Jewell,2023-11-07 In the financial chaos of the last few decades increasing wealth inequality has shaken people s expectations about middle class stability At the same time demographers have predicted the browning of the nation s middle class once considered a de facto white category over the next twenty years as the country becomes increasingly racially diverse In this book Joseph O

Jewell takes us back to the turn of the twentieth century to show how evidence of middle class mobility among Black Mexican American and Chinese men generated both new anxieties and varieties of backlash among white populations. Blending cultural history and historical sociology, Jewell chronicles the continually evolving narratives that linked whiteness with middle class mobility and middle class manhood. In doing so, Jewell addresses a key issue in the historical sociology of race: how racialized groups demarcate, defend, and alter social positions in overlapping hierarchies of race, class, and gender. New racist narratives about non-white men occupying middle class occupations emerged in cities across the nation at the turn of the century. These stories helped to shore up white supremacy in the face of far-reaching changes to the nation's racialized economic order.

**John A. Snowshoe Thompson** Frank Tortorich, 2015-09-01. John A. Thompson was born in Norway in 1827. His family emigrated to the U.S. just ten years later, and by 1851 John was a young man ready to try his luck in the gold fields of California. While he undoubtedly brought enthusiasm and determination with him to his new home, he also brought with him something the people of that region had never seen before: skis. Unfamiliar with the long thin strips of wood he strapped to his feet, people called them snow shoes, and Thompson acquired a nickname. Of the many interests he pursued in the years that followed—as a farmer, rancher, guide, trader, Indian agent, and politician—the thing Thompson is remembered most for was his service as a dependable mail carrier who made record time traversing the Sierra Nevada on those snow shoes, carrying the winter mail and keeping the lines of communication open for those who lived in the region. This is his story. Frank Tortorich captures the fortitude and stamina of this legendary Norwegian American, whose strength and perseverance serve as a role model for today's youth. Snowshoe and the historic town of Genoa are grateful.

Sue Knight, Friends of Snowshoe Thompson. The author's knowledge and understanding of the Sierra emigration era serves as a background for what he has been able to express in this book. Tusen takk, Nina MacLeod.

**Caveat Lector**: let the reader beware. Frank Tortorich's gripping account of the legendary life, legacy, and accomplishments of John Snowshoe Thompson is most captivating, and his excitement, enthusiasm, and interest in California pioneers and Gold Rush history are contagious.

Ken Johnston, author of *Legendary Truths*; Peter Lassen and His Gold Rush Trail in Fact and Fable.

Mail by the Pail Colin Bergel, 2000. A young girl learns how the birthday card she makes for her father will get to him as he works on a freighter carrying coal on Lake Michigan.
