Holloran,2017-05-01 New England the most clearly defined region in the United States includes the six states of Connecticut Maine Massachusetts New Hampshire Rhode Island and Vermont First colonized by the French in 1604 and the British in 1607 the New England colonies were the first to secede from the British Empire and were among the first states admitted to the union No region has claimed more presidents as native sons seven or produced more men and women of exceptional accomplishment and fame Many Americans see New England as a touchstone for the founding ideas of the nation and the region served as a source of inspiration for many artists and writers This second edition of Historical Dictionary of New England contains a chronology an introduction appendix and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities places institutions and events This book is an excellent resource for students researchers and anyone wanting to know more about New England Children of the Northern Forest Jamie Sayen,2024-01-05 This no holds barred narrative of the failure of conservation in northern New

England's forests envisions a wilder more equitable lower carbon future for forest dependent communities Jamie Sayen approaches the story of northern New England's undeveloped forests from the viewpoints of the previously unheard the forest and the nonhuman species it sustains the First Peoples and in more recent times the disenfranchised human voices of the forest including those of loggers mill workers and citizens who like Henry David Thoreau wish to speak a kind word for nature From 1988 to 2016 paper companies sold their timberlands and closed seventeen paper mills in northern New England Policy makers ceded veto power to large absentee landowners who tried to preserve the status quo by demanding additional tax cuts and other subsidies for economic elites They vetoed measures designed to restore and preserve forest health at present about half of the former industrial forests are classified as degraded and the regional economy continues to be trapped in low value commodity markets This book operates as a case study of how a rural resource region can respond to a global economy responsible for climate change habitat loss and degradation and environmental injustice Sayen offers a blueprint for restoring vast wildlands and transitioning to a lower carbon high value adding local economy while protecting the natural rights of humans nonhumans and unborn generations **Becoming Teddy Roosevelt** Andrew

Vietze, 2010-04-16 This inspirational tale of friendship and determination also sheds new light on the role of the mentor's mentor Discover why this friendship was so crucial to Roosevelt's development as a man and a president and why it still matters today **In Armageddon's Shadow** Greg Marquis, 2000 The United States had important ties with Canada's

Maritime Provinces that were profoundly shaken by the American Civil War Drawing extensively on newspaper reports personal papers and local histories Greg Marquis captures the drama of the times effectively putting the reader into the thick of the action In Armageddon's Shadow highlights Maritime support for the beleaguered Confederacy and the grave implications this had on race relations in Canada Marquis details the involvement of maritimers in running blockades and recounts the experiences of some of the thousands of men from Nova Scotia New Brunswick and Prince Edward Island who served in America's bloodiest conflict Book jacket **Amateur Movie Making** Martha J. McNamara, Karan

Sheldon, 2017-06-20 A compelling regional and historical study that transforms our understanding of film history Amateur Movie Making demonstrates how amateur films and home movies stand as testaments to the creative lives of ordinary people enriching our experience of art and the everyday Here we encounter the lyrical and visually expressive qualities of films produced in New England between 1915 and 1960 and held in the collections of Northeast Historic Film a moving image repository and study center that was established to collect preserve and interpret the audiovisual record of northern New England Contributors from diverse backgrounds examine the visual aesthetics of these films while placing them in their social political and historical contexts Each discussion is enhanced by technical notes and the analyses are also juxtaposed with personal reflections by artists who have close connections to particular amateur filmmakers These reflections reanimate the original private contexts of the home movies before they were recast as objects of study and artifacts of public history

Women of the Dawn Bunny McBride, 2021-08-05 *Women of the Dawn* tells the stories of four remarkable Wabanaki Indian women who lived in northeast America during the four centuries that devastated their traditional world. Their courageous responses to tragedies brought on by European contact make up the heart of the book. The narrative begins with Molly Mathilde 1665-1717, a mother, a peacemaker, and the daughter of a famous chief. Born in the mid-1600s when Wabanakis first experienced the full effects of colonial warfare, disease, and displacement, she provided a vital link for her people through her marriage to the French baron of St. Castin. The saga continues with the shrewd and legendary healer Molly Ockett 1740-1816 and the reputed witchwoman Molly Molasses 1775-1867. The final chapter belongs to Molly Dellis Nelson 1903-1977, known as Spotted Elk, a celebrated performer on European stages who lived to see the dawn of Wabanaki cultural renewal in the modern era.

Maine Christian P. Potholm, 2011-12-16 *Maine: An Annotated Bibliography* is a look at the Maine Experience from its historical, political, social, and literary perspectives. It provides readers an overview of over four hundred books written about Maine, including the perspective which they provide. Topics such as *The Wild Wild East*, *Ethnicity Matters*, *Women in Maine*, and *Maine in the Civil War* stimulate the imagination and provide the most comprehensive synopsis of writing about Maine available.

Birth, Death, and a Tractor Kelly Payson-Roopchand, 2015-06-15 Once there were no stone walls. For the fiercely idealistic Yankee homesteader, a small family farm was worth fighting for, and the rocky soil yielded far more than walls. Cleared and plowed, it fed a family and provided a living. Oxen gave way to horses, horses to tractors, and still the farm persisted, and the family persevered, each generation overcoming the challenges of their day. Two hundred years later, the farm, ever generous in its rewards, has not changed, but society has shifted, forgetting its connection to the land that nourishes us. It is time we remembered. *Birth, Death, and a Tractor* is the story of a small family farm in Somerville, Maine, from its settling in the early 1800s to its perilous transfer to a new farm family in 2008. Chronicling the history of seven generations, it is a reminder of the role small farms have played in our national and family histories and a challenge to find innovative ways to re-connect our communities to this rich but threatened resource.

An Exemplary Whig David M. Gold, 2012-07-06 *An Exemplary Whig* examines the life and thought of Edward Kent, a nineteenth-century state political leader and judge and Maine's quintessential Whig. It reveals Kent's characteristically conservative Whig aversion toward disorder and his deep respect for law, existing institutions, and the wisdom of experience. David Gold shows how Kent carried the Whig persuasion into the Republican ascendancy and the beginnings of the Gilded Age.

Maine to Greenland Wilfred E. Richard, William Fitzhugh, 2014-08-05 *Maine to Greenland* is a testament to one of the world's great geographic regions, the Maritime Far Northeast. For more than three decades, William W. Fitzhugh and Wilfred E. Richard have explored the Northeast's Atlantic corridor and its fascinating history, habitat, and culture. The authors' powerful personal essays and Richard's stunning photography transport readers to this vibrant region, joining Smithsonian archaeological expeditions and trekking in vast and amazing terrain. Following Fitzhugh and Richard's travels north from Maine to the

Canadian Maritimes Newfoundland and northern Quebec then to Labrador Baffin and Ellesmere islands and Greenland we view incredible landscapes uncover human history and meet luminous personalities along the way Fully illustrated with 350 full color photographs Maine to Greenland is the first in depth treatment of the Northeast Atlantic corridor and essential for armchair travelers locals tourists or anyone who has journeyed there Today green technology climate change and the opening of the Arctic Ocean have transformed the Maritime Far Northeast from an icy frontier into a global resource zone and an increasingly integrated international crossroads In our rapidly converging world we have much to learn from the Maritime Far Northeast and how its variety of cultures have adapted to rather than changed their environments during the past ten thousand years Maine to Greenland is not only a complete account of the region's unique culture and environment but also a timely reminder that amidst the very real consequences of climate change the inhabitants of the Maritime Far Northeast can show us grounded and sustainable ways of living
