Lentz III, 2013-04-25 This book provides a single source of biographical information for the thousands of individuals who have held high elective and appointive offices in the federal state and municipal governments The first half of the book lists positions in the government with a chronological record of the persons who have held the positions and the duration of their terms of office Executive branch listings include the presidents first ladies vice presidents cabinet members deputy and undersecretaries of cabinet departments directors and administrators of high government agencies high ranking military officials ambassadors and high ranking presidential staff and White House aides In the judiciary the chief justice of the United States and members of the Supreme Court the U S Court of Appeals and U S District Courts are listed Legislative listings include presidents of the Continental Congresses speakers of the House of Representatives presidents pro tempore of the Senate majority and minority leaders in both houses of Congress members of Congress territorial delegates resident commissioners governors and lieutenant governors Next are sections on state and territorial governments listing governors and lieutenant governors and city governments listing mayors of over 150 cities The second half of the book is a biographical index of individuals found in the earlier sections listed in alphabetical order The entries contain dates of birth and death when known political party or affiliation state or states of significance to the officeholder and listing of offices held      *Magruder's American Government 1954* Frank Abbott Magruder, William A. McClenaghan, 1954      Magruder's American Government Guide to the Essentials Spanish William A. McClenaghan, Prentice-Hall Staff, 2005-03 Updated with the latest research statistics and election results Magruder's American Government offers a clear engaging approach making the subject of government accessible to students of all abilities      Magruder's American Government Frank Abbott Magruder, William A. McClenaghan, 1964      **Magruder's American Government** , 1976      **Political Keywords** Roderick P. Hart, 2005 The Declaration of Independence states that all men are created equal in the United States but that statement does not hold true for words Some words carry more weight than others they seem to work harder get more done and demand more respect Political Keywords Using Language That Uses Us looks at eight dominant words that are crucial to American political discourse and how they have been employed during the last fifty years Based on an analysis of eleven separate studies of political language Political Keywords helps readers to understand what these terms mean and how they are used For example the book tracks what politics now means to modern commentators how school teachers impress certain values upon the nation's children by invoking the office of the president and why an innocent word like government sometimes makes people so upset It details how the people are referenced in political talk and how the media portray themselves The book also considers the work done by political parties political promises and political consultants because together they shed special light on modern elections Combining social

science with subtle forms of cultural interpretation Political Keywords Using Language That Uses Us provides a fresh look at both American politics and American language It is an ideal text for undergraduate and graduate courses in political communication political language political campaigns media and politics political psychology public opinion rhetorical criticism contemporary public address and presidential rhetoric Publisher **Resources in Education**, 1995 **The Talk of the Party** Sharon E. Jarvis, 2005 How did liberal become a dirty word in American politics How did compassionate conservative become a viable campaign theme When did the independent voter become the most sought after prize in modern campaigns And why haven't third party candidates enjoyed similar acclaim The Talk of the Party listens to how the language of partisanship—including words like Democrat Republican party liberal conservative and independent—has been used over the past fifty years and how it has created or limited political opportunities Listening to the talk of the party can teach valuable lessons about campaigns opportunities for public life and the future of these American institutions **2001**

**Magruder's American Government** William A. McClenaghan, Frank Abbott Magruder, 2001 *No Citizen Left Behind* Meira Levinson, 2012-05-08 While teaching at an all black middle school in Atlanta Meira Levinson realized that students' individual self improvement would not necessarily enable them to overcome their profound marginalization within American society This is because of a civic empowerment gap that is as shameful and antidemocratic as the academic achievement gap targeted by No Child Left Behind No Citizen Left Behind argues that students must be taught how to upend and reshape power relationships directly through political and civic action Drawing on political theory empirical research and her own on the ground experience Levinson shows how de facto segregated urban schools can and must be at the center of this struggle Recovering the civic purposes of public schools will take more than tweaking the curriculum Levinson calls on schools to remake civic education Schools should teach collective action openly discuss the racialized dimensions of citizenship and provoke students by engaging their passions against contemporary injustices Students must also have frequent opportunities to take civic and political action including within the school itself To build a truly egalitarian society we must reject myths of civic sameness and empower all young people to raise their diverse voices Levinson's account challenges not just educators but all who care about justice diversity or democracy *A History of the Book in America* David Paul Nord, Joan Shelley Rubin, Michael Schudson, David D. Hall, 2015-12-01 The fifth volume of *A History of the Book in America* addresses the economic social and cultural shifts affecting print culture from World War II to the present During this period factors such as the expansion of government the growth of higher education the climate of the Cold War globalization and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier The thirty three contributors to the volume explore the evolution of the publishing industry and the business of bookselling The histories of government publishing law and policy the periodical press literary criticism and reading in settings such as schools libraries book clubs self help programs and collectors societies receive imaginative scrutiny as well The Enduring

Book demonstrates that the corporate consolidations of the last half century have left space for the independent publisher that multiplicity continues to define American print culture and that even in the digital age the book endures Contributors David Abrahamson Northwestern University James L Baughman University of Wisconsin Madison Kenneth Cmiel d 2006 James Danky University of Wisconsin Madison Robert DeMaria Jr Vassar College Donald A Downs University of Wisconsin Madison Robert W Frase d 2003 Paul C Gutjahr Indiana University David D Hall Harvard Divinity School John B Hench American Antiquarian Society Patrick Henry New York City College of Technology Dan Lacy d 2001 Marshall Leaffer Indiana University Bruce Lewenstein Cornell University Elizabeth Long Rice University Beth Luey Arizona State University Tom McCarthy Beirut Lebanon Laura J Miller Brandeis University Priscilla Coit Murphy Chapel Hill N C David Paul Nord Indiana University Carol Polsgrove Indiana University David Reinking Clemson University Jane Rhodes Macalester College John V Richardson Jr University of California Los Angeles Joan Shelley Rubin University of Rochester Michael Schudson University of California San Diego and Columbia University Linda Scott University of Oxford Dan Simon Seven Stories Press Ilan Stavans Amherst College Harvey M Teres Syracuse University John B Thompson University of Cambridge Trysh Travis University of Florida Jonathan Zimmerman New York University *Monthly Catalog of United States Government Publications* United States. Third Series Library of Congress. Copyright Office,1968 **Monthly Catalogue, United States Public Documents** ,1993-02 Decisions of the Galveston Campaigns Edward T. Cotham,2024-12-16 The Galveston Campaigns were a series of naval and overland battles that pitted Confederate General John B Magruder and his often improvised Confederate forces against General Nathaniel P Banks and a variety of Union army and naval forces A Federal fleet entered Galveston Bay on October 4 1862 and the city surrendered after the expiration of a four day truce However on New Year s Day of 1863 Magruder coordinated a bold new attack to retake Galveston using a land bombardment and two cottonclad Confederate gunboats Aided by victories at the Battle of Sabine Pass and two purely naval engagements in Texas waters the city would remain in Southern hands and end the war as the last major Confederate port Decisions of the Galveston Campaigns explores the critical decisions made by Confederate and Federal commanders during the campaigns and examines how these decisions shaped their outcome Rather than offering a history of the operations Edward T Cotham Jr concentrates on a sequence of decisions made by commanders on both sides of the contest to provide a blueprint of each campaign at its tactical core Identifying and exploring the critical decisions in this way allows students of the battles to progress from a knowledge of what happened to a mature grasp of why events happened Complete with maps and a driving tour Decisions of the Galveston Campaigns is an indispensable primer and readers looking for a concise introduction to the

battles can tour this sacred ground or read about it at their leisure with key insights into the campaigns and a deeper understanding of the Civil War itself

*Decisions of the Galveston Campaigns* is the eighteenth in a series of books that explores the critical decisions of major campaigns and battles of the Civil War

*Sons of the White Eagle in the American Civil War* Mark F. Bielski, 2016-04-19

The untold stories of nine Polish Americans who bravely fought in the Civil War includes photographs maps and illustrations This unique history chronicles the lives of nine Polish American immigrants who fought in the Civil War

Spanning three generations they are connected by the White Eagle the Polish coat of arms and by a shared history in which their home country fell to ruin at the end of the previous century Still each carried a belief in freedom that they inherited from their forefathers

More highly trained in warfare than their American brethren and more inured to struggles for nationhood the Poles made significant contributions to the armies they served

The first group had fought in the 1830 war for freedom from the Russian Empire

The European revolutionary struggles of the 1840s molded the next generation

The two youngest came of age just as the Civil War began entering military service as enlisted men and finishing as officers

Of the group four sided with the North and four with the South and the ninth began in the Confederate cavalry and finished fighting for the Union side

Whether for the North or the South they fought for their ideals in America's greatest conflict

Nominated for the Gilder Lehrman Prize
