throughout the world Malaria deaths in sub Saharan Africa currently just over one million per year are rising because of increased resistance to the old inexpensive drugs Although effective new drugs called artemisinins are available they are unaffordable for the majority of the affected population even at a cost of one dollar per course Saving Lives Buying Time Economics of Malaria Drugs in an Age of Resistance examines the history of malaria treatments provides an overview of the current drug crisis and offers recommendations on maximizing access to and effectiveness of antimalarial drugs The book finds that most people in endemic countries will not have access to currently effective combination treatments which should include an artemisinin without financing from the global community Without funding for effective treatment malaria mortality could double over the next 10 to 20 years and transmission will intensify *Matters of Gravity* Scott

Bukatman,2003-07-21 The headlong rush the rapid montage the soaring superhero the plunging roller coaster *Matters of Gravity* focuses on the experience of technological spectacle in American popular culture over the past century In these essays leading media and cultural theorist Scott Bukatman reveals how popular culture tames the threats posed by technology and urban modernity by immersing people in delirious kinetic environments like those traversed by Plastic Man Superman and the careening astronauts of 2001 A Space Odyssey and The Right Stuff He argues that as advanced technologies have proliferated popular culture has turned the attendant fear of instability into the thrill of topsy turvydom often by presenting images and experiences of weightless escape from controlled space Considering theme parks cyberspace cinematic special effects superhero comics and musical films *Matters of Gravity* highlights phenomena that make technology spectacular permit unfettered flights of fantasy and free us momentarily from the weight of gravity and history of past and present Bukatman delves into the dynamic ways pop culture imagines that apotheosis of modernity the urban metropolis He points to two genres musical films and superhero comics that turn the city into a unique site of transformative power Leaping in single bounds from lively descriptions to sharp theoretical insights *Matters of Gravity* is a deft exhilarating celebration of the liberatory effects of popular culture **Hellboy's World** Scott Bukatman,2016-04-07 Hellboy Mike Mignola's famed

comic book demon hunter wanders through a haunting and horrific world steeped in the history of weird fictions and wide ranging folklores *Hellboy's World* shows how our engagement with Hellboy's world is a highly aestheticized encounter with comics and their materiality Scott Bukatman's dynamic study explores how comics produce a heightened adventure of reading in which syntheses of image and word image sequences and serial narratives create compelling worlds for the reader's imagination to inhabit Drawing upon other media including children's books sculpture pulp fiction cinema graphic design painting and illuminated manuscripts Bukatman reveals the mechanics of creating a world on the page He also demonstrates the pleasurable and multiple complexities of the reader's experience invoking the riotous colors of comics that elude rationality and control and delving into shared fictional universes and occult detection the horror genre and the evocation of the sublime and the place of abstraction in Mignola's art Monsters populate the world of Hellboy comics but Bukatman

argues that comics are themselves little monsters unruly sites of sensory and cognitive pleasures that exist happily on the margins The book is not only a treat for Hellboy fans but it will entice anyone interested in the medium of comics and the art of reading

**The Poetics of Slumberland** Scott Bukatman,2012-03-26 In The Poetics of Slumberland Scott Bukatman celebrates play plasmatic possibility and the life of images in cartoons comics and cinema Bukatman begins with Winsor McCay's Little Nemo in Slumberland to explore how and why the emerging media of comics and cartoons brilliantly captured a playful rebellious energy characterized by hyperbolic emotion physicality and imagination The book broadens to consider similar animated behaviors in seemingly disparate media films about Jackson Pollock Pablo Picasso and Vincent van Gogh the musical My Fair Lady and the story of Frankenstein the slapstick comedies of Jerry Lewis and contemporary comic superheroes drawing them all together as the purveyors of embodied utopias of disorder

**Play it Again, Sam** Andrew Horton,Stuart Y. McDougal,1998-01-01 Play It Again Sam is a timely investigation of a topic that until now has received almost no critical attention in film and cultural studies the cinematic remake As cinema enters its second century more remakes are appearing than ever before and these writers consider the full range Hollywood films that have been recycled by Hollywood such as The Jazz Singer Cape Fear and Robin Hood foreign films including Breathless and Three Men and a Baby which Hollywood has reworked for American audiences and foreign films based on American works among them Yugoslav director Emir Kusturica's Time of the Gypsies which is a makeover of Coppola's Godfather films As these essays demonstrate films are remade by other films Alfred Hitchcock went so far as to remake his own The Man Who Knew Too Much and by other media as well The editors and contributors draw upon narrative film and cultural theories and consider gender genre and psychological issues presenting the remake as a special artistic form of repetition with a difference and as a commercial product aimed at profits in the marketplace The remake flourishes at the crossroads of the old and the new the known and the unknown Play It Again Sam takes the reader on an eye opening tour of this hitherto unexplored territory Play It Again Sam is a timely investigation of a topic that until now has received almost no

critical attention in film and cultural studies the cinematic remake As cinema enters its second century more remakes are appearing than ever before and these writers consider the full range Hollywood films that have been recycled by Hollywood such as *The Jazz Singer* *Cape Fear* and *Robin Hood* foreign films including *Breathless* and *Three Men and a Cradle* which Hollywood has reworked for American audiences and foreign films based on American works among them Yugoslav director Emir Kusturica's *Time of the Gypsies* which is a makeover of Coppola's *Godfather* films As these essays demonstrate films are remade by other films Alfred Hitchcock went so far as to remake his own *The Man Who Knew Too Much* and by other media as well The editors and contributors draw upon narrative film and cultural theories and consider gender genre and psychological issues presenting the remake as a special artistic form of repetition with a difference and as a commercial product aimed at profits in the marketplace The remake flourishes at the crossroads of the old and the new the known and the unknown *Play It Again Sam* takes the reader on an eye opening tour of this hitherto unexplored territory **Ulrich's Periodicals Directory**, 1989 **Terminal Identity** Scott Bukatman, 1993 Scott Bukatman's *Terminal Identity* referring to both the site of the termination of the conventional subject and the birth of a new subjectivity constructed at the computer terminal or television screen puts to rest any lingering doubts of the significance of science fiction in contemporary cultural studies Demonstrating a comprehensive knowledge both of the history of science fiction narrative from its earliest origins and of cultural theory and philosophy Bukatman redefines the nature of human identity in the Information Age Drawing on a wide range of contemporary theories of the postmodern including Fredric Jameson Donna Haraway and Jean Baudrillard Bukatman begins with the proposition that Western culture is suffering a crisis brought on by advanced electronic technologies Then in a series of chapters richly supported by analyses of literary texts visual arts film video television comics computer games and graphics Bukatman takes the reader on an odyssey that traces the postmodern subject from its current crisis through its close encounters with technology and finally to new self recognition This new virtual subject as Bukatman defines it situates the human and the technological as coexistent codependent and mutually defining Synthesizing the most provocative theories of postmodern culture with a truly encyclopedic treatment of the relevant media this volume sets a new standard in the study of science fiction a category that itself may be redefined in light of this work Bukatman not only offers the most detailed map to date of the intellectual terrain of postmodern technology studies he arrives at new frontiers providing a propitious launching point for further inquiries into the relationship of electronic technology and culture

Parasitic Diseases Dickson D. Despommier, Robert W. Gwadz, Peter J. Hotez, 2012-12-06 Worldwide the numbers of people suffering and dying from parasitic diseases are overwhelming with more than 100 million cases and 1 million deaths each year from malaria alone Despite the magnitude of the problem and the importance of the parasites that cause opportunistic infections among persons with HIV AIDS medical schools in the United States Canada and other developed countries consistently reduce the amount of time spent on parasitic diseases in the curriculum As a result most medical students

receive limited information about these diseases and are inadequately prepared to diagnose or treat them as physicians. This problem is too large to be resolved within the time available for parasitology in the medical school curriculum; at most, students can be acquainted with the salient features of the medically important parasites. Likewise, the traditional isolation of parasitology from the rest of the curriculum, consistent with its exclusion from most microbiology texts, is another unresolved problem. In my opinion, this is why most physicians are unable to think about the differential diagnosis of parasitic diseases in the same way that they routinely balance the probabilities of malignancy, cardiovascular, renal, and pulmonary disease vs. other infectious diseases. To resolve these problems, relevant paradigms from parasitology must be used in the teaching of cell biology, molecular biology, genetics, and immunology.

**Hollywood Before Glamour** M. Tolini Finamore, 2013-01-28

This exploration of fashion in American silent film offers fresh perspectives on the era preceding the studio system and the evolution of Hollywood's distinctive brand of glamour. By the 1910s, the moving image was an integral part of everyday life and communicated fascinating but as yet uninvestigated ideas and ideals about fashionable dress.
