Magic Of The Pyramids The Mystery Of:

Secrets of the Great Pyramid Peter Tompkins, Livio Catullo Stecchini, 1973-01-01 **Fire in Middle** James E. Brown, 2017-07-14 After four decades of research and multiple trips to Egypt Brown believes he has solved the mystery of the Great Pyramid of Giza He has concluded that the pyramid fits the profile of a type of chemical laser and that the Giza Plateau functioned as a massive industrial complex Following the architectural principle that form follows function Brown recognized it was impossible to enter the so called burial chamber in the Great Pyramid because of the small size of the passage less than four feet square and the extreme angle of the interior passages This huge stone structure did not align with the supposed purpose or with ancient Egyptian burial practices Recently a man made tunnel was discovered under the Giza Plateau that connects the Great Pyramid to the Nile In ancient times the annual flood waters from the Nile coursed through the Great Pyramid and through a powerful chemical process created what Brown calls Earthmilk electrified water This enhanced elixir served many purposes including enlivening the human body and flowing into the river to enrich animal life and soil on the banks resulting in rich and abundant crops Fire in Middle outlines Brown s compelling research and his journey of discovery The book includes more than 350 stunning full color images and diagrams This is the second in a series of three volumes of research and evidence gathered from grassroots expeditions to Giza Luxor Saqqara Abydos and Abu Simbel This ground breaking and ongoing research presents compelling evidence that the traditional interpretations of ancient Egyptian pyramids need to be reconsidered and re evaluated **Pyramid Quest** Robert M. Schoch, Robert Aquinas McNally, 2005-06-02 The Egyptologist acclaimed for re dating the Great Sphinx at Giza sets his sights on one of the true mysteries of antiquity the Great Pyramid of Giza What is the Great Pyramid of Giza Ask that basic question of a traditional Egyptologist and you get the basic traditional answer a fancy tombstone for a self important pharaoh of the Old Kingdom This Egyptologists argue is the sole finding based on the data and the only deduction supported by science By implication anyone who dissents from this point of view is unscientific and woolly minded a believer in magic and ghosts Indeed some of the unconventional ideas about the Great Pyramid do have a spectacularly fabulous ring to them Yet from beneath the obvious terms of this controversy a deeper more significant question arises how is it that the Great Pyramid exercises such a gripping hold on the human psyche adding cryptic grace to the back of the one dollar bill and framing myriad claims of New Age pyramid power In Pyramid Quest Robert M Schoch and Robert Aquinas McNally use the rigorous intellectual analysis of scientific inquiry to investigate what we know about the Great Pyramid and develop a stunning hypothesis This ancient monument is the strongest proof yet that civilization began thousands of years earlier than is generally thought extending far back into a little known time In tracing that story we come to understand not only the Great Pyramid but also our own origins as civilized beings **Mummies and Pyramids** Mary Pope Osborne, 2012-04-25 The 1 bestselling chapter book series of all time celebrates 25 years with new covers and a new easy to use numbering system Getting the facts behind the fiction has
