Magic Kingdom Walt Disney And The American Way Of Life:

The Magic Kingdom Steven Watts, 2001-10 Originally published Boston Houghton Mifflin 1997 **The American Way of Life** Lawrence R. Samuel, 2017-05-25 Telling the full story of the American Way of Life or more simply the American Way in the United States over the course of the last century reveals key insights that add to our understanding of American culture Lawrence R Samuel argues that since the term was popularized in the 1930s the American Way has served as the primary guiding mythology or national ethos of the United States More than that however this work shows that the American Way has represented many things to many people making the mythology a useful device for anyone wishing to promote a particular agenda that serves his or her interests A consumerist lifestyle supported by a system based in free enterprise has been the ideological backbone of the American Way but the term has been attached to everything from farming to baseball to barbecue There really is no single identifiable American Way and never has been it becomes clear after tracing its history making it a kind of Zelig of belief systems If our underlying philosophy or set of values is amorphous and nebulous then so is our national identity and character Samuel concludes implying that the meaning of America is elastic and accommodating to many interpretations This unique thesis sets off this work from other books and helps establish it as a seminal resource within the fields of American history and American studies **Vinyl Leaves** STEPHEN M. FJELLMAN, 2019-03-05 Walt Disney World is a pilgrimage site filled with utopian elements craft and whimsy It s a pedestrian s world where the streets are clean the employees are friendly and the trains run on time All of its elements are themed presented in a consistent architectural decorative horticultural musical even olfactory tone with rides shows r **LIFE Walt Disney** The Editors of LIFE, 2016-04-22 Disney World is often referred to as the happiest place on earth and the character Mickey Mouse is long ingrained in our collective memory The Walt Disney Company is one of the largest and most valuable companies in the world But behind all of that was one ambitious small town farm boy who failed as often as he succeeded and finally found worldwide fame thanks to a cartoon mouse Throughout the rise of Walt Disney LIFE magazine was there covering everything from the first Mickey merchandising to the launch of Walt Disney World in 1971 and now in this all new special edition LIFE revisits both the man and the magic in LIFE Walt Disney From Mickey to the Magic Kingdom Very few people know that as a young entrepreneur he struggled with bankruptcy borrowing money until he had a hit with the Mickey Mouse cartoons in the late 1920s Beloved movies of today Pinocchio Fantasia and Bambi bombed when first released and it wasn t until the astronomical success of Disneyland in 1951 that finally put his company into the black From early days to troubled times and successes and failures too numerous to count that bring us all to the World of Disney that we all know and love today LIFE Walt Disney is a fitting tribute to a creative force that has and will continue to influence countless generations for years to come Walt Disney Neal Gabler, 2006-10-31 ONE OF THE HOLLYWOOD REPORTER S 100 GREATEST FILM BOOKS OF ALL TIME The definitive portrait of one of the most important cultural figures in American history Walt Disney Walt Disney

Disney Theme Parks and America's National Narratives Bethanee Bemis, 2022-12-27 Disney Theme Parks and America's National Narratives takes a public history approach to situating the physical spaces of the Disney brand within memory and identity studies For over 65 years Disney's theme parks have been important locations for the formation and negotiation of the collective memory of the American narrative Disney's success as one of America's most prolific storytellers its rise as a symbol of America itself and its creation of theme parks that immerse visitors in three dimensional versions of certain American values and historic myths have both echoed and shaped the way the American people see themselves Like all versions of the American narrative Disney's vision serves to reassure us affirm our shared values and unite a diverse group of people under a distinctly American identity or at least it did The book shows how the status Disney obtained led the public to use them both as touchstones of identity and as spaces to influence the American identity writ large This volume also examines the following how Disney's original cartoons and live action entertainment offerings drew from American folk history and ideals how their work during World War II cemented them as an American symbol at home and abroad how the materialization of the American themes already espoused by the brand at their theme parks created a place where collective memory lives how legitimization by presidents and other national figures gave the theme parks standing no other entertainment space has how Disney has changed alongside the American people and continues to do so today This book will be of interest to students and scholars of history media cultural studies American studies and tourism

Once Upon an American Dream Andrew Lainsbury, 2000

Branded a cultural Chernobyl and the tragic kingdom the Euro Disney Resort has been on its own thrill ride since opening in 1992 The much publicized version of the Magic Kingdom gave Europeans alcohol free mocktails surly employees even colors too muted for the Disney image Facing financial disaster was it any wonder that Disney execs found themselves wishing upon a star for answers After so many knee jerk criticisms of Euro Disney this book combines firsthand experience and research to shed new light on claims that the park is nothing more than a form of American cultural imperialism Andrew Lainsbury a former Euro Disney employee who knows what the park meant to its visitors goes beyond media bites and academic scorn to examine Europe s love hate relationship with Euro Disneyland and some of the undiscussed issues surrounding it Once Upon an American Dream is a story of global capitalism on a grand scale Lainsbury has plumbed company archives and interviewed key players to give readers the real view from Le Chateau de la Belle au Bois Dormant Sleeping Beauty s Castle He cracks open the Euro Disney controversy to reveal the park not as a tragic experiment in exporting American culture but the result of European efforts to import a popular form of American entertainment Lainsbury tells how the Walt Disney Company came to build a European park and locate it in France how political negotiations affected its design and development how it was promoted to continental audiences and what caused its widely publicized financial woes before being rescued by a real prince from Saudi Arabia He reveals what it took to win back the hearts of skeptical Europeans such as serving wine selling flashy merchandise and placating disgruntled workers Finally he looks into the magic mirror to speculate on the role of Euro Disney and the Walt Disney Company in the twenty first century

Ultimately Lainsbury shows that cultural imperialism is not an exclusively American phenomenon but a global corporate strategy and that global corporatism by needing to be responsive to consumers is so complex that it may not be as monolithic as feared Once Upon an American Dream is a fairy tale for our times reminding us that for all the critical huffing and puffing the creation and marketing of pleasure is what Euro Disneyland is all about *Stories from the Magic Kingdom* Patrick Kling,Kristen Waldbieser,2018-05-10 Admit One to Magic In this collection of fanciful stories set in Disney s Magic Kingdom one for each of the six lands in the park you ll take a grand circle tour of exploration mystery intrigue exotic thrills and things that go bump in the mansion Brave danger with the intrepid skippers of the Jungle Cruise team with Mr Tom Morrow as he fights galactic crime in Tomorrowland attend a swingin birthday party in the Haunted Mansion delve into the fearsome bowels of Big Thunder Mountain take the villains side in an all out assault on Fantasyland and ride a Main Street train to an enchanted station not on any map Tickets please **Global Media Giants** Benjamin Birkinbine,Rodrigo Gomez,Janet Wasko,2016-07-01 Global Media Giants takes an in depth look at how media corporate power works globally regionally and nationally investigating the ways in which the largest and most powerful media corporations in the world wield power Case studies examine not only some of the largest media corporations News Corp The Microsoft Corporation in terms of revenues but also media corporations that hold considerable power within national regional or geolinguistic contexts Televisa The Bertelsmann Group Sony Corporation Each chapter approaches a different corporation through the lens of economy politics and culture giving students and scholars a thoughtful and data driven guide with which to interrogate contemporary media industry power The Hamilton Phenomenon Chloe Northrop,2022-07-05 The Hamilton Phenomenon brings together a diverse group of scholars including university professors and librarians educators at community colleges Ph D candidates and independent scholars in an exploration of the celebrated Broadway hit When Lin Manuel Miranda s musical sensation erupted onto Broadway in 2015 scholars were underprepared for the impact the theatrical experience would have Miranda s use of rap hip hop jazz and Broadway show tunes provides the basis for this whirlwind showcase of America s past through a reinterpretation of eighteenth century history Bound together by their shared interest in Hamilton an American Musical the authors in this volume diverge from a common touchstone to uncover the unique moment presented by this phenomenon The two parts of this book feature different emerging themes ranging from the meaning of the musical on stage to how the musical is impacting pedagogy and teaching in the 21st century The first part places Hamilton in the history of theatrical performances of the American Revolution compares it with other musicals and fleshes out the significance of postcolonial studies within theatrical performances Esteemed scholars and educators provide the basis for the second part with insights on the efficacy benefits and pitfalls of teaching using Hamilton Although other scholarly works have debated the historical accuracy of Hamilton The Hamilton Phenomenon benefits from more distance from the release of the musical as well as the dissemination of the hit through traveling productions and the summer 2020 release on Disney Through critically engaging
