## **Main Bitch:**

Cassell's Dictionary of Slang Jonathon Green, 2005 With its unparalleled coverage of English slang of all types from 18th century cant to contemporary gay slang and its uncluttered editorial apparatus Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998 Brilliant said Mark Lawson on BBC2's The Late Review This is a terrific piece of work learned entertaining funny stimulating said Jonathan Meades in The Evening Standard But now the world's best single volume dictionary of English slang is about to get even better Jonathon Green has spent the last seven years on a vast project to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible This has entailed trawling through more than 4000 books plus song lyrics TV and movie scripts and many newspapers and magazines for relevant material The research has thrown up some fascinating results *Why does the side piece go harder than the main woman in his relationship?* TJ Clemons, This is a heavily debated topic of conversation in our society I have written several books about the side chick experience from various different points of view And now in 2021 the mistress is still relevant because she provides her man with in some cases unlimited access to her love and affection in the physical and emotional form of expression It is a very intimate and mutually beneficial expression of the feelings that they share together in confidentiality which creates a bond of trust and exclusivity These types relationships usually go on for many years to the 3 3 point where his family members may even grow to accept his other woman in social circles She becomes very familiar with his friends and family and in some cases his children They may even accept her as part of their grooming process and the overall family experience This is often a complicated union that has been formed out of sheer necessity It may have started off as a physical relationship but over time it can transform into a loving fully functional affair of the heart Some men even eventually go on to marry the woman on the side but that is in very few instances Most of the time she is there waiting for 4 4 him to leave his marriage or serious relationship for years as he gives her excuse after excuse for why he needs more time to make it happen while she hangs on to their illusion of an actual future together It is like the proverbial game of cat and mouse She is usually the cat chasing her prized mouse but somehow he always finds a way to outmaneuver her predatory advances He is a very skilled rodent in his ability to escape capture It often becomes a game and a battle for his undying affections by both his main woman and the sidepiece This is the world that we live in and it's not going to change 5 5 anytime in the near future So let us examine these often complex chain of events that has lead us here in the first place It's all about him at this point in the scenario He is the male equivalent of the grand prize winning lottery ticket that both of these women want to cash in and enjoy the rewards of He has fully captured their undivided attention And they are like feline predators on the prowl for his catnip They are circling each other in the heat of every moment ready to pounce and protect their territories with their very existence in his world He has created the perfect storm and climate for his survival And he is 6 6 fighting to keep the delicate balance of his rise to power in his kingdom He

controls their thoughts and movements with precision as long as he positions one against the other while keeping the focus off of him and his actions of lustful indiscretions He is the master of his universe and the decision maker that keeps the balance of his power in check And he will tell them whatever they want to hear as long as he benefits with continued success in his conquest of their emotional and physical admiration He is the captain on both of their ships navigating them with his sexual competency 7 7 Now we must get to the heavily debated topic at hand Which woman is outperforming the other woman in the battle for his attention and acceptance This is where things start to get complicated and confusing at times And to those of us looking at their scenario from the outside may want to voice our opinions but the only outlook that really matters are the ones of the individual players in this game of romantic conquest It reminds me of a game of chess but the addition of the third party then complicates this 3 way connection in so many different ways especially when children are added to the equation It then 8 8 becomes a complicated word problem that none of them can solve by simply plugging in the numbers because so many complex emotions are wrapped up in a dramatic set of events that will eventually come to a theatrical conclusion which is being played out in real time right before our very eyes At the end of the day it is what it is and only the people involved are then able to make the best decisions for their own personal reasons This is a social commentary based on what people think about it based on their individual life experiences so be prepared for the expected and the unexpected observations and outlooks
