## **Russia A Country Study Area Handbook Series:**

Russia Glenn Eldon Curtis, 1998 Study of the history culture and government of Russia **Armenia, Azerbaijan, and Georgia** Library of Congress. Federal Research Division, 1995 One in a series of books analyzing the political economic social and national security systems and institutions of a range of countries and how they are shaped by cultural factors Here Armenia Azerbaijan and Georgia are examined both as they existed before and during the Soviet era and how they have developed since 1991 The marked relaxation of information restrictions which began in the late 1980s and accelerated after 1991 has allowed the reporting of nearly complete data on every aspect of life in the three countries *Russia and the Idea of the West* Robert D. English, 2000 In most analyses of the Cold War s end the ideological aspects of Gorbachev s new thinking are treated largely as incidental to the broader considerations of power English demonstrates that Gorbachev s foreign policy was the result of an intellectual revolution He analyzes the rise of a liberal policy academic elite and its impact on the Cold War s end **Russia** Dmitri Trenin, 2019-07-26 Over the past century alone Russia has lived through great achievements and deepest misery mass heroism and mass crime over blown ambition and near hopeless despair always emerging with its sovereignty and its fiercely independent spirit intact In this book leading Russia scholar Dmitri Trenin accompanies readers on Russia s rollercoaster journey from revolution to post war devastation perestroika to Putin s stabilization of post Communist Russia Explaining the causes and the meaning of the numerous twists and turns in contemporary Russian history he offers a vivid insider s view of a country through one of its most trying and often tragic periods Today he cautions Russia stands at a turning point politically economically and socially its situation strikingly reminiscent of the Russian Empire in its final years For the Russian Federation to avoid a similar demise it must learn the lessons of its own history **Plots against Russia** Eliot Borenstein, 2019-04-15 In this original and timely assessment of cultural expressions of paranoia in contemporary Russia Eliot Borenstein samples popular fiction movies television shows public political pronouncements internet discussions blogs and religious tracts to build a sense of the deep historical and cultural roots of konspirologiia that run through Russian life Plots against Russia reveals through dramatic and exciting storytelling that conspiracy and melodrama are entirely equal opportunity in modern Russia manifesting themselves among both pro Putin elites and his political opposition As Borenstein shows this paranoid fantasy until recently characterized only the marginal and the irrelevant Now through its embodiment in pop culture the expressions of a conspiratorial worldview are seen everywhere Plots against Russia is an important contribution to the fields of Russian literary and cultural studies from one of its preeminent voices Cuba Rex A. Hudson, 2002 Describes and analyzes the economic national security political and social systems and institutions of Cuba Amazon com viewed Jan 4 2021 **Russia's Cultural Statecraft** Tuomas Forsberg, Sirke Mäkinen, 2021-11-04 This book focusses on Russia s cultural statecraft in dealing with a number of institutional cultural domains such as education museums and monuments high arts and sport It analyses to what extent

Russia's cultural activities abroad have been used for foreign policy purposes and perceived as having a political dimension. Building on the concept of cultural statecraft, the authors present a broad and nuanced view of how Russia sees the role of culture in its external relations, how this shapes the image of Russia, and the ways in which this cultural statecraft is received by foreign audiences. The expert team of contributors consider what choices are made in fostering this agenda, how Russian state authorities see the purpose and limits of various cultural instruments, to what extent can the authorities shape these instruments, what domains have received more attention and become more politicised, and what fields have remained more autonomous. The methodological research design of the book as a whole is a comparative case study comparing the nature of Russian cultural statecraft across time, target countries, and diverse cultural domains. It will be of interest to scholars and students of Russian foreign policy and external relations, and those working on the role of culture in world politics. **Soviet**

**Union** Raymond E. Zickel, 1991 *Demography of Russia* Tatiana Karabchuk, Kazuhiro Kumo, Ekaterina Selezneva, 2016-11-24 This book examines the demographic development of Russia from the late Russian Empire to the contemporary Russian Federation and includes discussions of marriage patterns, fertility, mortality, and inter-regional migration. In this pioneering study, the authors present the first English language overview of demographic data collection in Russia. Chapters in the book offer a systematic overview of the legislation regulating fertility and the family sphere, a study of the factors determining first and higher order births, and an examination of population distribution across Russian regions. The book also combines research tools from the social sciences with a medical approach to provide a study of mortality rates. By bringing together approaches from several disciplines—demography, economics, and sociology—the authors of this book provide a comprehensive and detailed assessment of the historical roots of Russia's demographic development. **Orthodox**

**Russia in Crisis** Isaiah Gruber, 2012-05-15 A pivotal period in Russian history, the Time of Troubles in the early seventeenth century, has taken on new resonance in the country's post-Soviet search for new national narratives. The historical role of the Orthodox Church has emerged as a key theme in contemporary remembrances of this time, but what precisely was that role? The first comprehensive study of the Church during the Troubles, *Orthodox Russia in Crisis* reconstructs this tumultuous time, offering new interpretations of familiar episodes while delving deep into the archives to uncover a much fuller picture of the era. Analyzing these sources, Isaiah Gruber argues that the business activity of monasteries played a significant role in the origins and course of the Troubles, and that frequent changes in power forced Church ideologues to innovate politically, for example, inventing new justifications for power to be granted to the people and to royal women. These new ideas, Gruber contends, ultimately helped bring about a new age in Russian spiritual life and a crystallization of the national mentality.

**Russia on the Edge** Edith W. Clowes, 2011-04-15 Since the dissolution of the Soviet Union in 1991, Russians have confronted a major crisis of identity. Soviet ideology rested on a belief in historical progress, but the post-Soviet imagination has obsessed over territory. Indeed, geographical metaphors—whether axes of north vs. south or geopolitical images of center

periphery and border have become the signs of a different sense of self and the signposts of a new debate about Russian identity In *Russia on the Edge* Edith W Clowes argues that refurbished geographical metaphors and imagined geographies provide a useful perspective for examining post Soviet debates about what it means to be Russian today Clowes lays out several sides of the debate She takes as a backdrop the strong criticism of Soviet Moscow and its self image as uncontested global hub by major contemporary writers among them Tatyana Tolstaya and Viktor Pelevin The most vocal visible and colorful rightist ideologue Aleksandr Dugin the founder of neo Eurasianism has articulated positions contested by such writers and thinkers as Mikhail Ryklin Liudmila Ulitskaia and Anna Politkovskaia whose works call for a new civility in a genuinely pluralistic Russia Dugin s extreme views and their many responses in fiction film philosophy and documentary journalism form the body of this book In *Russia on the Edge* literary and cultural critics will find the keys to a vital post Soviet writing culture For intellectual historians cultural geographers and political scientists the book is a guide to the variety of post Soviet efforts to envision new forms of social life even as a reconstructed authoritarianism has taken hold The book introduces nonspecialist readers to some of the most creative and provocative of present day Russia s writers and public intellectuals

*Russia and the Cult of State Security* Julie Fedor, 2011 This book explores the mythology woven around the Soviet secret police and the Russian cult of state security that has emerged from it

*Housing the New Russia* Jane R. Zavisca, 2012-05-15 In *Housing the New Russia* Jane R Zavisca examines Russia s attempts to transition from a socialist vision of housing in which the government promised a separate state owned apartment for every family to a market based and mortgage dependent model of home ownership In 1992 the post Soviet Russian government signed an agreement with the United States to create the Russian housing market The vision of an American style market guided housing policy over the next two decades Privatization gave socialist housing to existing occupants creating a nation of homeowners overnight New financial institutions modeled on the American mortgage system laid the foundation for a market Next the state tried to stimulate mortgages and reverse the declining birth rate another major concern by subsidizing loans for young families Imported housing institutions however failed to resonate with local conceptions of ownership property and rights Most Russians reject mortgages which they call debt bondage as an unjust overpayment for a good they consider to be a basic right Instead of stimulating homeownership privatization combined with high prices and limited credit created a system of property without markets Frustrated aspirations and unjustified inequality led most Russians to call for a government controlled housing market Under the Soviet system residents retained lifelong tenancy rights perceiving the apartments they inhabited as their own In the wake of privatization young Russians can no longer count on the state to provide their house nor can they afford to buy a home with wages forcing many to live with extended family well into adulthood Zavisca shows that the contradictions of housing policy are a significant factor in Russia s falling birth rates and the apparent failure of its pronatalist policies These consequences further stack the deck against the likelihood that an affordable housing market will

take off in the near future      **From Peace to War** Bernd Wegner,1997 The German attack on the Soviet Union in June 1941 represents one of the major caesuras in European history Its consequences can still be felt fifty years later Thirty five historians from nine different countries including the former Soviet Union offer a comprehensive survey of the origins course and long term impact of this event This book is not merely concerned with political and military history but also with the experiences of ordinary soldiers and civilians Publisher s description      **Wheel of Fortune** Thane Gustafson,2012-11-06 A Foreign Affairs Best Book of the Year on Eastern Europe and the Former Soviet Republics The Russian oil industry which vies with Saudi Arabia as the world s largest producer and exporter of oil providing nearly 12 percent of the global supply is facing mounting problems that could send shock waves through the Russian economy and worldwide Wheel of Fortune provides an authoritative account of this vital industry from the last years of communism to its uncertain future Tracking the interdependence among Russia s oil industry politics and economy Thane Gustafson shows how the stakes extend beyond international energy security to include the potential threat of a destabilized Russia Few have studied the Russian oil and gas industry longer or with a broader political perspective than Gustafson The result is this superb book which is not merely a fascinating subtle history of the industry since the Soviet Union s collapse but also the single most revealing work on Russian politics and economics published in the last several years Robert Legvold Foreign Affairs The history of Russia s oil industry since the collapse of communism is the history of the country itself There can be few better guides to this terrain than Thane Gustafson Neil Buckley Financial Times      *Russia* Glenn Eldon Curtis,1998      *Authoritarian Russia* Vladimir Gel'man,2015-07-01 Russia today represents one of the major examples of the phenomenon of electoral authoritarianism which is characterized by adopting the trappings of democratic institutions such as elections political parties and a legislature and enlisting the service of the country s essentially authoritarian rulers Why and how has the electoral authoritarian regime been consolidated in Russia What are the mechanisms of its maintenance and what is its likely future course This book attempts to answer these basic questions Vladimir Gel man examines regime change in Russia from the collapse of the Soviet Union in 1991 to the present day systematically presenting theoretical and comparative perspectives of the factors that affected regime changes and the authoritarian drift of the country After the fall of the Soviet Union Russia s national political elites aimed to achieve their goals by creating and enforcing of favorable rules of the game for themselves and maintaining informal winning coalitions of cliques around individual rulers In the 1990s these moves were only partially successful given the weakness of the Russian state and troubled post socialist economy In the 2000s however Vladimir Putin rescued the system thanks to the combination of economic growth and the revival of the state capacity he was able to implement by imposing a series of non democratic reforms In the 2010s changing conditions in the country have presented new risks and challenges for the Putin regime that will play themselves out in the years to come      **Global Finance, Local Control** Igor O. Logvinenko,2021-10-15 Exploring Russia s reentry into global capital markets at the dawn of the twenty first

century Global Finance Local Control shows how economic integration became deeply entangled with a bare knuckled struggle for control over the vestiges of the Soviet empire Igor Logvinenko reveals how the post communist Russian economy became a full fledged participant in the international financial sector without significantly improving the local rule of law By the end of Vladimir Putin s second presidential term Russia was more integrated into the global financial system than at any point in the past However the country s longstanding deficiencies including widespread corruption administration of justice and an increasingly overbearing state continued unabated Scrutinizing stock market restrictions on foreign ownership during the first fifteen years of Russia s economic transition Logvinenko concludes that financial internationalization allowed local elites to raise capital from foreign investors while maintaining control over local assets They legitimized their wealth using Western institutions but they did so on their terms Global Finance Local Control delivers a somber lesson about the integration of emerging markets without strong domestic rule of law protections financial internationalization entrenches oligarchic capitalism and strengthens authoritarian regimes

**Iron-making Societies** Maria Ågren, 1998-03-01 The title of this book has a double meaning on the one hand it deals with two very different societies both of which made iron in the early modern period On the other hand iron made these societies the needs of iron production and the resistance to these demands from local peasant communities gave the societies a special kind of cohesion and rationality This volume presents the findings of a joint team of Swedish and Russian scholars examining the social organization of work in early modern iron industry and their respective societies The comparison was carried out against the backdrop of the international discussion on proto industrialization its prerequisites and consequences There has however been a certain bias in much of that debate the focus being mainly on Western Europe particularly on Britain and on textile trades This book offers an important contribution to the debate in that it widens the perspective by discussing Northern and Eastern Europe and by studying the iron industry More particularly it examines actual production processes the organization of work social conflict questions of ownership and its evolution as well as the diffusion and organization of technical knowledge The comparative approach is consistently applied throughout with each chapter closely integrating the results relating to the two selected geographical areas thus showing ways of solving some of the problems arising from comparative history

## **Russia A Country Study Area Handbook Series Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russia A Country Study Area Handbook Series PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russia A Country Study Area Handbook Series PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to

knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russia A Country Study Area Handbook Series free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Russia A Country Study Area Handbook Series Books**

1. Where can I buy Russia A Country Study Area Handbook Series books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Russia A Country Study Area Handbook Series book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
