Magic Moment:

The Magic Moment Niall Breslin, 2019-03-08 Freddie is excited about his first trip to the swimming pool. But when he gets there he finds it scary. So scary in fact that he just wants to go home. Later that evening Nana teaches him a secret trick. It's called the Magic Moment Trick and it gives you superpowers when you're facing something scary. You simply close your eyes, think of your happiest memory and squeeze your finger and thumb together. Beautifully illustrated by Sheena Dempsey. Bressie's first picture book for children incorporates an easy mindfulness technique within a charming story. The Magic Moment helps children return to the present moment and is a must for parents or anyone working with children who wants to help them feel the fear and jump in anyway. Teaches children a really simple and effective mindfulness technique for managing big feelings. Dr Malie Coyne. A book with an important message. Irish Independent. The sort of book that could be genuinely helpful to an anxious child. The Irish Times.

This Magic Moment Nora Roberts, 2020-12-08 Become enchanted with 1 New York Times bestselling author Nora Roberts's *This Magic Moment* when a woman casts a spell to open the heart of a man who's tricked himself into believing that love doesn't exist. Master magician Pierce Atkins has made a career conjuring realistic illusions and escaping elaborate traps, mystifying audiences around the world. Mesmerized by his seemingly otherworldly abilities, Ryan Swan is desperate for a peek behind the curtain of the brooding attractive genius only to uncover a personal tragedy his magic cannot fix. And as she watches Pierce engage in one death-defying act after another, Ryan finds herself becoming spellbound by the man, not the magician.

One Magic Moment Lynn Kurland, 2011-05-03 There's no time like the present if you're running away from the past. Tess Alexander has it all: family within reach, work she loves, and the chance to live in a perfectly restored medieval castle. But then a trip to the village brings her face-to-face with the new owner of the local garage who looks a great deal like the man who married her sister eight hundred years in the past. She's determined to remain objective about magic and destiny, yet she can't help but wonder about the mysterious sword-wielding mechanic. As far as John de Piaget is concerned, he has no past; it's safer that way. The last thing he needs is the nosey medieval studies scholar from the nearby castle dredging up ancient history. His ancient history. But from the moment he lays eyes on Tess, John can't help but wonder how he ever took a decent breath without her or how he's going to protect her from the treachery that threatens both their futures.
