The Main Trends in Modern Linguistics Maurice Leroy, 1967 **main Trends in Modern Linguistics** Maurice Leroy, 1967 Major Trends in Theoretical and Applied Linguistics 3 Nikolaos Lavidas, Thomai Alexiou, Areti Maria Sougari, 2014-02-10 In the three volumes of Major Trends in Theoretical and Applied Linguistics the editors guide the reader through a well selected compendium of works presenting a fresh look at contemporary linguistics Specialists will find chapters that contribute to their fields of interest and the three volume collection will provide useful reading for anyone interested in linguistics The first volume explores theoretical issues dealing with phonetics phonology and syntax semantics morphology Volume two is organized into three main sections that examine interdisciplinary linguistics discourse analysis gender and lexicography language acquisition and language disorders Finally volume three focuses on applied linguistics both language teaching learning and education **Main Trends in Modern Linguistics** Maurice Leroy, 1982-01-01

Current Trends in Historical Sociolinguistics Cinzia Russi, 2016 The volume collects original studies highlighting contemporary trends in historical sociolinguistics as well as current research on the relationship between sociolinguistics and historical linguistics social motivations of language variation and change and corpus based studies Distinctive features of the book which make it appealing to a wider audience are the interdisciplinary nature of the chapters and the range of languages addressed Current Trends in Textlinguistics Wolfgang U. Dressler, 2014-11-21 No detailed description available for Current Trends in Textlinguistics **Main Trends in the Science of Language (Routledge Revivals)** Roman Jakobson, 2014-06-23 First published in Great Britain in 1973 Main Trends in the Science of Language was part of a series of books that resulted from a study carried out by UNESCO in collaboration with national and international research centres in the social sciences as well as with groups of individual scholars The book examines the position of linguistics in the years surrounding the publication of the book before considering the subject's potential future development It looks at linguistic vistas the place of linguistics among the sciences of man and linguistics and natural sciences This book will be of interest to the educated reader research workers and professional associations as well as to national and international institutions that organize plan and finance scientific research Trends in South Asian Linguistics Ghanshyam Sharma, John J. Lowe, 2021-11-08 The field of South Asian linguistics has undergone considerable growth and advancement in recent years as a wider and more diverse range of languages have become subject to serious linguistic study and as advancements in theoretical linguistics are applied to the rich linguistic data of South Asia In this growth and diversity it can be difficult to retain a broad grasp on the current state of the art and to maintain a sense of the underlying unity of the field This volume brings together twenty articles by leading scholars in South Asian linguistics which showcase the cutting edge research currently being undertaken in the field and offer the reader a comprehensive introduction to the state of the art in South Asian linguistics The contributions to the volume focus primarily on syntax and semantics but also include important

contributions on morphological and phonological questions The contributions also cover a wide range of languages from well studied Indo Aryan languages such as Sanskrit Hindi Bangla and Panjabi through Dravidian languages to endangered and understudied Tibeto Burman languages This collection is a must read for all scholars interested in current trends and advancements in South Asian linguistics **Current Trends in Corpus Linguistics** José Luis Oncins Martínez, 2020-09-16

This book shows how corpus linguistics and discourse analysis can benefit from the cooperation with a variety of other language related disciplines such as cognitive linguistics appraisal theory corpus stylistics and cultural studies From different perspectives each chapter will contribute to the understanding of the importance of corpus linguistics as an outstanding tool for the study of language both alone and in combination with other academic and scientific disciplines
