The Photomontages of Hannah Höch Hannah Höch, Peter W. Boswell, Maria Martha Makela, Carolyn Lanchner, Kristin Makholm, 1996 Here in the first comprehensive survey of her work by an American museum authors Peter Boswell Maria Makela and Carolyn Lanchner survey the full scope of Höch's half century of experimentation in photomontage from her

politically charged early works and intimate psychological portraits of the Weimar era to her later forays into surrealism and abstraction

Why Waco? James D. Tabor, Eugene V. Gallagher, 2023-11-15 The 1993 government assault on the Branch Davidian compound near Waco Texas resulted in the deaths of four federal agents and eighty Branch Davidians including seventeen children Whether these tragic deaths could have been avoided is still debatable but what seems clear is that the events in Texas have broad implications for religious freedom in America James Tabor and Eugene Gallagher's bold examination of the Waco story offers the first balanced account of the siege They try to understand what really happened in Waco What brought the Branch Davidians to Mount Carmel Why did the government attack How did the media affect events The authors address the accusations of illegal weapons possession strange sexual practices and child abuse that were made against David Koresh and his followers Without attempting to excuse such actions they point out that the public has not heard the complete story and that many media reports were distorted The authors have carefully studied the Davidian movement analyzing the theology and biblical interpretation that were so central to the group's functioning They also consider how two decades of intense activity against so-called cults have influenced public perceptions of unorthodox religions In exploring our fear of unconventional religious groups and how such fear curtails our ability to tolerate religious differences Why Waco is an unsettling wake-up call Using the events at Mount Carmel as a cautionary tale the authors challenge all Americans including government officials and media representatives to closely examine our national commitment to religious freedom The 1993 government assault on the Branch Davidian compound near Waco Texas resulted in the deaths of four federal agents and eighty Branch Davidians including seventeen children Whether these tragic deaths could have been avoided is still debatable

Public Opinion Walter Lippmann, 1922

Women Writers and Old Age in Great Britain, 1750-1850 Devoney Looser, 2008-08-01 This groundbreaking study explores the later lives and late-life writings of more than two dozen British women authors active during the long eighteenth century Drawing on biographical materials literary texts and reception histories Devoney Looser finds that far from fading into moribund old-age female literary greats such as Anna Letitia Barbauld Frances Burney Maria Edgeworth Catharine Macaulay Hester Lynch Piozzi and Jane Porter toiled for decades after they achieved acclaim despite seemingly concerted attempts by literary gatekeepers to marginalize their later contributions Though these remarkable women wrote and published well into old age Looser sees in their late careers the necessity of choosing among several different paths These included receding into the background as authors of classics adapting to grandmotherly standards of behavior attempting to reshape masculinized conceptions of aged wisdom or trying to create entirely new categories for older women writers In assessing how these writers affected and were affected by the culture in which they lived and in examining their varied reactions to the prospect of aging Looser constructs careful portraits of each of her subjects and explains why many turned toward retrospection in their later works In illuminating the powerful and often poorly recognized legacy of the British women writers who spurred a marketplace

revolution in their earlier years only to find unanticipated barriers to acceptance in later life Looser opens up new scholarly territory in the burgeoning field of feminist age studies The Pool in the Desert Sara Jeanette Duncan, 2019-09-25
