ESPAÑA OCULTA PB, 1995-08-17 When Spanish photographer Cristina Garcia Rodero went to study art in Italy in 1973 she fully understood the importance of home Yet her time abroad formented a deeper interest in what was happening in her own country and as a result at the age of 23 Garcia Rodero returned to Spain and started a project that she hoped would capture the essence of the myriad Spanish traditions religious practices and rites that were already fading away What started as a five year project ended up lasting 15 years and came to be the book *España Oculta Hidden Spain* published in 1989 At 39 years old Garcia Rodero had managed to compile a kind of anthropological encyclopedia of her country The work also captured a key moment in Spain's history with Spanish dictator Franco dying in 1975 and the country commencing a period of transition something that would come to have a huge effect on the way the nation's cultural traditions and rites were experienced and performed from then on **50 años de rock en Argentina** Marcelo Fernández Bitar, 2015-11-01

Un clásico remasterizado. El rock aquí es todo ese sentido que como felicidad o angustia transgrede permanentemente un delgado hilo de la realidad argentina aun a costa de que al crecer luego uno se sienta como un turista marciano. Luis Alberto Spinetta de la Introducción a la primera edición 1986. Este libro intenta registrar la historia de las ediciones y apariciones en escena de los músicos y sus discos lo que compone al rock nacional. Esta titánica tarea es una edición que conmemora 50 años de rock nacional. Adrián D'Angelos
