The Magical State Fernando Coronil, 1997-11-10 In 1935 after the death of dictator General Juan Vicente Gómez Venezuela consolidated its position as the world's major oil exporter and began to establish what today is South America's longest lasting democratic regime Endowed with the power of state oil wealth successive presidents appeared as transcendent figures who could magically transform Venezuela into a modern nation During the 1974-78 oil boom dazzling development projects promised finally to effect this transformation Yet now the state must struggle to appease its foreign creditors counter a declining economy and contain a discontented citizenry In critical dialogue with contemporary social theory Fernando Coronil examines key transformations in Venezuela's polity culture and economy recasting theories of development and highlighting the relevance of these processes for other postcolonial nations The result is a timely and compelling historical ethnography of political power at the cutting edge of interdisciplinary reflections on modernity and the state

Magic, Rhetoric, and Literacy William A. Covino, 1994-07-28 This book presents a selective introductory reading of key texts in the history of magic from antiquity forward in order to construct a suggestive conceptual framework for disrupting our conventional notions about rhetoric and literacy Offering an overarching pointed synthesis of the interpenetration of magic rhetoric and literacy William A. Covino draws from theorists ranging from Plato and Cornelius Agrippa to Paulo Freire and Mary Daly and analyzes the different magics that operate in Renaissance occult philosophy and Romantic literature as well as in popular indicators of mass literacy such as The Oprah Winfrey Show and The National Enquirer Magic Rhetoric and Literacy distinguishes two kinds of magic rhetoric that continue to affect our psychological and cultural life today Generative magic rhetoric creates novel possibilities for action within a broad sympathetic universe of signs and symbols Arresting magic rhetoric attempts to induce automatic behavior by inculcating rules and maxims that function like magic ritual formulas JUST SAY NO In this connection the literate individual is one who can interrogate arresting language and generate counter spells

Between Magic and Rationality Vibeke Steffen, Steffen Jöhncke, Kirsten Marie Raahauge, 2015-04-21 In *Between Magic and Reality* Vibeke Steffen Steffen Jöhncke and Kirsten Marie Raahauge bring together a diverse range of ethnographies that examine and explore the forms of reflection action and interaction that govern the ways different contemporary societies create and challenge the limits of reason The essays here visit an impressive array

of settings including international scientific laboratories British spiritualist meetings Chinese villages Danish rehabilitation centers and Uzbeki homes where they encounter a diverse assortment of people whose beliefs and concerns exhibit an unusual but central contemporary dichotomy scientific reason versus spiritual paranormal belief Exploring the paradoxical way these modes of thought push against reason's boundaries they offer a deep look at the complex ways they coexist contest one another and are ultimately intertwined Vibeke Steffen is associate professor in the Department of Anthropology at the University of Copenhagen where Steffen Jöncke is senior advisor Kirsten Marie Raahauge is associate professor in the School of Design at the Royal Danish Academy of Fine Arts in Copenhagen

Magic in the Cloister Sophie Page, 2013-10-21 During the late thirteenth and early fourteenth centuries a group of monks with occult interests donated what became a remarkable collection of more than thirty magic texts to the library of the Benedictine abbey of St Augustine's in Canterbury The monks collected texts that provided positive justifications for the practice of magic and books in which works of magic were copied side by side with works of more licit genres In *Magic in the Cloister* Sophie Page uses this collection to explore the gradual shift toward more positive attitudes to magical texts and ideas in medieval Europe She examines what attracted monks to

magic texts in spite of the dangers involved in studying condemned works and how the monks combined magic with their intellectual interests and monastic life By showing how it was possible for religious insiders to integrate magical studies with their orthodox worldview Magic in the Cloister contributes to a broader understanding of the role of magical texts and ideas and their acceptance in the late Middle Ages

What Color Is the Sacred? Michael Taussig, 2010-07-01 Over the past thirty years visionary anthropologist Michael Taussig has crafted a highly distinctive body of work Playful enthralling and whip smart his writing makes ingenious connections between ideas thinkers and things An extended meditation on the mysteries of color and the fascination they provoke What Color Is the Sacred is the next step on Taussig's remarkable intellectual path Following his interest in magic and surrealism his earlier work on mimesis and his recent discussion of heat gold and cocaine in My Cocaine Museum this book uses color to explore further dimensions of what Taussig calls the bodily unconscious in an age of global warming Drawing on classic ethnography as well as the work of Benjamin Burroughs and Proust he takes up the notion that color invites the viewer into images and into the world Yet as Taussig makes clear color has a history a manifestly colonial history rooted in the West's discomfort with color especially bright color and its associations with the so called primitive He begins by noting Goethe's belief that Europeans are physically averse to vivid color while the uncivilized revel in it which prompts Taussig to reconsider colonialism as a tension between chromophobes and chromophiliacs And he ends with the strange story of coal which he argues displaced colonial color by giving birth to synthetic colors organic chemistry and IG Farben the giant chemical corporation behind the Third Reich Nietzsche once wrote So far all that has given colour to existence still lacks a history With What Color Is the Sacred Taussig has taken up that challenge with all the radiant intelligence and inspiration we've come to expect from him

Speak a Powerful Magic Kent State University. Wick Poetry Center, 2019 This beautiful and moving book featuring a representative collection of Traveling Stanzas poetry illustrations celebrates the tenth anniversary of this award winning community arts project Launched in 2009 as a collaboration between Kent State University's Wick Poetry Center and Professor Valora Renicker's visual communication design students Traveling Stanzas pairs poems with striking graphic designs The resulting images in both print and digital forms have been featured in galleries community spaces interactive media and on regional and national mass transit Speak a Powerful Magic features poems by school children immigrants and refugees patients and caregivers and veterans alongside the work of well known contemporary American poets and it demonstrates that poetry is truly of the people We turn to poetry to give voice to what is troubling us to honor what we love to make sense of our lives to remember our past and to commemorate what we've lost Here it becomes clear that poetry especially when coupled with the visual arts has the potential to broaden our understanding and bring people together in ways that more traditional communications simply cannot While the eye is drawn to the colors lines and images of these graphic representations we are rewarded with far deeper meanings by reading the poetry gathered in this book Speak a Powerful Magic demonstrates that there is a place

for poetry even among those who think they have no interest in it that there is space for conversation beyond our normal divisions and that our human responses are more common than not Traveling Stanzas writes poet Naomi Shihab Nye reminds us why we fell in love with poetry to begin with it lights up the darkness of which we have plenty it brilliantly restores the magic of language and hope and connection
