## Mail Nudes Postcard:

**The Postcard's Radical Openness** Mariluz Restrepo, 2024-04-05 The Postcard's Radical Openness offers a groundbreaking exploration of what this multifaceted double sided open card entails and how it has affected our being in the world. With a holistic approach it focuses on studying the postcard's specific way of being and performing a particular ontology that opens up what is constitutively implicated in such an apparently trivial artifact. The book organized into four parts meticulously unveils the postcard's political, technological, aesthetic and ethical dimensions ending with a coda correlating the postcard's radical openness to G. Klimt's painting *Nuda Veritas* 1899 in reference to the scope of truth. By examining the postcard's complex worldwide history, its socio-cultural significance and its global effect, the book reveals hidden stories shedding light on its impact on photography, printing, marketing, trade and business practices and exposes the aesthetic, communicative and ethical qualities that lie behind the enormous success of postcards at the turn of the 20th century. This comprehensive study is positioned as a thought provoking invitation to scholars and students interested in material culture, media studies and human interactions as well as to history enthusiasts, art lovers and postcard collectors. Offering a distinctive contribution, the book not only fills a void in the literature but also encourages readers to question and reflect on the transformative power inherent in the postcard's radical openness, presenting a novel and unparalleled analysis of this seemingly trivial yet culturally significant object.

**PostSecret** Frank Warren, 2005-11-29 The project that captured a nation's imagination. The instructions were simple but the results were extraordinary. You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession or childhood humiliation. Reveal anything as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative. It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places asking people to write down a secret they had never told anyone and mail it to him anonymously. The response was overwhelming. The secrets were both provocative and profound and the cards themselves were works of art carefully and creatively constructed by hand. Addictively compelling, the cards reveal our deepest fears, desires, regrets and obsessions. Frank calls them graphic haiku, beautiful, elegant and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon exposing our individual aspirations, fantasies and frailties, our common humanity. Every day dozens of postcards still make their way to Frank with postmarks from around the world touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal and beautifully intimate secrets Frank Warren has received and brilliantly illuminates that human emotions can be unique and universal at the same time.
