YouTube star Katie Quinn shares the stories and science behind everyone's fermented favorites: cheese, wine, and bread, along with classic recipes. Delicious staples of a great meal, bread, cheese, and wine develop their complex flavors through a process known as fermentation. Katie Quinn spent months as an apprentice with some of Europe's most acclaimed experts to study the art and science of fermentation. Visiting grain fields, vineyards, and dairies, Katie brings the stories and science of these foods to the table, explains the process of each craft, and introduces the people behind them. What will keep readers glued to the book like a suspense novel is Katie's personal journey as an expat discovering herself abroad. Katie's vulnerability will turn readers into fans, and they'll finish the book feeling like they're her best friends trusted with her innermost revelations. In England, Katie becomes a cheesemonger at Neal's Yard Dairy, London's preeminent cheese shop; the beginning of a journey that takes her from a goat farm in rural Somerset to a nationwide search for innovating dairy gurus. In Italy, Katie offers an inside look at Italian winemaking with the Comellis at their family-owned vineyard in Northeast Italy and witnesses the diversity of vintners as she makes her way around Italy. In France, Katie meets the reigning queen of bread, Apollonia Poilâne of Paris's famed Poilâne Bakery; apprentices at boulangeries in Paris learning the ins and outs of sourdough; and travels the country to uncover the present and future of French bread. Part artisanal survey, part travelogue, and part cookbook featuring watercolor illustrations and gorgeous photographs, *Cheese, Wine, and Bread* is an outstanding gastronomic tour for foodies, cooks, artisans, and armchair travelers alike.

For the Love of Wine Alice Feiring, 2016-03 In 2011, when Alice Feiring first arrived in Georgia, she felt as if she'd emerged from the magic wardrobe into a world filled with mythical characters making exotic and delicious wine with the low-tech methods of centuries past. She was smitten, and she wasn't alone. This country on the Black Sea has an unusual effect on people: the most passionate rip off their clothes and drink wines out of horns while the cold-hearted well up with tears and make emotional toasts. Visiting winemakers fall under Georgia's spell and bring home qvevris (clay fermentation vessels) while rethinking their own techniques. But as in any good fairy tale, Feiring sensed that danger rode shotgun with the magic. With acclaim and growing international interest come threats in the guise of new wine consultants aimed at making wines more commercial. So Feiring fought back in the only way she knew how: by celebrating Georgia and the men and women who make the wines she loves most: those made naturally with organic viticulture, minimal intervention, and no additives. From Tbilisi to Batumi, Feiring meets winemakers, bishops, farmers, artists, and silk spinners. She feasts, toasts, and collects recipes. She encounters the thriving qvevri craftspeople of the countryside, wild grape hunters, and even Stalin's last winemaker while plumbing the depths of this tiny country's love for its wines. *For the Love of Wine* is Feiring's emotional tale of a remarkable country and people who have survived religious wars and Soviet occupation yet managed always to keep hold of their precious wine traditions. Embedded in the narrative is the hope that Georgia has the temerity to confront its latest threat: modernization.
