with eminent thinkers underscored his belief in the essential dialogue between nature and art These experiences shaped his conviction that poetry offers a unique lens through which to interpret the complexities of the natural landscape bridging the gap between intellect and emotion On Poetic Interpretation of Nature is highly recommended for readers interested in literary criticism ecology or the philosophy of aesthetics Shairp s eloquent exploration invites readers to engage with the natural world not just as observers but as active participants in the poetic conversation that enhances our appreciation of beauty and meaning

The Poetry of Search and the Poetry of Statement Dorothy L. Sayers,2006-01-01 Introducing

the Dante Papers Trilogy Introductory Papers on Dante Further Papers on Dante The Poetry of Search and the Poetry of Statement The Poetry of Search with which the book opens puts forward the suggestion that controversy about what kind of thing poetry ought to be has tended to overlook the fact that there are two kinds of poetry corresponding roughly to the categories of Romantic and Classical but which she prefers to describe as the Poetry of Search and the Poetry of Statement The poet of search writes to find out what he feels Keats is an example and the poet of statement writes to tell what he knows and here Dante is the master Dante the Maker which follows discusses two examples of this method as poet of statement First how the whole of the Paradiso is built like a bridge between the first and the last terrains and how roads from all the other parts of the poem run together to one point from which to pass over that bridge secondly how from a single unadorned statement in the seventh canto the reader who shares Dante's background may construct a whole labyrinth of associated imagery turning and returning perpetually upon the central affirmation of fact in which a whole complex of meanings lies implicit The Publishers Weekly, 1919 **Appletons' Journal of Literature, Science and Art**, 1869 **Oral Poetry** Ruth Finnegan, 2018-05-16 This classic study is an introduction to oral poetry a broad subject which Ruth Finnegan interprets as ranging from American folksongs Eskimo lyrics and modern popular songs to medieval oral literature the heroic poems of Homer and recent epic compositions in Asia or the Pacific The book employs a broad comparative perspective and considers oral poetry from Africa Asia and Oceania as well as Europe and America The results of Finnegan's vast research illuminate and suggest fresh conclusions to many current controversies the nature of oral tradition and oral composition the notion of a special oral style possible connection between types of poetry and types of society the differences between oral and written communication and the role of poets in non literate societies Drawing on insights from anthropology and literary scholarship Oral Poetry attempts to create a greater appreciation of the literary aspects of this fascinating form of poetry Finnegan quotes extensively from a wide variety of sources mainly in translation The discussion is presented in non technical language and will be of interest not only to sociologists and social anthropologists but also to all those interested in comparative literature and in folk poetry from cultures around the world The re issue of this text widely used in folklore anthropology and comparative literature courses comes at an appropriate juncture in interdisciplinary scholarship which is witnessing the breakdown of traditional disciplinary boundaries and an increase in the comparative study of oral poetry For this volume Ruth Finnegan has provided a new foreword relating the text to more recent developments
