summer's day in the late 1890s and Monet's house at Giverny is in its heyday. Outside the pink stucco walls are punctuated by brilliant green shutters and a new green balcony spans the length of the house. Inside, light streams through open windows illuminating the vibrant innovative colors Monet chose to color his rooms. Here is a guided tour of the house where Monet lived for forty years with the woman who would become his second wife Alice Hosched and their eight children. The original furniture, much of it painted in vivid hues, is here as well as appointments, china, linen, and small antique collectibles authentic to what is known of Monet's lifestyle and the period. Here is the famous dining room painted in two shades of yellow, embellished with Japanese prints and blue and white china. Here is the kitchen with its blue and white Rouen tiles and copper pots, the fabled studio where Monet not only painted but entertained his family and friends, the blue drawing room where the family gathered for games, the bedrooms and dressing rooms with their simple and elegant appointments, the foyers, the picerie, even the cellar where wine and provisions were stored. Paint dabs showing the colors used in major rooms allow the reader to duplicate them in their own homes. Heide Michels opens a door onto Monet's private world, giving us a vivid impression of the family's day-to-day routine, including family activities and mealtime rituals. She describes Monet's love of the good life, good food, good wine, and the company of stimulating friends among them, Monet's fellow painters Renoir and Caillebotte, and a circle of writers and critics. Monet's House reveals the artist as a master decorator as innovative in his choice of wall and furniture colors as he was in his canvases. It also captures a vivid picture of domestic life as it was lived by one of the world's greatest Impressionist painters.

*Mad Enchantment* Ross King, 2016-09-08

Claude Monet's water lily paintings are among the most iconic and beloved works of art of the past century. Yet these entrancing images were created at a time of terrible private turmoil and sadness for the artist. The dramatic history behind these paintings is little known. Ross King's *Mad Enchantment* tells the full story for the first time and in the process presents a compelling and original portrait of one of our most popular and cherished artists. By the outbreak of war in 1914, Monet, then in his mid-seventies, was one of the world's most famous and successful painters, with a large house in the country, a fleet of automobiles, and a colossal reputation. However, he had virtually given up painting following the death of his wife Alice in 1911 and the onset of blindness a year later. Nonetheless, it was during this period of sorrow, ill health, and creative uncertainty that, as the guns roared on the Western Front, he began the most demanding and innovative paintings he had ever attempted. Encouraged by close friends such as Georges Clemenceau, France's dauntless prime minister, Monet would work on these magnificent paintings throughout the war years and then for the rest of his life. So obsessed with his monumental task that the village barber was summoned to clip his hair as he worked beside his pond, he covered hundreds of yards of canvas with shimmering layers of pigment. As his ambitions expanded with his paintings, he began planning what he intended to be his legacy to the world: the Musée Claude Monet in the Orangerie in Paris. Drawing on letters and memoirs and focusing on this remarkable period in the artist's life, *Mad Enchantment* gives an intimate portrayal of Claude Monet in all his tumultuous complexity and firmly places

his water lily paintings among the greatest achievements in the history of art      *Leonardo and the Flying Boy* Laurence Anholt, 2003 Zoro is the pupil of the painter sculptor scientist and inventor Leonardo da Vinci He works hard in Leonardo's workshop but he is never allowed inside the secret locked room where Leonardo spends hours working on a mysterious invention Then one day a mischievous boy steals the keys      **Monet's Garden** Claude Monet, Christoph Becker, Catherine Hug, Monika Leonhardt, Linda Schädler, 2004 Claude Monet 1840 1926 was one of the first artists to move his studio out into the open air creating works which continue to fascinate and inspire us today as much as they did his contemporaries One of the founding fathers of Impressionist art Monet's works consistently reflect the artist's profound love of nature Many of his paintings were directly inspired by the gardens that played such an important role in his life the garden at his house in Sèvres in the 1860s those at his two homes in Argenteuil in the 1870s followed by a garden at his estate in Vetheuil Yet the most famous of Monet's gardens was the expansive park in Giverny which inspired his masterful handling of light and color for more than thirty years and provided motifs for hundreds of individual paintings and series that remain immensely popular today among them the masterpieces of his Water Lilies series This magnificent volume of full page color plates is devoted to this central theme in the work of the French artist It presents landscapes still lifes and portraits of people in natural settings from nearly all of Monet's creative periods from his early Impressionist paintings of the 1870s to the Grandes Décorations of the early 1900s Also included are photographs of Monet's gardens diagrammatic recreations of these spaces based on the artist's paintings several bills of delivery and planting instructions from horticulturalists      *Cézanne and the Apple Boy* Laurence Anholt, 2015-04-02 Paul Cézanne was one of the greatest of the French impressionist painters This delightful book follows his son also called Paul as he travels to the mountains to spend a summer with his father He discovers that his father a very large man paints the natural world with a passion that few can understand But one day they meet an art dealer in a village who offers to try to sell some of the paintings in Paris the rest is history The reader gains a real insight into Cézanne the man through the eyes of a child sometimes frightening fastidious he won't touch other people warm hearted driven by a passion for his art And it provides a vivid introduction to Cézanne's work with reproductions of his most famous paintings incorporated in the illustrations
