But no matter how many books I read or how closely I followed their instructions for manifesting love money happiness or abundance I couldn't make it work. It was only when I recognized, accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place. Once I realized that the power came from within me it was as if the light had suddenly been switched on and my manifestations began to work. I learned how to manifest money and love but I also learned how to be happy truly happy. If you're jaded by spirituality and the whole New Age Law of Attraction idea or have become bored by its failure to deliver this book is for you. It is my intention to lead you by the hand through a marvelous journey of wonder and adventure. Part one of this course, *Becoming Magic*, laid the groundwork for becoming a magical person while this second book, *Doing Magic*, offers concrete techniques and instructions for attracting wonderful things into your life. The plan is to build your knowledge slowly, gradually building on what has gone before, moving on to more complex manifestation techniques only once the basics are mastered. So many people fail with manifestation and the Law of Attraction because they rush headlong into using techniques, trying to create enormous manifestations making very simple but crucial mistakes. When they are disappointed they imagine they have been duped. The sceptics are right. This is all a load of scammy nonsense. And they give up, declaring it just doesn't work. I am telling you that it does work. And you can make it work. And these books will show you how. My intention is that this book will allow you to become a true creator of your own exceptional life, reawakening and rekindling your belief and interest in Spirituality. The Law of Attraction, Reality Creation, Cosmic Ordering or whatever you wish to call it, I prefer simply to call it Magic.

Creating Magic Lee Cockerell, 2008-10-14. It's not the magic that makes it work, it's the way we work that makes it magic. The secret for creating magic in our careers, our organizations and our lives is simple: outstanding leadership, the kind that inspires employees, delights customers and achieves extraordinary business results. No one knows more about this kind of leadership than Lee Cockerell, the man who ran Walt Disney World Resort operations for over a decade. And in *Creating Magic* he shares the leadership principles that not only guided his own journey from a poor farm boy in Oklahoma to the head of operations for a multibillion dollar enterprise but that also soon came to form the cultural bedrock of the world's number one vacation destination. But as Lee demonstrates, great leadership isn't about mastering impossibly complex management theories. We can all become outstanding leaders by following the ten practical common sense strategies outlined in this remarkable book. As straightforward as they are profound, these leadership lessons include: Everyone is important. Make your people your brand. Burn the fuel. Appreciation, recognition and encouragement. Give people a purpose, not just a job. Combining surprising business wisdom with insightful and entertaining stories from Lee's four decades on the front lines of some of the world's best-run companies, *Creating Magic* shows all of us, from small business owners to managers at every level, how to become better leaders by infusing quality, character, courage, enthusiasm and integrity into our workplace and into our lives. **The Magic** Rhonda Byrne, 2012-03-06.
