Magnificent Hoax:

Unlikely Collaboration Barbara Will, 2013-05-14 From 1941 to 1943 the Jewish American writer and avant garde icon Gertrude Stein translated for an American audience thirty two speeches in which Marshal Philippe Petain head of state for the collaborationist Vichy government outlined the Vichy policy barring Jews and other foreign elements from the public sphere while calling for France to reconcile with its Nazi occupiers Why and under what circumstances would Stein undertake such a project The answers lie in Stein s link to the man at the core of this controversy Bernard Fa her apparent Vichy protector Barbara Will outlines the formative powers of this relationship treating their interaction as a case study of intellectual life during wartime France and an indication of America s place in the Vichy imagination *My Kind of Country* Carl Carmer, 1995-06-01 This book is really a best of as chosen by the author himself These are Carmer s favorite pieces drawn from three decades of work He mixes leisurely reminiscences with folklore verse and portraits of Upstate s diverse population Geographically they range from Niagara Falls to Montauk Point and include pieces on the fate of Native Americans ghost stories tall stories character sketches a piece on the erosion of New York State s natural beauty as well as poems and works of wit and humor *The Sun and the Moon* Matthew Goodman, 2010-05 On August 26 1835 a fledgling newspaper called the Sun brought to New York the first accounts of remarkable lunar discoveries A series of six articles reported the existence of life on the moon including unicorns beavers that walked on their hind legs and four foot tall flying man bats In a matter of weeks it was the most broadly circulated newspaper story of the era and the Sun a working class upstart became the most widely read paper in the world An exhilarating narrative history of a divided city on the cusp of greatness and tale of a crew of writers editors and charlatans who stumbled on a new kind of journalism The Sun and the Moon tells the surprisingly true story of the penny papers that made America a nation of newspaper readers **Hearings** United States. Congress. House. Committee on Science and Astronautics, 1959 **Life and Explorations of David Livingstone** Anonymous, 2023-11-16 Reprint of the original first published in 1874 Colonial Adventure Ken Gelder, Rachael Weaver, 2024-10-08 Adventure was one of the grand narratives of colonisation which saw European powers sending agents off to new and distant worlds Their journeys didn t always follow a straight line Some were shipwrecked lost or marooned adventure turned into misadventure Others left the colony as soon as they arrived Convicts fled to Timor China and South America while bushrangers roamed the country antagonising colonial authorities But when adventurers directly served the interests of colonisation they could be violent ruthless and brutally racist rapaciously seeking profit and property Many adventurers went wherever ambition took them killing and dispossessing Aboriginal people and claiming ownership of their lands By examining colonial adventure narratives in all their rawness and complexity this book asks us to reflect on the continuing legacies of colonisation in Australia today I Was Vermeer Frank Wynne, 2011-01-15 Frank Wynne s remarkable book tells the story of Han van Meegeren a paranoid drug addicted second rate painter whose Vermeer forgeries made him a

secret superstar of the art world During van Meegeren's heyday as a forger of Vermeers he earned the equivalent of fifty million dollars the acclaim of the world's press and the satisfaction of swindling Hermann Göring himself trading the Nazi commander one of his forgeries in exchange for the return of hundreds of looted Dutch paintings But he was undone by his very success thriving so noticeably during World War II that when it ended he was arrested as a Nazi collaborator His only defense was to admit that he himself had painted the Old Masters that had passed through his hands a confession the public refused to believe until in a huge media event the courts staged the public painting of what would be van Meegeren's last Vermeer I Was Vermeer is a gripping real life mystery that exposes the life and techniques of the consummate art forger the fascinating work of the experts who try to track down the fakes and the collusion and ego in the art establishment that even today allow forgery to thrive Wry amoral and plotted like a thriller it is the first major book in forty years on this astonishing episode in history Frank Wynne is a writer and award winning literary translator Born in Ireland he has lived and worked in Dublin Paris Amsterdam London and Buenos Aires and currently lives in San José Costa Rica He has translated more than a dozen novels among them the works of Michel Houellebecq Frédéric Beigbeder Pierre Moret and Ahmadou Kourouma A journalist and broadcaster he has written for the Sunday Times the Independent the Irish Times Melody Maker and Time Out

Buried Dreams Andrew R. Black, 2020-10-14 The Hoosac railroad tunnel in the mountains of northwestern Massachusetts was a nineteenth century engineering and construction marvel on par with the Brooklyn Bridge Transcontinental Railroad and Erie Canal The longest tunnel in the Western Hemisphere at the time 4.75 miles it took nearly twenty five years 1851-1875 almost two hundred casualties and tens of millions of dollars to build Yet it failed to deliver on its grandiose promise of economic renewal for the commonwealth and thus is little known today Andrew R Black's Buried Dreams refreshes public memory of the project explaining how a plan of such magnitude and cost came to be in the first place what forces sustained its completion and the factors that inhibited its success Black digs into the special case of Massachusetts a state disadvantaged by nature and forced repeatedly to reinvent itself to succeed economically The Hoosac Tunnel was just one of the state's efforts in this cycle of decline and rejuvenation though certainly the strangest Black also explores the intense rivalry among Eastern Seaboard states for the spoils of western expansion in the post Erie Canal period His study interweaves the lure of the West the competition between Massachusetts and archrival New York the railroad boom and collapse and the shifting ground of state and national politics The psychic makeup of Americans before and after the Civil War heavily influenced public perceptions of the tunnel by the time it was finished Black contends the indomitable triumphalism that had given birth to the Hoosac had faded to skepticism and cynicism Anticipated economic benefits never arrived and Massachusetts eventually sold the tunnel for only a fraction of its cost to a private railroad company Buried Dreams tells a story of America's reckoning with the perils of impractical idealism the limits of technology to bend nature to its will and grand endeavors untempered by humility Daring Deeds in the Tropics A.
