**Magic** Albert Allis Hopkins, 2017-11-20 Excerpt from *Magic Stage Illusions and Scientific Diversions Including Trick Photography* Far back into the shadowy past before the building of the pyramids magic

was a reputed art in Egypt for Egypt was the cradle of magic The magicians of Egypt according to the Bible chronicle contended against Aaron at the court of Pharaoh The Hebrew prophet cast down his rod before Pharaoh and before his servants and it became a serpent Then Pharaoh also called the wise men and the sorcerers now the magicians of Egypt they also did in like manner with their enchantments For they cast down every man his rod and they became serpents but Aaron's rod swallowed up their rods exodus vii 11 The late Robert Heller prestidigitateur traveler in the Orient and skeptic once told me that he had seen this feat performed in Cairo many times by the Dervishes The rods actually were serpents and hypnotized to such an extent as to become perfectly stiff and rigid When thrown upon the earth and recalled to life by sundry mystic passes and strokes they crawled away alive and hideous as ever Said Heller It was in the open air that I saw this strange feat performed Transferred to the gloomy audience chamber of some old palace where the high roof is supported by ponderous stone columns painted with hieroglyphics where rows of black marble sphinxes stare at you with unfathomable eyes where the scene is awe inspiring this trick of the rods turning into serpents becomes doubly impressive and indeed to the uninitiated a miracle About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
