Bondage to the past is not God s plan for your present When a young elephant is chained up by its trainer the animal s initial
response is to try and escape Several attempts later the elephant recognizes that freedom is not possible and accepts the
chains as normal Once this is learned the trainer can use a simple rope to hold one of the most powerful animals The same
thing happens to many people with their minds They become used to unhealthy patterns of thinking and destructive
memories Sadly it becomes embraced as normal life This is not God s perfect will for you Authors Ken and Jeanne Harrington
