Mahfil Volume 8 Summer Fall 197:

Monumental Matters Santhi Kavuri-Bauer, 2011-09-19 Built in the sixteenth and seventeenth centuries India's Mughal monuments including majestic forts mosques palaces and tombs such as the Taj Mahal are world renowned for their grandeur and association with the Mughals the powerful Islamic empire that once ruled most of the subcontinent In Monumental Matters Santhi Kavuri Bauer focuses on the prominent role of Mughal architecture in the construction and contestation of the Indian national landscape She examines the representation and eventual preservation of the monuments from their disrepair in the colonial past to their present status as protected heritage sites Drawing on theories of power subjectivity and space Kavuri Bauer's interdisciplinary analysis encompasses Urdu poetry British landscape painting imperial archaeological surveys Indian Muslim identity and British tourism as well as postcolonial nation building World Heritage designations and conservation mandates Since Independence the state has attempted to construct a narrative of Mughal monuments as symbols of a unified secular nation Yet modern day sectarian violence at these sites continues to suggest that India's Mughal monuments remain the transformative spaces of social ordering identity formation and national reinvention that they have been for centuries **Shadows in the Field** Gregory F. Barz, Timothy J. Cooley, 2008-09-09

Ethnomusicological fieldwork has significantly changed since the end of the 20th century Ethnomusicology is in a critical moment that requires new perspectives on fieldwork perspectives that are not addressed in the standard guides to ethnomusicological or anthropological method The focus in ethnomusicological writing and teaching has traditionally centered around analyses and ethnographic representations of musical cultures rather than on the personal world of understanding experience knowing and doing fieldwork Shadows in the Field deliberately shifts the focus of ethnomusicology and of ethnography in general from representation text to experience fieldwork The new fieldwork moves beyond mere data collection and has become a defining characteristic of ethnomusicology that engages the scholar in meaningful human contexts In this new edition of Shadows in the Field renowned ethnomusicologists explore the roles they themselves act out while performing fieldwork and pose significant questions for the field What are the new directions in ethnomusicological fieldwork Where does fieldwork of the past fit into these theories And above all what do we see when we acknowledge the shadows we cast in the field The second edition of Shadows in the Field includes updates of all existing chapters a new preface by Bruno Nettl and seven new chapters addressing critical issues and concerns that have become increasingly relevant since the first edition **An American Brat** Bapsi Sidhwa, 2012-11-01 A sheltered Pakistani girl is sent to America

by her parents with unexpected results Entertaining often hilarious Not just another immigrant's tale Publishers Weekly Feroza Ginwalla a pampered protected sixteen year old Pakistani girl is sent to America by her parents who are alarmed by the fundamentalism overtaking Pakistan and influencing their daughter Hoping that a few months with her uncle an MIT grad student will soften the girl's rigid thinking they get more than they bargained for Feroza enthralled by American culture

and her new freedom insists on staying A bargain is struck allowing Feroza to attend college with the understanding that she will return home and marry well As a student in a small western town Feroza finds her perceptions of America her homeland and herself beginning to alter When she falls in love with a Jewish American her family is aghast Feroza realizes just how far she has come and wonders how much further she can go in a delightful remarkably funny coming of age novel that offers an acute portrayal of America as seen through the eyes of a perceptive young immigrant Humorous and affecting Library Journal Exceptional Los Angeles Times Her characters are painted so vividly you can almost hear them bickering The New York Times

A Two-Colored Brocade Annemarie Schimmel, 2014-02-01 Annemarie Schimmel one of the world s foremost authorities on Persian literature provides a comprehensive introduction to the complicated and highly sophisticated system of rhetoric and imagery used by the poets of Iran Ottoman Turkey and Muslim India She shows that these images have been used and refined over the centuries and reflect the changing conditions in the Muslim world According to Schimmel Persian poetry does not aim to be spontaneous in spirit or highly personal in form Instead it is rooted in conventions and rules of prosody rhymes and verbal instrumentation Ideally every verse should be like a precious stone perfectly formed and multifaceted and convey the dynamic relationship between everyday reality and the transcendental Persian poetry Schimmel explains is more similar to medieval European verse than Western poetry as it has been written since the Romantic period The characteristic verse form is the ghazal a set

of rhyming couplets which serves as a vehicle for shrouding in conventional tropes the poet's real intentions. Because Persian poetry is neither narrative nor dramatic in its overall form its strength lies in an architectonic design each precisely expressed image is carefully fitted into a pattern of linked figures of speech. Schimmel shows that at its heart Persian poetry transforms the world into a web of symbols embedded in Islamic culture. *Delhi* Khushwant Singh, 1990 Travelling through time space and history to discover his beloved city the narrator of this novel meets a myriad of people poets and princes saints and sultans temptresses and traitors emperors and eunuchs who have shaped and endowed Delhi with its very mystique
