## **Magnum Opus Or The Alchemists:**

*Magnum Opus* Johannes Peter Hosli, 2003 Disguised as a scientific account the novel tells the story of how the Magnum Opus of the alchemists had been found twice first by a true adept who was seeking spiritual fulfilment on his tedious road to the enlightenment by the true and eternal sun and then by an opportunist who found his financial freedom thanks to the adept's testament and a faultless Sun computer The story ends with an encounter of the two leading characters an atomic explosion and a gargantuan laughter *The Tarot of the Alchemical Magnum Opus*, 2019-05-15 A deck of 78 Tarot cards based on alchemical symbolism with a small book in a boxed set *A Commentary on the Mutus Liber* Adam McLean, 1991-01-01 The fifteen plates of the Mutus Liber the Mute Book are well known and this book without words is recognized as a classic of the seventeenth century alchemical tradition Although the engravings seem to outline an alchemical process in detail their message is not immediately obvious and it really requires a commentary to make it intelligible to the present day reader Adam McLean's extensive commentary on this series of engravings reveals the Mutus Liber as a synthesis of spiritual soul and physical alchemy While the entire secret of the physical process is not fully revealed in the plates enough information is given to piece together details of a modus operandi indeed modern French alchemists like Canseliet and Barbault have found great inspiration and hints relating to the physical work in the Mutus Liber As one of the most significant documents of the alchemical tradition this edition of the Mutus Liber will be appreciated by all students of the Hermetic tradition for Adam McLean's fascinating and insightful commentary throws a penetrating light on both the spiritual and physical dimensions of the Great Work *The Magnum Opus, a Step by Step Course* John Kreiter, 2019 It has always been my position that there is more to life to reality and to what is possible for human beings As a practicing Alchemist I know that people are far more capable than they may suspect and that it is possible for those with the right knowledge and dedication to escape the three dimensional walls that trap us all on this planet This course is a step by step formula on how to achieve this It is not just a red pill because such red pill enlightenment is not enough Indeed enlightenment without power can be a curse knowing the walls are there but having no way to get out can be hell on Earth This course shows you how to acquire all the power that you will ever need to escape these walls and it provides those ready for it much more Within the pages of this text you will find The way towards effortless action and unbending intent The truth about the Great Archon and the prison without walls The reason why your attempts at Inner Action magick manifestation astral travel etc up to this point may have been unreliable and weak How to find personal enlightenment and uncover the structure of your psyche The power of personal attention and how to master it How to open THE GATE in order to become a true sorcerer sorceress How to absorb all negative energy in the present and how to gain power from this action How to absorb entire negative situations in order to completely stop negative trends and what some might refer to as a wave of bad luck How to PROPERLY re absorb all lost energy from your ENTIRE LIFE HISTORY and gain immense power This is the

Waite,2007-04-01 Alchemy the word itself conjures up images of charlatans mixing potions and concocting remedies during the Middle Ages in a futile quest to transform lead into gold But

the roots of alchemy can be traced back more than 2 500 years to locales as disparate as Egypt India and China and it was considered serious science until as recently as the 16th century In this highly regarded volume first published in 1888 Arthur E Waite examines the lives and works of more than fifty alchemists from the year 850 through the end of the 18th century Readers will learn about such renowned figures as Thomas Aquinas Roger Bacon and Pope John XXII and decide for themselves whether alchemy was the true precursor to modern chemistry or a pseudo science populated by quacks American born British author ARTHUR EDWARD WAITE 1857 1942 was co creator of the famous 1910 Rider Waite Tarot deck Among his numerous books are Book of Ceremonial Magic Devil Worship in France and New Encyclopedia of Freemasonry

**The Chemical Wedding of Christian Rosenkreutz** Joscelyn Godwin,1991-10-01 The Chemical Wedding of Christian Rosenkreutz often looked upon as the third Rosicrucian manifesto has an entirely different tone from the other Rosicrucian documents Unlike the Rosicrucian manifestoes which address the transformation of society The Chemical Wedding is concerned with the inner transformation of the soul It is a deeply interior work one which asks the reader to step into its world of symbols and walk with Christian Rosenkreutz along his path of transformation Despite its importance as a key text of the Western esoteric traditions this is the first ever contemporary English translation of The Chemical Wedding made especially for this edition by Joscelyn Godwin Also included in this edition is an introduction and commentary by Adam McLean which illuminates the transformative symbolism

**The Way of the Projectionist** John Kreiter,2020-05-18 Escape the prison without walls A very perceptive joker once said the only real difference between people is the size of their cages What he meant is that humanity is now in a cage and that this cage imprisons us as individuals to the extent that we have the knowledge and the personal power to fight against its binding forces This cage is so well hidden and designed that most either don t know that they are in it or even care to know about their current imprisonment at all But this lack of awareness or desire for freedom has a price as most things do and that price is that the large majority of people will live and die within the boundaries of a three dimensional prison a prison without walls never knowing just how much potential they have that indeed we are all incredibly magical creatures that can even learn to fly free across the infinite cosmos Alchemists are people who have awakened to the fact this prison without walls exists and they have dedicated their lives to escaping it Their work their doing has for the most part been kept a secret from the majority of the human world with only small portions of this knowledge escaping into the mainstream in the form of riddles cryptic images arcane formulas and hit and miss techniques and methodologies In this second course book in the trilogy dedicated to the Alchemical road to immortality I reveal the way of the projectionist and the SECRET FORMULA that can allow you to break free from the unseen prison that binds you and most of humanity This hidden knowledge along with step by step techniques are revealed to you as I show you how to move through the Rooms of the Projectionist THE REAL KEY TO astral travel lucid dreams out of body experiences and ALL altered states of consciousness Here you will find the TRIUNE FORMULA that can allow you to leave behind the physical body and

break free of the corporeal prison in order to do and see everything that you have ever desired In this course book you will discover What the prison without walls is all about How to discover and free the hidden self the True Self How to project your consciousness beyond your body How to induce altered states of consciousness without ritual subterfuge or drugs How to discover any secret go anywhere and travel through endless dimensions How to overcome and bind any situation to your power using the art of Cubing How to achieve true enlightenment and unite the inner and outer aspects of the complete individuality The truth about how an Alchemist as a projectionist attains immortality and how you can start this journey yourself This second part of the trilogy that started with The Magnum Opus reveals the truth about the human condition and how to continue the journey towards eventual immortality a journey that takes you as a powerful practicing projectionist on an unmeasurable road past incalculable pleasures and truly alien and awesome vistas beyond all rational understanding Some have asked why each course is presented as a book Why not make a video course or some other digital presentation that is more popular in this era And the reason for this is quite simply time I have been around long enough and my senses have become keen enough to see some of the intricacies of this world Through such experience and perceptions I have seen things peak and wane and I have seen many things lost within the medium of time Videos and digital formats require complex systems to work and be maintained and such complex systems are usually the first to fall or change when exposed to the brutal torrents and extreme pressures of time But a print book as well as an ebook for your convenience if you like is something that you can keep in your personal library for a lifetime with only moderate care
