Russia A Social History:

Russia Prince D. S. Mirsky, 1952 **A Social History Of Imperial Russia, 1700-1917 2 Volume Set** Boris Mironov, 1999-12-02 A Social History of Imperial Russia is the first general synthesis of Russian social history from Peter the Great to the October Revolution of 1917 Boris Mironov begins with background information on pre Petrine Russia and then focuses on the crucial events of the eighteenth and nineteenth centuries demonstrating how social events in this period including the creation of a modernized autocratic state the abolition of serfdom increasing urbanization and the first stirrings of capitalism played out in the Revolution and beyond Russia's First World War Peter Gatrell, 2014-07-10 The story of Russia s First World War remains largely unknown neglected by historians who have been more interested in the grand drama that unfolded in 1917 In Russia s First World War A Social and Economic History Peter Gatrell shows that war is itself revolutionary rupturing established social and economic ties but also creating new social and economic relationships affiliations practices and opportunities Russia s First World War brings together the findings of Russian and non Russian historians and draws upon fresh research It turns the spotlight on what Churchill called the unknown war providing an authoritative account that finally does justice to the impact of war on Russia s home front *Everyday Stalinism* Sheila Fitzpatrick, 1999-03-04 Focusing on urban areas in the 1930s this college professor illuminates the ways that Soviet city dwellers coped with this world examining such diverse activities as shopping landing a job and other acts **A Social History of Soviet Trade** Julie Hessler, 2020-10-06 In this sweeping study Julie Hessler traces the invention and evolution of socialist trade the progressive constriction of private trade and the development of consumer habits from the 1917 revolution to Stalin s death in 1953 The book places trade and consumption in the context of debilitating economic crises Although Soviet leaders and above all Stalin identified socialism with the modernization of retailing and the elimination of most private transactions these goals conflicted with the economic dynamics that produced shortages and with the government s bureaucratic repressive and socially discriminatory political culture A Social History of Soviet Trade explores the relationship of trade official and unofficial to the cyclical pattern of crisis and normalization that resulted from these tensions It also provides a singularly detailed look at private shops during the years of the New Economic Policy and at the remnants of private trade mostly concentrated at the outdoor bazaars in subsequent years Drawing on newly opened archives in Moscow and several provinces this richly documented work offers a new perspective on the social economic and political history of the formative decades of the USSR *The Future Is History (National Book Award Winner)* Masha Gessen, 2017-10-03 WINNER OF THE 2017 NATIONAL BOOK AWARD IN NONFICTION FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARDS WINNER OF THE NEW YORK PUBLIC LIBRARY S HELEN BERNSTEIN BOOK AWARD NAMED A BEST BOOK OF 2017 BY THE NEW YORK TIMES BOOK REVIEW LOS ANGELES TIMES WASHINGTON POST BOSTON GLOBE SEATTLE TIMES CHRISTIAN SCIENCE MONITOR NEWSWEEK PASTE and POP SUGAR The essential journalist and bestselling

biographer of Vladimir Putin reveals how in the space of a generation Russia surrendered to a more virulent and invincible new strain of autocracy Award winning journalist Masha Gessen's understanding of the events and forces that have wracked Russia in recent times is unparalleled In *The Future Is History* Gessen follows the lives of four people born at what promised to be the dawn of democracy Each of them came of age with unprecedented expectations some as the children and grandchildren of the very architects of the new Russia each with newfound aspirations of their own as entrepreneurs activists thinkers and writers sexual and social beings Gessen charts their paths against the machinations of the regime that would crush them all and against the war it waged on understanding itself which ensured the unobstructed reemergence of the old Soviet order in the form of today's terrifying and seemingly unstoppable mafia state Powerful and urgent *The Future Is History* is a cautionary tale for our time and for all time *Life on the Russian Country Estate* Priscilla R.

Roosevelt,1997-09-01 Om livet p de russiske godser indtil revolutionen **Party, State, and Society in the Russian Civil War** Diane Koenker,William G. Rosenberg,Ronald Grigor Suny,1989 By 1921 after four years of civil war the Red Armies and the Soviet system emerged victorious but the social and political consequences of this victory the implications of the experience of the war years themselves remain an unresolved historical issue Among the questions confronted in these papers To what extent were responses and political choices of the Civil War years the product of social and economic circumstances to what extent the exercise of conscious political will Why was there a progressive erosion of democratic practices and forms in the soviets in the central government in trade unions and in the factories themselves in the post October period Paper edition unseen 12 50 Annotation copyrighted by Book News Inc Portland OR **A History of Russia** Vasilii Osipovich Kl~inotuchevskii,1911 **Russian Economic History** Arcadius Kahan,1989-01-04 Upon the foundation of his unique experience and education the late Arcadius Kahan 1920 1982 built a substantial body of scholarship on all aspects of the tsarist economy Yet some of his important contribution might well have been dissipated were it not for this collection since many of these essays were often available only in isolated obscure sources This posthumous volume makes readily available for the first time ten of Kahan's essays nine previously published in English and one in German which serve to integrate his carefully developed picture of nineteenth century Russian economic history Kahan's remarkable vision forms a complement to the thought of Gerschenkron and this volume is certain to become a valuable source for scholars and students of Russian and European economic and social history *Between East and West* R. D. Charques,2012-08-07 An authoritative short history of Russia from the mysterious origins of the nation state to the death of Stalin A classic work now back in print for the first time since 1956 and still regarded as one of the groundbreaking books on the subject this narrative history of Russia was the first to encompass the myth befogged beginnings of the nation state the rise and cataclysmic fall of tsarism and the Spartan years of the U S S R Charques emphasizes three points of view that autocracy has played a dominant role throughout all of Russian history that serfdom is the fabric of Russia's social history and that it is of paramount importance to

recognize Russia's present regime under Putin and Medvedev as the latest phase in a long history of oppression *A Social History of the Russian Empire 1650-1825* Janet M. Hartley, 1999 This is a major and wide ranging survey of the social history of Russia from before Peter the Great right through to Napoleon **A Researcher's Guide to Sources on Soviet Social History in the 1930s** Sheila Fitzpatrick, Lynne Viola, 2016-07-22 The Stalin era has been less accessible to researchers than either the preceding decade or the postwar era The basic problem is that during the Stalin years censorship restricted the collection and dissemination of information and introduced bias and distortion into the statistics that were published while in the post Stalin years access to archives and libraries remained tightly controlled Thus it is not surprising that one of the main manifestations of glasnost has been the effort to open up records of the 1930s In this volume Western and Soviet specialists detail the untapped potential of sources on this period of Soviet social history and also the hidden traps that abound The full range of sources is covered from memoirs to official documents from city directories to computerized data bases *Russian Social Media Influence* Todd C. Helmus, Elizabeth Bodine-Baron, Andrew Radin, Madeline Magnuson, Joshua Mendelsohn, William Marcellino, Andriy Bega, Zev Winkelman, 2018-04-12 Researchers analyzed Russian social media data and conducted interviews with regional and security experts to understand the critical ingredients to countering Russia's propaganda campaign against former Soviet states **Transcaucasia, Nationalism and Social Change** Ronald Grigor Suny, Kennan Institute for Advanced Russian Studies, 1996 Gives a full picture of the historical evolution economic demographic and political of these southern neighbors of Russia **A History of the Soviet Union from the Beginning to Its Legacy** Peter Kenez, 2016-10-24 This concise yet comprehensive textbook examines political social and cultural developments in the Soviet Union and the post Soviet period It begins by identifying the social tensions and political inconsistencies that spurred radical change in Russia's government from the turn of the century to the revolution of 1917 Peter Kenez presents this revolution as a crisis of authority that the creation of the Soviet Union resolved The text traces the progress of the Soviet Union through the 1920s the years of the New Economic Policies and into the Stalinist order It illustrates how post Stalin Soviet leaders struggled to find ways to rule the country without using Stalin's methods but also without openly repudiating the past and to negotiate a peaceful but antipathetic coexistence with the capitalist West This updated third edition includes substantial new material discussing the challenges Russia currently faces in the era of Putin *The Origins of Modern Russian Education* Cynthia H. Whittaker, 1984 *A History of Russia* Catherine Evtuhov, Richard Stites, 2004 A History of Russia Peoples Legends Events Forces is a comprehensive narrative conceived and developed after the collapse of the former Soviet Union Informed by the burgeoning historiography of the 1990s the text balances political and economic explorations of everyday life social roles cultural dynamics and gender issues Many texts on this subject are written from a pre Confederation point of view that may be unsuitable for today's classroom This text provides strong coverage of 20th century Russia and the U S S R without sacrificing its coverage of earlier historical periods **The French**

Language in Russia Derek Offord, Vladislav Rjéoutski, Gesine Argent, 2018 With support from the Arts and Humanities Research Council of the UK and the Deutsches Historisches Institut Moskau The French Language in Russia provides the fullest examination and discussion to date of the adoption of the French language by the elites of imperial Russia during the eighteenth and nineteenth centuries It is interdisciplinary approaching its subject from the angles of various kinds of history and historical sociolinguistics Beyond its bearing on some of the grand narratives of Russian thought and literature this book may afford more general insight into the social political cultural and literary implications and effects of bilingualism in a speech community over a long period It should also enlarge understanding of francophonie as a pan European phenomenon On the broadest plane it has significance in an age of unprecedented global connectivity for it invites us to look beyond the experience of a single nation and the social groups and individuals within it in order to discover how languages and the cultures and narratives associated with them have been shared across national boundaries Russia in the Nineteenth Century A. I. U. Polunov, Thomas C. Owen, L. G Zakharova, 2015-02-12 This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I It is the first such work by a post Soviet Russian scholar to appear in English Drawing on the latest Russian and Western historical scholarship Alexander Polunov examines the decay of the two central institutions of tsarist Russia serfdom and autocracy Polunov explains how the major social groups the gentry merchants petty townspeople peasants and ethnic minorities reacted to the Great Reforms and why despite the emergence of a civil society and capitalist institutions a reformist evolutionary path did not become an alternative to the Revolution of 1917 He provides detailed portraits of many tsarist bureaucrats and political reformers complete with quotations from their writings to explain how the principle of autocracy although significantly weakened by the Great Reforms in mid century reasserted itself under the last two emperors Polunov stresses the relevance for Russians in the post Soviet period of issues that remained unresolved in the pre Revolutionary period such as the question of private property in land and the relationship between state regulation and private initiative in the economy
