things. Tells how he tames the creatures and returns home. For primary grades. **Peter the Great: His Life and World** Robert K. Massie, 2012-09-18 PULITZER PRIZE WINNER An urgently readable Newsweek biography of the captivating tsar who changed Russian history from the New York Times bestselling author of *Nicholas and Alexandra*. The Romanovs and Catherine the Great. Enthralling as fascinating as any novel and more so than most. The New York Times Book Review. The Extraordinary Selection of paintings reproduced in this stunning book all by western European women artists has been drawn from the unrivaled collection of the State Hermitage Museum in St Petersburg Russia and is published here as part of the international celebrations to mark the city's 300th anniversary. An Imperial Collection explores how women as patrons, artists and subjects contributed to the cultural history of Russia. Eminent families formed collections and created artistic commissions that brought women artists to Russia and extended the influence of western European art at the royal court of the tsars. Some women artists were allowed into the inner circles of the court providing an insider view into the private intimate side of imperial life. Artists whose work is explored in the book include Elisabeth Louise Vigée Lebrun who from 1795 to 1801 found refuge in St Petersburg after the French Revolution forced her to flee her own country. French sculptor Marie Anne Collot whose numerous works for Catherine the Great included the monumental head for the sculpture of Peter the Great now one of the great landmarks of St Petersburg and Angelica Kauffman one of the few eighteenth century women painters to tackle the challenging field of history painting often with a heightened sensitivity to female roles. This book is essential reading for anyone interested in women artists, the history of Russian patronage of the arts and Russian imperial history and culture.
