

A hot air balloon with a red and blue striped pattern floats in the sky above a calm body of water. The scene is set during twilight, with a soft glow on the horizon and a small, bright light in the upper left corner. The quote "The power of thought is the magic of the mind." is written in a white, serif font across the middle of the image.

The power of thought is  
the magic of the mind.

Using visualisation, creative imagery and self hypnosis, he provides fresh perspectives on developing personal skills to eliminate negative conditioning which produces ill health, lack of energy and low self confidence. The book answers many key questions such as: how do I see myself as others see me? how do I control the quality and length of my life? how do I eliminate self destructive habits? how do I ensure success? how do I learn from my dreams? Cutting through the aura of mystery which usually surrounds hypnotic practices, the straightforward and informative style of this book makes it the ideal way to unlock your creativity and discover the magic of your mind.
