*Choice* ,1994      Novai[a] literatura po sot[s]ial'nym i humanitarnym naukam ,1994      **Subject Guide to Books in Print** ,1997      Novaia sovetskaia literatura po literaturovedeniiu ,1994      *Joyce, "Penelope" and the Body* Richard Brown,2006 Joyce Penelope and the Body is a collection of twelve essays about Penelope the famous final episode of Joyce s Ulysses in relation to contemporary literary cultural philosophical and psychoanalytical theories of the body As such it offers an unusually close look at that episode itself and it also becomes the very first book on Joyce that takes the idea of the body as its announced central theme The contributors represented here come from England Ireland Europe and North America and they include some of the best established critics of Joyce alongside newcomers to academic publication The essays include an encouraging diversity of approaches but they have in common a marked intellectual ambition a surprisingly fresh and innovative approach and above all a devoted fascination for Joyce s text Taken together they offer much new potential for the reading of Joyce and Modernism and a range of possibilities for understanding the body and its representation through language and in culture that have resonances across the cultural sphere      **The Anti-Hero in the American Novel** D. Simmons,2014-11-18 The Anti Hero in the American Novel rereads major texts of the 1960s to offer an innovative re evaluation of a set of canonical novels that moves beyond entrenched post modern and post structural interpretations towards an appraisal which emphasizes the specifically humanist and idealist elements of these works      *Envisioning Africa* Peter Edgerly Firchow,2014-07-11 For one hundred years Heart of Darkness has been among the most widely read and taught novels in the English language Hailed as an incisive indictment of European imperialism in Africa upon its publication in 1899 more recently it has been repeatedly denounced as racist and imperialist Peter Firchow counters these claims and his carefully argued response allows the charges of Conrad s alleged bias to be evaluated as objectively as possible He begins by contrasting the meanings of race racism and imperialism in Conrad s day to those of our own time Firchow then argues that Heart of Darkness is a novel rather than a sociological treatise only in relation to its aesthetic significance can real social and intellectual historical meaning be established Envisioning Africa responds in detail to negative interpretations of the novel by revealing what they distort misconstrue or fail to take into account Firchow uses a framework of imagology to examine how national ethnic and racial images are portrayed in the text differentiating the idea of a national stereotype from

that of national character He believes that what Conrad saw personally in Africa should not be confused with the Africa he describes in the novel *Heart of Darkness* is instead an envisioning and a revisioning of Conrad's experiences in the medium of fiction
